L-61 [Blank.spot.on.tape--Ed.] All right. What say? There's one missing in the line. Prayer card number 14.

[Blank.spot.on.tape--Ed.] Now, remember, every one remember this: There is nothing in any man that can heal you. Healing is already purchased; it's a redemptive blessing of the Lord Jesus Christ. "He was wounded for our transgressions, with His stripes we were healed," past tense. Only thing you have to do is reach up and believe it.

And now, if Jesus... To the newcomers, if Jesus will come to His Church here... Now, you have to do it; it's your faith. Remember, the woman that touched His garment felt virtue, but the one who put a--a rag around His head and hit Him on the head with a stick and said, "Now, if you'll prophesy, or tell us who hit you." He didn't get any virtue. No, Jesus never said nothing to him. But if Jesus will come and do the same things that He did when He was here on earth, will you believe with all your heart?

Now, how many out there doesn't have a prayer card, and you're believing that Jesus is going to make you well tonight, raise your hand, say, "I'm praying, Brother Branham."? God bless you. Just look this way and believe. Remember He... Jesus... everywhere... [\[Isaiah 53:5\]](#), [\[Mark 5:27-30\]](#), [\[Luke 22:64\]](#)

from you. If I was in your place, I'd stand up on the cot--and off the cot, and accept my healing, and believe, and have faith in God.

And the rest of you, whatever's wrong with you, the whole things fading out. It looks real like getting milky all around. Put your hands over on each other. You're going... Here It is. This is it. There it goes. Oh, Satan, you are defeated. Jesus Christ, the omnipotent, the Almighty God...?... all these people healed. Come out.

Stand up, with anemia condition, female. Stand upon your feet. Stand right here, just a minute.

L-102 Come, lady. You just take your same place, 'cause you have that same condition, anemia. Just stay right there just a minute. Just keep standing to your feet; you're going to see something in a moment.

If them demons out there are screaming here for help. If it has to leave here, it's defeated out there too. Have faith. Does thou believe? If thou canst believe, all things... Just remain right there.

Arthritis and things is easy for Jesus to heal, isn't it? You believe it? Now, all that's got arthritis raise your hand out there. Just remain to your feet, you that can; you that can't hold your hand over your heart. Have faith in God. Same thing. It's moved right in behind you, had the same thing. Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] [\[Mark 9:23\]](#), [\[Mark 11:22\]](#)

L-103 I believe something now is to happen. The lady... Here, It's right over a lady. It's moving right down here. Have faith, believe. Bring the patient.

Come here, lady. Do you believe me to be... Just a moment. I just catch at the same time... How many suffers with heart trouble, stand on your feet with heart trouble. This woman has heart trouble too. Have faith. Stand here just a moment. Believe it.

Come. Is it the baby, sister? Turn it around here. All right. Move back and the asthmatic condition, coughing... All with asthmatic trouble stand on your feet just a minute. Will you do it? Just a minute.

L-104 What's in your hand? Satan's defeated. He's exposed, Christians. What about it? None of you are trying to get up off that cot, the devil robbing you. It's a mental condition. The devil says it's a mental condition. Don't you believe him. Jesus Christ defeats a mental condition. He runs the devil

L-62 All right. Is this the patient, the lady? Get over there so you can help them.

Howdy do, lady. Now, I want your undivided attention for a few moments. The brethren will watch me. And to the one who believes that it's scientifically, this is another dimension. To the Christian, it's another sphere of the Holy Spirit. It's only the same Holy Ghost that saved you young convert. It's yielding yourself to Him.

Now, when it happens, I don't know where I am at that time. I'm in somebody's life somewhere else talking. So now, you be real reverent; don't move around for a few moments. Then we'll... They'll close the service, quickly, as soon as the Holy Spirit gets over the audience and begins to bless the people. Now, here stands a lady. I have never seen her in my life. I guess we're strangers, are we lady? If we're a stranger, would you just hold up your hands to the audience? I have never seen the lady. She probably come in here awhile ago, and when they was giving out the prayer cards, somebody give her a card, and she was... Her number just happened to be called and be the first one. We don't know. Sometimes we call from just anywhere along the line, just... Tomorrow night we'll call from somewhere else, and doesn't matter, just get the people up here.

L-63 Now, you're aware that I know nothing of you. Is that right? Perfect strangers... But you know that Jesus knows all about you. He knows about me. And you're being a lady, me a man, both of us Christians, you are a believer, and then... Now, how would I know that you was a believer? See? The same way that when Philip went and found Nathanael and brought him to Jesus. Jesus said, "Behold an Israelite, in whom there is no guile."

He said, "How'd You know me, Rabbi?"

He said, "Before Philip called you, when you were under the tree, I saw you."

What would the world say about it? Or what would Los

Angeles say about that tonight? Mental telepathy, or spiritualism, or... They said the same thing then; they said He was Beelzebub. But what would that man who the miracle was done on, Nathanael, he said, "You're the Son of God, the King of Israel." [\[John 1:47-49\]](#)

L-64 Well, now, my contentions are, sister, that Jesus raised from the dead. And the reason that I knowed you was a Christian, because you believe me, and you've got a Christian Spirit. I know it moving between us. If it wasn't, it'd turn dark, and it'd be refused. But you are a Christian believer, a born again Christian. That's right. And I can tell that by the feeling of your spirit. But now, we're standing... You being the first person, we're talking just like our lovely Lord Jesus talked to a woman one time. You remember at the well, He talked to her until He found just where her trouble was. She had a trouble, didn't she? And He found where her trouble was. And when He found her trouble, He told her about it, and said, "Go, get your husband."

She said, "I have none."

Said, "That's right, you got five." [\[John 4:16-18\]](#)

L-65 Now, she said, what was her words? "I perceive that You are a prophet." And watch what she said. And I want the audience to get this. "We know that when the Messiah cometh..." You believe Jesus was the Jewish Messiah of God? "We know that when Messiah cometh, He will tell us all these things." But she didn't know Who He was. Said, "Now, You must be a prophet, 'cause You don't know me, and how do You know what's wrong with me, unless You be a prophet? Now, when the Messiah cometh, these will be the Messiahic signs." If that was the Messiahic sign in His day, and He's the same yesterday, today, and forever, it's the Messiahic sign today. Is that right? "When Messiah cometh, He will tell us all things, but Who are You?"

He said, "I am He that speaketh." And upon this she left her water pot and went into the house. [\[John 4:19, 25-26\]](#), [\[Hebrews](#)

Let us say, "Thanks be to God." [Congregation says, "Thanks be to God."--Ed.]

L-100 Come, little lady. I want to ask you something. Look here just a moment. Let me see... Turn around towards the audience. There's just about sixty percent of this audience suffering with the same thing you have. It's just coming like one big blast from the audience. You're nervous, aren't you, sister? You just can't hold yourself together at times. Sometimes you think you'd almost take your own life; you wonder what's going to happen. And in your religious experience and so forth, you've never been satisfied just exactly. You've always wondered what was... That's right. It's true.

And you've wanted a closer walk with Him. And then sometimes Satan has told you, just recently, when you're in the room by yourself, said, "You've crossed the line." I'm not reading your mind, but that's true, isn't it? See? He lied to you, sister. You're healed right now. See? You don't have to...?... You go rejoicing. And, God, may this demon curse that's been on this child come out and leave, and may she be filled with Your Spirit in Jesus' Name. Amen.

L-101 Have faith. Now, you... You really don't have to be prayed for. You had the same thing. You see? It's nervous trouble is bothering you. Let me show you something. Everybody bothered with nervous trouble, raise up your hand out there. See it? God bless your... Jesus Who can heal right here can heal right there. Don't you believe it? Everybody with nervous trouble stand upon your feet just a minute.

I see something. Stand here just a moment. Come here. Just remain standing. Do you believe? If I be God's prophet, and I've represented Jesus right, and claim that He gave a gift that I yield myself to Him, and your faith can tell me what's wrong with you, would you believe it? Anemia condition and a lady's condition. Now, everyone out there that's got anemia, stand to your feet, just everyone in the building.

here, tell him where he's at praying, He's praying, and God has heard his prayer. He's appeared here before me in the tent. God knows I know nothing about his family, but there it is. Something happened to his family just then.

Mr. Ekberg was dying; he was going down in a plane; he called on the Lord. I was setting in a mountain, hunting, and God gave me a vision to pray for him. The landing gears come down in the plane, where they had been stuck, and he landed safely, safely. Only believe. Have faith.

Is the patient, what is it... [A brother says, "Mr. Ekberg is over here--Ed.] Oh, Mr. Ekberg. Was you in the line, brother? Don't--don't fear no more. Go away. It's all right. You were praying. Was whatever he said true? It's true? God bless you then.

L-99 Come. Do you believe? You got a real nervous condition. It's causing you to have many things wrong. One thing is the 'gurgitation in your stomach. You got stomach trouble. It's caused from a nervous condition. Your foods, greases and things, certainly doesn't agree with you. That is true. Do you believe now? I'm getting very weak. Would you just come here? Father, I bless the woman who Thou... doesn't... do this miracle on. May she be healed in Jesus' Name. Amen. Don't doubt; just believe.

Would you come, lady? [Brother Branham speaks to someone. "Just don't leave too far."--Ed.] Just a moment, sister. You believe with all your heart? Will you accept me as His servant? Now, the Angel said, "If you get the people to believe you..." That's not believe me as Them, God, the Holy Ghost, but believe that They sent me. See? That's the only way I could help you, for you to believe me. If you don't have faith to believe that I've told the truth about the Lord, I couldn't help you. If you believe that, then I can help you. [Sister says, "I believe."--Ed.] You do? Then you won't have female trouble no more...?... Now, you can go and be made well.

[13:81](#)

L-66 Why was He talking to her? Now, the Scripture doesn't say. But from observation, from dealing with spirits... And it's very little of flesh that I deal with; it's spirit, because it's the inside of the person. If it was something that I could do, I'd do it, but it's your soul that I deal with. And He was talking to her till He caught her spirit, and then the vision come. God told Him to go up there to Samaria. He was on His road to Jericho, but He went up to Samaria, said He had need. The Father sent Him up there, 'cause He said He did nothing 'less He showed Him. But He didn't know what was wrong with the woman. [\[John 4:4\]](#), [\[John 5:19\]](#)

L-67 Now, the Father sent me here to San Fernando Valley, put me here to preach the Gospel, and here you come. See? Now, the only way I know is to contact your spirit. And you being a woman, me a man, you a Christian, me a Christian, maybe you're in need of something, and the Holy Spirit is here as (and you His child) to help you to get what you come for. And that would only bring your faith up. Is that right? Does the audience believe that? That's the only... Now, not that I could heal, her faith has to do that. "Thy faith has made the whole."

Now, if God will reveal to me what you come here for, or something that you know I don't know, what... If something like that, you will believe it? Will the audience believe it and accept it? Now, may the Lord grant it. [\[Mark 5:34\]](#)

L-68 It's a little struggling like, preaching hard like that, and then turn around for anointing, because it's a different anointing. That makes me feel real good. I'm bringing in there; and this way it's giving out. See? There I'm preaching; it's the Holy Spirit blessing me. Here is your faith pulling God's... Just like the woman touched Jesus' garment, she pulled from Jesus what she needed out of God. That's what made Him weak (See?); virtue went from Him. And this is different. You see? One's bringing in; the other one's taking

out. And it's your faith that does it.

But now, to the audience, I only wish, and God knows I'm not a fanatic, but I wish you could only see what's taking place in front, right in my eyes now, as we're moving away, and I'm going with the woman. And I think that I... Maybe the audience can still hear my voice.

The woman is having a trouble of nervousness. She's very upset, bothered. And she's got a something wrong with her neck, and she's got a spinal trouble also that's bothering her in her spine: makes it so she stiffens and can't get up and down, and things, makes it hard on her. [\[Mark 5:30\]](#)

L-69 Now, to the audience, was that right, lady? Now, that wasn't me talking; I--I just; it's yielding to the Holy Ghost. Now, the more you talk to the woman, more will tell her. But just like, you stand here, oh, till God got finished talking. But if that would bring her faith up, which I--I don't know what it was wrong with her; I couldn't tell you right now; I don't know. I cou... only way I know is my friends hear on that tape. I know that It said something to her; I seen her doing something, but I don't know what it was. But let's just talk again, and...

Now, you're really believing now. I believe whatever was wrong with you, that you're--you're going to be well, because it's real light... Say, that's right, and I'm telling you...

L-70 Here's something that I see that's wrong with you. You have something wrong with your limb. It's your left limb. And I believe that was diagnosed as phlebitis; that's what he called it, phlebitis of your left limb. And there's somebody that you're interested in being prayed for. That's the man... That's your husband. Your husband is suffering with something wrong with his eyes, and he's got a gallbladder trouble and a rectal trouble. And you all are from this city called San Feran--San Fernando; that's where you're from. That's THUS SAITH THE LORD. That's all true, sister; go on your road rejoicing now, thanking God for His goodness to

praying? Because I was standing with you. Amen. [\[Ephesians 3:20\]](#)

L-97 Is this the patient? A young girl like this being a patient? How do you do young lady? You're a very fine little lady, but I perceive that you are a Christian. God, give us more girls like you: Christians. I wish I could do something for you, my young sister, to help you, but of course, I can't. I'm a man, but the Lord Who we serve can do it.

Now, Nathanael came to the Lord Jesus. He told him he was a believer too. In this day and time, and especially on this west coast here where so many young ladies live so carelessly, how did I know you was a Christian? The same reason that I know you're here for me to pray for you. And what you want me to pray for, is concerning a growth, and that's a lump over your side. That's true. Amen. Now, do you believe me now as His prophet?

May I say this to you to make you believe more. You're interested in two boys. That's right. One of them is a kind of a dope fiend; the other is a juvenile delinquent; and you're praying for those boys. Is that the truth, young lady? You've received what you ask for. Go, don't let your faith fail; God will be with you, my little sister, in the Name of the Lord Jesus.

L-98 Does thou believe? Strange, something happened then. I see standing here somebody that I know. Standing up in the air, it's a man. He's singing. It's one of the singers from here. It's Mr. Ekberg, and he's praying for somebody: that's a young girl. It's his daughter, and she's suffering with a female trouble. Don't fear, sir, if you're near. God will heal her. Amen.

I believe I seen Mr. Ekberg. Is he in the building? He's a man with glasses on, wearing a brown suit, Mr. Ekberg. I don't know him, but it was something wrong with some of his people. Is anybody here know it? Would you raise your hand, somebody know it? All right, that's fine. All right. If he's not

Him. Just have faith and believe.

L-94 If thou canst believe... Little lady, you'll never go blind. Your eyes are bothering you, setting there, but you wouldn't go blind if you believe the Lord Jesus. Is that right? You're praying for your eyes. The lady next to you, both of you got eye trouble. That's right. You don't wear glasses, but your... The nerves in your eyes seem to be deadening and you can't see; everything's blurred. Isn't that right? I see you trying to read a book, pushing it up and backwards, like this. Is that true? If it is, stand up, both of you, that's the condition of both of you. Now, may the Lord give you your sight is my sincere prayer.

Have faith in God. Just don't doubt, but believe and ye shall receive. If thou canst believe, all things are possible. Oh, how wonderful. [\[Mark 9:23\]](#)

L-95 Sir, He heard your prayer just then. Yeah, He really heard it. Hand over your face, setting right back here, gray suit on, you're all thrilled about something, but you have arthritis. That's right. You were praying about it then. You said, "Lord, let him speak to me."

I see you... A stomach trouble too, you been bothered with. That is right, sir. I see a woman standing by you, gray-headed, wearing glasses, she's just been healed. It's your wife, is in this meeting. That is right. Now, go home; your arthritis is finished. Your faith has saved you, my brother.

L-96 Doest thou believe? All things are possible. Have faith. If you can believe... He will give exceedingly, abundantly, above all that you could do or think.

Lady, when I was talking about eyes to this woman awhile ago, the second woman from the end up there, she's wearing glasses. You believe it happened then? Back here at the end, if you believe it, you can have what you ask for. Amen. Yes. I'm talking to you, setting there praying. Amen. See? How did He quote... How would I hear the same prayer that you're

you. God bless you.

If thou canst believe, you can receive. [\[Mark 9:23\]](#)

L-71 All right, would you come, lady? I just trust that God will be merciful now. Are you believing? With all your heart I want you to believe. Have faith. Now, the little lady standing here. I just want to talk to you a minute, sister. You're conscious something's going on. It's nothing to harm you; that's the blessed Holy Spirit between you and I. And now I see the lady is having some kind of a trouble. It's something like diabetes she's bothered with; it comes and goes. You get well and clears up, and then I see it goes back again. You're trying to accept your healing, and holding on for this diabetes. That's right. And you're--you're suffering with a terrible nervous condition, got you all upset all the time. Because...

L-72 And you're deeply interested in somebody. That's your husband that's unsaved, and you're praying for your husband. And say, a woman come with you, another woman that's with you. And she's got the same thing you have, upset, and nervous, and she's praying for her husband to be saved. That is right. THUS SAITH THE LORD. You believe? She calls you Ethel; that's your name. So you can go on your road now, rejoicing, and be made well. Amen...?...

Come believing. Don't doubt. Have faith. "If thou canst believe, all things are possible." Do you believe that? The Bible said, "If thou canst believe..."

Was that lady that just set down there, was that the lady on the prayer line? I seen something... Oh, it's the--the lady setting there has got something wrong with her side. You believe, lady, setting there, that Jesus will make you well and will heal you? Setting there on the front row, yes, the lady with the little hand up there with the gray hair. You believe that Jesus make you well? All right, then you can have what you asked for. God bless you. Go on your road, and rejoice, and be happy, and thanks be to God and praise Him for all of

His goodness.

You're praying hard, aren't you, brother? The brother setting there looking this way, he was praying, had his hands down. He's got a rupture, and he wants to be made well, also seeking the baptism of the Holy Ghost, also. You have received a blessing of God on you, my brother. Go and rejoice now, and be happy, you can be made well.

What did that? His faith, that's what does it. You look this way and believe. I challenge your faith, in the Name of Jesus Christ, to believe it. [\[Mark 9:23\]](#)

L-73 There's a little, gray headed woman setting right there now, suffering of a colon trouble, right on the end of the seat. That's right. Your faith touched Him just then, sister. I want you to stand up, the little gray headed woman. Now, it's over, you can go home, rejoicing.

Have faith in God, don't doubt, believe. For all things are possible to them that believe. Is that right? "If thou canst believe," Jesus said, "all things are possible." He's such a wonderful Lord Jesus.

Little, Spanish sister, you got something wrong with your leg. You believe that God will make you well? If you could believe it with all your heart, Jesus will make you well. Do you believe He will? All right, you can have what you asked for then. God bless you. [\[Mark 9:23\]](#)

L-74 Sinus trouble right there too. You believe that God will make you well? Put... When he put... When that lady put her hands on you, something struck your body, wasn't that right? That's when you were healed of the sinus trouble. God made you well. Amen. Just have faith; believe. "If thou canst believe, all things are possible." But you must believe. Just have faith; don't doubt at all.

Excuse me, sir. I want to talk to you just a moment. You believe that Jesus, the Son of God, could tell me what your trouble is? Would you accept it if--if He would? Well, you're standing here for somebody else, and it's a man. And that

forth. You have a stomach trouble and things that's bothering, because it's made him so nervous. That is right, isn't it, sir? You're healed. Christ makes you well. It's all Light around you. That's all you need is faith to believe.

L-92 How do you do, sir? I'm a stranger to you, sir. We do not know each other. I've never seen you in my life, but that... First time you ever saw me. All right. Now, if that is true, raise up your hand so the audience will see. First time we've ever met. And me not knowing you, yet God knows you. I--I don't... I have no way of knowing you; it's God that knows you.

But you're suffering from some kind of a coughing condition, asthmatic condition you have. And you also have a stomach trouble; you cough, it's a dry cough, but your stomach is... Oh, here's what it is. Sir, you need healing, but you need salvation too. That's right. You've been a drinker. I see you standing, drinking whiskey and drinks that you shouldn't drink. That's right. You're life--life is open before God. And I'll tell you something that you might know, to believe me to be His prophet. For the last week or two you been praying, trying to get right, haven't you? Well, your stomach trouble is gone; your sins are forgiven. Go and be baptized, calling on the Name of the Lord and you shall... God bless you, my brother. You are my brother now.

L-93 Don't come down 'less you--you confess your sins first. Amen. Just the same as the woman at the well, He knows your heart. Don't move. Believe.

How do you do, lady? We are strangers to each other. But God knows us both, doesn't He? You are suffering with a nervous trouble, and you have trouble in your neck also. That is true. You have a tumor; you have stomach trouble. I see you moving from a table, can't eat. You got ulcers. Now, something happened then, didn't it? A strange feeling come to you? Now, go eat. Don't doubt; you be made well. God bless you. You're entirely welcome. It's not me, sister; it's

prayer card. You don't need one, do you? See? It's already answered. See? You don't need any prayer card. It ain't the prayer card; it's your faith. Trying to get away from the prayer card situation, that has nothing to do with it, just a person standing here. Just be faithful and loving and loyal, and believe the Lord Jesus.

L-90 Yes, the lady standing before me is a Christian. And she's suffering with a--a blood pressure. And she's really nervous. And she's got a gallbladder trouble, and nervous, upset, brings her to a blood pressure. And there's something strange about you. You--you've accepted your healing once before on the same thing, but you got too haughty with it, like, and got away. And by the way, you are a--you're a missionary, or you've been an missionary.

And I see another man, and that's your husband. He was a Pentecostal preacher, but he's in glory. He's gone on. But he... And you're still got something in your mind. You are trying to figure out what you must do with the rest of your life. And you're trying to make a decision, and you feel that you're to go east of here, towards the eastern states, to finish your life in mission work. That's THUS SAITH THE LORD. That is true. What He said is the truth, is it? That wasn't me, that was Him. Every word true. It always is. Now go on your road rejoicing, and saying... [Sister says, "I had doubts about my healing, and I lost it."--Ed.] Now go, be humble and sweet, and Jesus will be with you.

L-91 Let's say, "Thanks be to God." [Congregation says, "Thanks be to God."--Ed.] Does thou believe? If you can believe, all things are possible.

Setting next to the usher there, you got trouble with your neck. You want Jesus to heal you? You believe Jesus will do it, sir? You do? Wonderful, isn't it? Sure is.

Say, the man setting right next to you, with the little girl there, has a--a trouble in the lower part of his body; prostate glands is making him nervous, getting up at night, and so

man has like a swelling; it's a dropsy. And he's your brother-in-law, and he lives farther north from here. He lives near a city called Fresno, but you're from San Diego. Uh-huh. Your wife is here. She's all nervous and upset, and she wants me to pray for your mother-in-law, doesn't she? Well, Mr. Baxter, you go put your hands on them and receive what you asked for, and be made well. [\[Mark 9:23\]](#)

L-75 If thou canst only believe... Don't you believe now? Aren't you willing to believe the Lord Jesus, all of His mercy and kindness to you? Oh, how wonderful. How good the Lord Jesus is.

You believe Jesus will heal you of that neck trouble? The lady setting there praying so hard, you was asking this in your prayer, "God, if You'll have Brother Branham to call me, then I will believe it." That's right. Isn't that your prayer? If it is raise up your hand. Now, you've received it; you can go on your road and be made well. Just have faith; don't doubt.

As you pointed... Think that rupture would leave back there? You believe right now, believe that God will heal you, sir, of the rupture? You pointed your finger over to it. All right. Do you believe that He healed you of it, brother? You believe that He does? The man right in behind the back part there, if you believe with all... Yes, all right, you can receive it then. Go and believe it. [\[Mark 9:23\]](#)

L-76 A woman of sorrow, burdens upon her heart... As the Holy Spirit now has full control, no secrets can be hid now. A woman standing here 'cause she's a believer. She's got someone in trouble; that's her husband. And that man has a--a condition of nervousness, and is in an institution, very bad. And he's calling for me to come pray for him. He keeps referring to you, "Have Brother Branham to come." He's a Christian man too. That's right. Let me have your handkerchief there. Almighty God, I condemn the devil, and ask for freedom. May the Holy Ghost watch over this handkerchief for it's intended purpose, as I send it for the

glory of God. Amen. And write the testimony to me. Fear not; have faith. [\[Acts 19:12\]](#)

L-77 We strangers to each other, I suppose, lady, but not to Him, are we? Now, you're in trouble, and you're standing here weeping, because that something's taking place. You realize now where you standing. Not... You're in the Presence of something besides your brother. You know that, don't you, lady? You're in the Presence of Him, the great Creator, and not your brother. Don't fear now.

I... you've been... something been wrong with you, but you've had TB, tubercular. You're suffering now with a--a nervous trouble, real nervous. Then you got a lady's trouble, which is causing you trouble, female, drainage, hurting in your left side, which is caused from this abscess that's on the ovary. You're also... You have a trouble with one of your legs, you're having trouble. And you got a bladder trouble. And you're up for an operation. Do you believe in His Presence? Jesus said, "These signs shall follow them that believe; if they lay hands on the sick they shall recover." You believe it?

Then, heavenly Father, to this poor little nervous woman standing here shaking, tears rolling down her cheeks, Satan has bound her in some may--way, Thou knowest. But I, in Your command tonight I come to represent Your vicarious suffering and death at Calvary, Who stripped and robbed Satan of every legal right he had, and he's only a bluff, and--and he's exposed tonight. He's lost his hold. And I condemn Satan, that's tormenting my sister, that you leave her, in Jesus Christ's Name. Amen.

Only the way as I did it, sister. You feel now it's all right. It is. See? The reason I did it, because you were so upset. Many times they receive it, but now, it's all over; you know that. So go, rejoicing, being happy, and thanking God. [\[Mark 16:17\]](#)

L-78 Now, I--I'm not reading the mind of the people. That comes in--in once in a while. Don't--don't believe that, my brother. I--I'm not. I don't--it don't have to... It ain't read...

for this, doesn't it? Well then, if the Messiah is resurrected, I'm telling the truth, and He's standing here beside of you... Messiah, the Spirit can tell through my lips, if you had faith enough to do it, to tell you what you're here for, like that woman was. Couldn't He? Will the audience believe it, if He does?

May He grant it is my prayer. Now, Lord, I'm trusting in You in Jesus' Name.

It's so hard after preaching to get the anointing of the Holy Ghost. But It's here. The same Angel you see on the paper is not two foot from where I'm standing.

The woman's suffering with a nervous condition. And she's also got something another, about putting a thing around the arm. It's a high blood pressure. She's got high blood pressure. You have stomach trouble also. And you got two tumors in here. That's true, isn't it? Now, you believe? Then go receive your healing. Jesus make you well.

L-89 Have faith; just don't doubt, but believe with all your heart that Jesus the Son of God has risen from the dead.

How do you do, lady. I'm certainly glad to get to see you. And may God be with you. I perceive that you are a Christian, right away. Now, I wish to speak to you just a moment, upon a subject. Not knowing you... A man appeared just on the scene of it... It's too young to be... 'less it was her son.

Just a moment. No. It's a lady setting right there praying for her unsaved husband, setting right back here. That's right. A young lady with a little black hat on, kinda got hair hanging down, she's got an unsaved husband she's praying for. She holds a handkerchief in her hand. That is right, lady, isn't it? Raise up your hand. That's true. Your faith, lady, is great. May God grant you your request. I believe He will. When you meet him, tell him that Jesus is speaking to him.

Now, I only... Now, you see what I mean? How...?... the lady. Did you have a prayer card, lady? You didn't have a prayer card? No. See, you'd never be called in the line without a

did through His Son at the well at Samaria...

L-86 The audience knows that when Jesus went up to Samaria, He set at the well, sent His disciples away, and a woman come out. She was a woman of Samaria. And He said, "Bring Me a drink." Did you ever read that? The audience ever read that? He was trying to get a conversation with her. She said, "It's not customary for Samaritans--or Jews to ask Samaritans such."

He said, "But if you know Who you was talking to, you'd ask Me for a drink."

Why, she went on with the conversation, "The well's deep..." Finally He was... What was He doing? Finding her spirit, the same thing I'm doing right here. She's German; I'm Irish. One was a Samaritan, and yet, He let her know they was no dividing lines. God loves all people.

Well, she said... [\[John 4:7-11\]](#)

L-87 He said, "Go, get your husband." He found her trouble. She was living illegally, unmarried. Said, "Go, get your husband."

She said, "I don't have any husband."

He said, "That's right. You got five."

Why, she said, "I perceive that You are a prophet." Now, listen here. Don't forget this. She said, "We know that when the Messiah cometh (that's Christ)... We're taught that when Messiah cometh, that He will do these things." What? Know the secrets of their heart like He knowed hers, know where her trouble was. That was the sign of the Messiah, is that right? Said, "We know when Messiah cometh, He will know these things, or tell us all these things. But she didn't know Who He was."

He said, "I'm He that speaks to you."

Then she run in, and said, "Come, see a Man..." [\[John 4:16-19, 25-26, 29\]](#)

L-88 Now, if He's the Messiah, has resurrected, you know I'd be unworthy or anybody else, but somebody has to be chosen

Here--here's woman standing here. Just take a hold of my hand, sister, just for a contact. If God will reveal to me what's wrong with the woman here without looking at her or anything, then it'll take all that doubt out of your mind? Do you speak English, lady? You here? Can you speak English? She speaks Spanish. Ask her if she'll believe if God will reveal to me what is wrong with her? Ask her.

L-79 She's got something in the blood. I see it dropping as... Or she's taking a--a... It's not. It's a--it's a insulin. She has diabetes. You don't... Can you speak that word? Tell her it's in her blood, she'll under... Uh-huh, uh-huh, yeah, diabetes, diabetes. Hold up your hand if that's right. You believe now? Go rejoicing. Gloria a Dios. My.

You believe? You're nervous. 'Course that's just the man of your age actually have that, little prostate trouble, what gets you up and so forth. And then you got arthritis. That's right. Now, you believe He makes you free now? Go on your road... straighten out your hands like this [Brother Branham claps his hands together--Ed.] and just take... That's it. God bless you; go just praising God.

Howdy do, sir. Do you believe God healed you of the kidney trouble while you were setting there and give Him praise for it? All right, go on your road rejoicing, and say, "Thank You, dear Jesus," and believe it.

L-80 All right. Will you come, sister. Now, wasn't it strange that as soon as I--I said "kidney trouble" to him, you felt the same thing leave you, kidney trouble? Now, go on your road rejoicing, and thank God for the goodness. You believe that with all your heart? Let's say, "Praise be to God." [Congregation says "Praise be to God."--Ed.]

All right, come. You also had a kidney trouble, and you had a lady's trouble, and it's gone from you now. Now, just go on your road rejoicing, and--and say, "Thanks be to God." Do you believe?

L-81 All right, come now. Let's you and I go up to Calvary for a blood transfusion for this anemia condition, and God will take it away from you. You believe it? In the Name of Jesus Christ, I ask for the blessings of God to touch my sister. Amen. Don't doubt now, go believing with all your heart.

Great, strong looking man, sir, but arthritis will soon have you on the bed. Do you believe that Jesus will make you well now. Then receive it. Go off the platform; raise your hands up-and-down; jerk your feet up-and-down, say, "I believe with all my heart."

Would you come, lady? Just a minute, can't get my breath right. (No, just stand here. Don't say nothing to the people; don't say nothing to them.) It's...?... The audience is getting such a faith; it's just moving our whole audience. I'm not a fanatic. It must be near the time, they're... Wait, let's have this woman up.

L-82 Howdy do, lady. You're next in line I see. You believe? With all your heart. If you believe Jesus to be the Son of God, and believe me to be His servant, His prophet, and the--believe the Divine gift comes from God, I do all I can to help you. And all I can do to help you would be offer prayer. That would be one thing. Another thing to tell you about Jesus, and Jesus could reveal to me what your trouble is, couldn't He? And you believe then if He'd do that that you'd be all right? You do? Then you can go, eat your supper. You had a ulcer in your stomach, old peptic ulcer, so go on your road, you're healed now. Jesus make you well.

Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.] I know it's time for me to go, for my boy here, is pushing me in the side, which means that I must go.

Will you believe with all your heart now? Will you just bow your head? God bless you.

(Paragraphs: 69 - 92)**

aged woman, probably a little old mother, gray-haired. Think about my mother at home, when I think of her. My mother's about that size. But my mother's almost a half Indian; she's... Her hair's coal black. But as like Indians do when they get a little old they get heavy. That may be somebody's mother, wearing a wedding band on her hand. Only God knows what's past through them old hands. They might've smoothed back the tears from a crying baby's eyes a many time. Years ago, maybe as a little girl, a mother might've picked her up and kissed her finger when she hurt it, rock her to sleep. That old mother's crossed over the border long ago. Maybe something's wrong with her today that a mother couldn't kiss away, but there's Somebody here Who can kiss it away.

I don't know her. I've never seen her. Don't even know if she speaks English or not; I don't know. You speak English, lady? You do? But you're really not English; you're German, aren't you? Uh-huh. That's right. Until I see you, "Auf wiedersein."

L-85 Me not knowing you and you not knowing me, I just left your land. Did you hear the story the little blind German girl getting her sight? At Karlsruhe, wonderful meeting, there was around fifty thousand in Germany come to Christ, the same as fifty thousand nearly in Switzerland come to Christ. Your people's all beat down over there. They got enough of Hitler. They want Christ now. They're lovely. They treated me like I was their brother. Thanks, Lord, is right.

You know, mother, me not knowing you, I wouldn't stand here... I'd feel too little as a gentleman to stand before an old person like you, a mother, and try to be a deceiver. I'd be honest enough to take this from around my neck and walk away from this building. I want to help you. I want to do something for you if I can, because you're a Christian. That's right.

You got a wonderful feeling to your spirit. It's already coming to meet me. And I know you're a Christian. And God knows your need, doesn't he? And if God will let me to you, like He

seen you in my life, I guess. But God knows you, doesn't He? Do you believe me to be His servant? The audience will accept the same thing? Then listen to what I tell you. God's attitude towards every one of you is the same. Just passing those people through, the more you talk to people, more you know them. If you just... Just a moment. Everyone be reverent.

L-92 Here's an elderly woman standing before me. Perhaps could be my mother at her age. I don't know her, never seen her: she a stranger to me. They were fixing to take me from the platform, but something told me to stop you just a minute. Oh, God told you today I was going to pray for you. He never lies. He can't. All right then. Let us see what He will tell you. Yes, ma'am. I see you moving away from a table. It's food you're rejecting, because you have a stomach trouble. And that stomach trouble is caused by a gallbladder. That's right, isn't it? A gallbladder leaking into it makes bitter and acids in your mouth and things from your food. That is the truth. It seems like there's somebody I see you with. It's a sister, and she's blind. And she's been that way for years. And you're wanting me to pray for her. If that's true, raise your hand? Then believe.

O God, be merciful I pray, and give this woman her desire, through Jesus Christ's Name. Amen. Go, receive what you've asked for.

And to you, my beloved brother and sister, do you believe that Jesus has risen from the dead? He's here, now. It--it's Him. He's here. [Blank.spot.on.tape--Ed.]... Word. The Creator of heavens and earth is in our midst tonight, not because I'm here. [Blank.spot.on.tape--Ed.]... You are Christians, believers. Won't you now accept Him?

55-1120 - Tent Meeting, San Fernando, CA (Paragraphs: 83 - 104)

L-84 ...?... Don't stir around. Set real still. Here stands an

L-70 All right. Now, we'll start praying for the sick. Now, how many again that wants to be healed and doesn't have a prayer card? Raise your hand, everywhere. God bless you. Now, I want you to do something. You look this a way, and believe with all your heart that Jesus Christ has risen from the dead, and believe that He's here tonight to do the exceedingly, abundantly, and you find out if He don't heal and do just exactly what He said He would do. Don't you believe that? Why, certainly He will. He's lovely. He's the Fairest of ten thousand. He's the Lily of the valley, and the Morning Star. And His grace is from everlasting unto everlasting; He is God. [\[Song of Solomon 2:1\]](#)

L-71 All right, let the lady come. Are we strange to each other, lady? We do not know each other. Is that right? Now, I want you, everyone, to be reverent. Please, just be real reverent. Set still. Just kindly watch this way. Pray with all your heart, "Dear God, be merciful to the people. And I'm so glad," if your a Christian say, "I'm so glad that I'm a Christian and serving You." Because all other religions, outside of Christian religion is false. Jesus is the only true and living God. Is... And He's the Son of God, He is. And He's the only One that is true, is our God. And we're so thankful to know that. All other people, the Buddha, and all those... He lived about twenty-three hundred years ago, he made a lot of things, but he died and went to the grave. And all them saints...

"Well, yours did to." Oh, no. Ours rose from the grave.

They'll say, "Prove it. Prove it."

He said, "The things that I do shall you also." Here's the proof of it. That's the reason my ministry is just about finished in America. I see that. When I was talking to Mister Arganbright, some of them today in this meeting, my meeting here going thousand of dollars in debt. I told him not to take up a love offering. Turn it right into this, and I'll send it in till it's paid for. That's right. When it comes time they won't, my

meetings won't support themselves, it's time for me to get back to Africa, India, or somewhere. See? Now, but as soon as they see the first thing done, they--they believe. [\[John 14:12\]](#)

L-72 Here stands a woman, a total stranger; I never seen her in my life. God knows that. We have no way of knowing one another, 'cause we've... This is our first time meeting. But God knows us both, doesn't He, lady? You are a Christian. Now, if--if this is just like... Just take my time with this woman a minute. If this woman here... This is exactly the same, pre-figure, as it was our Lord at the well. [Blank.spot.on.tape--Ed.]

Feel so humble when I say that. Thinking that, here before the purchase of His Blood, I'm making a statement like that with His Bible laying open. That's a great thing, isn't it, lady? And here we are, something has got to happen. I've either told the truth, or I haven't told the truth. Either Jesus is the resurrected Son of God, or He isn't the resurrected Son of God. Now, there it is, and probably twenty-five hundred, or three thousand people setting here waiting to find out whether it is or not.

L-73 Now, if I've represented It right, I have no fear, because I've represent Him by His Word, and what His Bible says. Now, the lady being, as I said, a stranger to me, not knowing her, never seeing her, then God would have to tell me what you're here for, if I'd ever know it. Is that right? And if He will, will you believe Him? I'm talking to you to catch your spirit, or to get your spirit to catch here. See? You're a Christian, and I'm a Christian; and we're standing here as brothers and sisters, and never met before. But the same Lord saved you, saved me.

Now, there's something you want from God. And you've come to me as His prophet, or servant, rather, to His servant. Now, by a Divine gift, I'm trying to help you. And the only way I can is yield myself to the Holy Ghost, and your faith pull, whatever it is, and God show me what it is, and I tell you.

Christ's Name. Amen. Go, believing, rejoicing.

L-90 Come lady. A little water in here. You believe, lady. If God will just tell me without speaking too long, I just can't hardly stand, will you--will you believe with all your heart? Then go home and believe your kidney trouble's left you; you'll be well.

Let's say, "Praise the Lord, for the goodness and mercy of our Lord Jesus." Thank you, sister.

All right. Would you come? Heart trouble's not hard for God to heal, is it, sir? You believe He'll make well? Then in the Name of the Lord Jesus, I bless him. And may it be so, for the glory of God. Amen.

Don't fear. Go, believing, my brother. You shall have what you've asked for.

Would you come, my kind friend. You believe me as God's servant? Some might say, "Well, you're getting old." That doesn't matter to God. He could strengthen Abraham to have a child after he was old, by Sarah. You believe that, don't you? So could He make you a new lining in your stomach. You could go eat your supper. You believe that? And as you have believed it, go eat then, in the Name of the Lord Jesus.

Let us say, "Thanks be to God."

L-91 Come. Sir, you believe? That old coughing and going on keeps you up and everything else, doesn't it? Asthma's a bad thing. But Jesus can make you well. Do you believe it? You accept it? Then go. As you have believed, so shall it be unto you. Have faith.

How do you do, sister? Do you believe? I wished I could heal you. I can't. Your faith can. You believe that? Go, believing, and arthritis will never cripple you up. You'll be well. God bless you.

Let us say, "Praise be to God, Who gives us the victory." It must be time for me to go. Let me have just one more person, will you just a minute? Just stand there just a minute.

You're the patient, aren't you, lady? Don't know you, never

the platform and paralyzed, and (See?) we don't play church. It was God... But if the Holy Spirit will let me know what's your trouble, will you accept it as God wanting to give you what you have need of?

Now, here's a man, I believe, is honest in heart. I've never seen him. God knows all about him. I just would talk to him a minute and see what God would do. It's hard sometime to single right straight in front of me. It's... At least two dozen people praying right now. See? And their spirits are... It's another world. See? And when the vision starts coming, it moves that way; and then I can't detect which one it is. Then I look this way, and you... After so many, you can't tell where you're at hardly. See? And I'm trying to get you singled out. And I keep seeing a woman come before me. I don't know why? It's a woman standing before me. And she's... Why, brother, it's your wife. You're standing here praying for your wife. I never seen her in my life till just now. But she's got some kind of a trouble in her bowels, that they don't know what to do. Don't you worry. Jesus Christ is going to make her well. Amen.

L-89 Only thing I ask you to do is have faith. Just believe. "If thou canst believe..." Here stands a man right here by me. I kept seeing a woman appear before me all the time. I couldn't tell. It would move towards the audience, then It'd come here, and I looked again, and here he was standing by her side. I know it was for her.

And you're not here for yourself. Your here for someone else, grandson, I believe. And it's got a head injury, an infection. And he's not here. He's not even in this state. He's in a state where you could pick up dirt, and it's dark sand instead of red sand and yellow sand. It's Illinois. That's where he's from. And my dear friend, you have a gallant desire in your heart. You've come and want me to lay hands on you that you might receive the baptism of the Holy Ghost. That is the truth.

And, Father, may it be so, these desires. I ask in Jesus

That's all I could do. And then if your faith meets that qualification, you'll get what you ask for. If it doesn't, you don't. That's the whole... And the audience the same way...

L-74 But the lady now, as the Holy Spirit... Now, in the Name of Jesus Christ, the Son of God, I take every spirit here under my control for the glory of God. Now, be reverent audience if you're still listening.

The lady is very sick. And she's suffering with a--a--a lady's trouble, a female condition. And she's been somewhere for it. It's a... But they couldn't do her no good. She's been to a--under a hospital care. And they've done all they could do, but the doctors just don't know what it is that's a doing it. And now, you're supposed to go back to the hospital again for more.

And there's someone... That's your husband setting down there. That's right. I seen a gray-headed man standing by you, and the Light flashed this way, and he's sick too. And he's suffering with rheumatism. That's right. Isn't that right, sir? All right, you stand up on to your feet. Your rheumatism's gone. Don't go to the hospital; go to Calvary now, and it'll be over in the Name of the Lord Jesus.

Do you believe? Then receive Him right now. Then receive Him as your Healer. He's yours, if thou canst believe.

L-75 Little lady there with your hands folded, setting on the end of the seat, you're very sick, aren't you? Yes, ma'am. You done a gallant thing awhile ago. You raised your hand and accept Jesus as your Saviour, because that you're... Got a lot to accept Him for. You're setting there; you don't need no prayer card. You have--you just got your bare hands. But your fixing to go to a hospital. You've got to go back because everything's wrong with you. You've had a lot of sorrow. I see a little one. You've lost your baby. That's right. And you have to go back to the hospital.

O dear God, my blessed heavenly Father, in the Name of Jesus Thy Son, I bless this poor woman that's suffering. And

may she be well and comforted, because she's given her heart to You. May this be the beginning of a new life right now, and may she be well and healthy, in Jesus' Name, I pray. Amen.

Rise up to your feet, little mother. God bless you now. Go on your road and rejoice. Everything will be all right for you.

L-76 Let us say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] See, don't scramble for prayer cards; reach for Jesus. He's the One. That's all that she needs. Her faith, setting praying, desperately, and the Holy Spirit started to move to this woman, and then went right straight to that woman there. And right now, I don't know what was wrong with her, but ever what it is, I knew she give her heart to Christ. Jesus said, "If thou canst believe, all things are possible."

You praising Him, sister? You love Him? The lady with a gray dress on, setting right back there, kindy gray-haired, moving your face like yes, uh-huh. You got some spiritual problems. Kindy hard, isn't it? Do you believe with all your heart? That is true, isn't it? Yes, sir. You accept it now? Just remember what I tell you: it's all passed away. Your troubles are over. Your faith has rewarded you, sister, of what you think in the Lord Jesus. Have courage; don't be discouraged, but believe all things are possible to them that believe. "If thou canst believe..." [\[Mark 9:23\]](#)

L-77 Lady, your... Is this the patient. I'm not beside myself, but yet, I get mixed up sometimes, because It's anointing. But I don't understand just what It is myself. We are strangers to each other, are we, lady? We are strange. We do not know each other, but Jesus Christ knows us, doesn't He?

Nothing is too hard for our Lord Jesus, is it? He can do all things. Don't you believe that? He certainly can do all things, and He does His work real well. Amen.

Epilepsy's a hard thing, but Jesus Christ could heal it if you'll believe it. You believe it? With all your heart? Amen.

L-86 Oh, if we could just get away from that... If you could only see what I see. That cold, indifferent, foggy look hanging around, trying... That's what making you feel... Just can't raise up and accept It all at once, it's because that hangs over you. If I could ever get that broke. If I could ever get the people just in one accord, what would take place? Well, I've seen it. Have faith now. We oughtn't to have to bring anyone else.

Your wishes are granted, sister, with your handkerchief to your mouth. Just raise up and accept the Lord Jesus there as right here, little Spanish woman. God bless you. It's all over now. You can go home. Thank you.

L-87 Ummm, simplicity... Is this the patient? You're the man? Come here, my dear one. Do you believe what the things that you see comes from God, sir? You do? We are perfect strangers. See, as far as I know, we don't know one another. That's... We're strangers, are we? That the audience would know, we're strangers. But dear, sir, I know one thing, I--I've got to meet you in the judgment someday. I'll have to stand in your presence again someday. That's right. And I'll have to give an account for my life here on earth before Almighty God in your presence (That's right.), but Jesus Christ is truly the Son of God that's raised from the dead. There's nothing good about... I'm just a man like you are. See? There's nothing--nothing in no flesh. We're nothing. But it's the Holy Spirit that's here. He comes through the Word, the ministering of the Word. The Word brings Him. Then by a Divine gift of healing, just knowing, which that's between God and I, to yield yourself to know...

L-88 Now, you're here, a man. I never seen you. But there's something you're here for. If it isn't you'll know right away. See? He'll tell you. See? You perhaps... Have you ever been in another meeting, one of my meetings, and see how critics slip in sometime, and what happens? See them standing there on

do. There's nothing I can do about it. I know your trouble, but I can't heal you. See? It's your faith. So keep moving, He'll do it. Keep having faith, each one of you, and don't doubt.

What about it, brother? You believe it with all your heart, brother? Believe that Jesus Christ will do it for you? "If thou canst believe, all things are possible."

Little Spanish sister, believe with all your heart. Amen. It's dimming to me now. It looks like that the whole building's... My dear... See these people, brothers and sisters, I wish I could explain this. I can't. But it just seems like to me... Maybe I'd better not even try it. You just believe, will you? You just believe now with all your heart. Jesus, the Son of God, great Jehovah-God, His own beloved Child is here in the form of Spirit tonight, just doing the same things through poor, ignorant people: myself, and people that's unworthy, all of us. And your faith through a Divine gift is pulling a virtue from Calvary, what you have need of. Can't you see it? [\[Mark 9:23\]](#)

L-85 Oh, my American brothers and sisters, don't lay in this lull that you American people are laying in. Why, in India, let happen what just happened now, every person on the grounds would get up and walk away. Tens of thousands would be healed at one time. That's right. But we, well, we wonder. We're so educated. We're so smart. See? It's too bad. I don't mean, maybe, you people here, but that spirit of America. We know it all. We know all about it. See?

Oh, if you could just get out of that crust, and let your heart get smooth and tender before God, that you could realize that your poor humble brother has nothing to do with this. I'm just yielding to the Holy Spirit in regards to the Words of Jesus. He said, "The same things that I did, you'll do. I'll represent Myself with you plumb to the end of the world. And the same things that I did, you'll do also." He said that. Did He? Why, here He is tonight doing it. Let us believe Him. [\[John 14:12\]](#)

L-78 Arthritis is too, isn't it, brother? Got it in neck and shoulders, but Jesus Christ can make well. You believe it, brother? Then you can receive it. Your faith's made you whole. Amen.

And right on the end of the row there with that gallbladder trouble, sister. Just quit praying. Jesus Christ has already heard. If you believe with all your heart, you'll never have it again. You believe that Jesus makes you well? Then your faith has healed you.

You see what I mean? Christ, the Son of God's raised from the dead. He's here to make well give blessings to whosoever will, let him come.

L-79 Just a moment now, to speak with you just a moment. Are we strangers to each other. We're standing here, and never knew each other, but God knows us, doesn't He? You don't believe I'm reading your mind, do you? No, you don't believe that. I don't have no way of doing it. God knows your future. I don't. But your suffering with a nervous condition. That is right. Just about the time of life for you to have that. That's right. You got a dark shadow. It may not leave overnight, but have faith. Then you got trouble in your back too, haven't you? That's right. Isn't that true? Now, all the doubt's gone now, hasn't it?

Here, let me tell you something else that you might know that I be God's servant. You have something wrong. You got a tumor. Is that right? May I tell you where it's at? Under the right breast. Is that right? See, see, see? Now, do you believe me to be His prophet? Then go rejoicing and happy, you'll get well, believing on the Lord Jesus.

Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] Have faith now.

L-80 Just a moment. A deaf spirit just...?... Oh, be reverent. Bow your head just a minute. It's the lady standing before me. Everyone bow your head now. I don't know how bad it is

or nothing. Just bow your head just a little while, and don't raise your head until you hear me tell you to raise your head. Now, in Jesus Name, keep your head bowed.

Our heavenly Father, Thou knowest all things, and I pray for this, my sister. Feeling the vibrations of that evil one, that would cause her to be hit by a vehicle somewhere and killed, her life shortened. But I pray that You'll be merciful to her and not that we have to have miracles to believe, because we do believe. And I now condemn this demon and ask that it leaves her. Come out of her, thou demon, in Jesus Christ's Name. You deaf spirit, I charge thee by the living God. You can't hold her no longer...?...

L-81 You hear me? Which ear was that? Of course you hear me again now. See, in this one. Do you hear me, now? Do you hear me now? Say, "Praise the Lord." [Sister says, "Praise the Lord."--Ed.] All right. You can raise your head, not to see miracles...?... these vibrators in her ears. Do you love Him now, sister? Can you hear me all right, now? Let me tell you something else now, that you know whether your healing is complete or not. You're in a lot of trouble, aren't you? You are--you're got a colon condition. It's in your bowels. The doctors want to operate, but they can't, because you have peritonitis that wouldn't permit them to operate. They won't have to from now on, if you just believe. Do you believe? Now, go rejoicing, sister. Amen.

Let us be thankful to our Lord. Do you believe He has risen from the dead? Have faith.

L-82 How do you do? We are strangers to each other as man and woman, we are. But you're a Christian. And I am a stranger to you. I'm your brother, because you're my sister through Jesus Christ the Son of God. And... You believe that side trouble left you? You--would you accept it, if Jesus would heal you, speak to you and make your side well? You believe that God would take care of it? If you can, you can have what you ask for then. Amen. It's just that simple. Just by faith

believing, that's all you have to do.

Isn't that wonderful, sir? Now, brother, it's over now. Her faith did that. A husband, when he seen his wife was healed by just purely faith, believing, tears rolled to his cheeks, and he reached over and got her by the hand and begin to hug her up. She bowed her head humbly, give thanks to God. Certainly that means something. She was praying when she was standing there; a few moments ago, something struck her. I never turned. I thought it was the lady on the cot. I was watching to be sure where It was. I thought maybe she might be... Something wrong in her side... I watched again to see if it was the lady on the cot, and it looked... I seen a vision here before me; the woman kept praying. I seen a vision before me, it was a gray-headed woman. I kept wondering where it was, and I seen the Light come over here and settle down right there, said, "It's that lady there. That's who it is." That's right. You were praying, wasn't you, sister? And believing? If that's right, raise up your hand so the people can see? That is right. All right. That's right. It's your faith that does it. See? Not me, I'm just your brother. I only do what He tells me to say. It's your faith a pulling that. And that's right.

L-83 Now, the lady here before me. As I say, I don't know you, lady. If I could help you any way, I'd do it. And if I didn't do it, I'd be a cruel person, wouldn't I? But I can only... I'm... Tell you what Jesus, about Jesus. And I--I'm not much of a preacher, but I--I do believe what I say. You're aware of that. Now, you're all broke down. One thing, you got heart trouble, a rectal trouble, nervous, complications, and by the way, you are a minister. You're a preacher, a lady preacher of the Gospel. You believe me? All right, just go on your road rejoicing now and get well. Just don't let that nervousness... That's what's doing the trouble. Just go, be happy. Let's say, "Thanks be to--to God." Do you now believe?

L-84 You have faith, dad? What about it, sis? You having faith? I want to see you healed, honey, so bad, I don't know what to
