L-35 You--you could come here and stay on this platform, and I could pray for you until tomorrow night at this same time, and it would never have a bit effect on you until you believe that God heard my prayer. Is that right?

But you can't come here and stand here without me knowing what's wrong with you. That's right. Yes, sir. And the things that's causing you, your sins, and the things that you've done. It'll certainly tell you that. That's a gift that God gave to me. See? That's my possession that God gave me.

But now, the other, Jesus Christ has already done that for you. Nobody can do it, because He's already done it. We believe in prophetic things, don't we? We all believe that.

L-36 And now, everybody reverent. Is that your first patient, Billy? All right. Bring the man along. All right.

Brother Sharritt, you just watch. And if there's some of them kind of sickly, set them a chair so they can set. All right. That's fine.

Now, I'm sure that all of you... How many love God? Let's see your hands. All right. Now, you love Him. And I--I... By His grace, I trust that He'll let His humble servant bring His Presence down to you all now. See? That's what I pray that

God will do.

Now, here stands before me a--a Spanish or an Indian brother, perhaps Mexican brother. And there's something that's wrong with him. I--I do not know. I can't tell you. And I'll have to find out. Then if he'll believe, well then, he will be healed. If he doesn't believe, he couldn't be healed if Jesus was standing here and wearing my suit, standing right here, he couldn't be healed. He'd have to believe. I don't see what more He could do now than what He's doing.

L-37 Now, everybody real reverent. Just be as reverent as you can and listen close. And I'll just try to get just as many through... 'course, if It goes to stopping me and pulling me, and many people are kind of halfway faith, then It goes to moving out and tells something else, and something else, and something else. Then first thing you know, It tears me away. And they're standing everywhere, watching me. 'Cause last night was--was kinda hard. And I'm spending my life for you people. You understand.

Come, sir...?... Yes. I perceive that you're a Christian man. You believe in God. I believe that, my brother. Isn't that a strange, how that makes you feel standing here? Yes, sir.

L-38 Now, I was reading awhile ago, in the Scripture where Nathanael came to Jesus. And Jesus, when He seen him coming, He called him a believer too. Now, when you come, you might not have been a believer. I would've knowed it. But I knew you was a believer. I said you are a Christian. That's something like the same Spirit. Is that right?

Now--now, we'll see what our heavenly Father will reveal to me. You know that He's here. You have a--a feeling. You know that there's something different. Isn't that right, sir? Hold your hand up so your Spanish people can see. There's something near.

Now, we're strangers here, brother. We never met in life, never met before. But, brother, I see your trouble. You have rheumatism, don't you? Yes, sir. You did have. You're free

from that now. Jesus Christ has healed you. Raise your feet up-and-down like this. You are healed, my brother. You can go and be of a good courage...?... Thank you, brother.

Let us say, "Praise the Lord." [\[John 1:43-51\]](#)

L-39 Some of the Spanish brethren get around him and thank the Lord. And he's wonderfully...

Now, how did I see that? The man has attacks, and his hands hurt. I seen him setting behind a house, a rubbing his arms first, setting behind, or leaning back with a chair. If any of his loved ones are here, might know that he's setting like that. And then I seen sometime, he was trying to get up from a bed. And he just couldn't hardly make himself out of bed. And it--it was hurting.

Anyone here know the man? Raise your hands if anybody knows the man, anybody knows of him. You know that's what was wrong with him? Is that right, brethren? There's your witnesses out there. You see that... See? Amen. Now, that's a vision that is seen. See what I mean? Now, everybody be reverent.

Now, is that the same kind of a Spirit that was upon our Master? He told him, said, "Before you come, I seen you when you were under a tree." I seen him when he was getting out of the bed, and when he was setting behind the house. See? All right. There it is, the same Holy Spirit. Isn't He wonderful?

L-40 All right. Now, bring the man here. Howdy do, brother. You're a believer. Yeah, you're a minister too, aren't you? And your--your eyes is what's bothering you. Isn't that right, brother? Go, and God bless you, my brother.

Heavenly Father, bless my dear brother, and give him his sight normally again. His heart's full of love for You. And I bless him in the Name of Thy Son Jesus Christ.

Let's say, "Praise the Lord," everybody. How wonderful our Master is.

The baby will get well.

L-72 Now, don't fear. Look this way everybody. Here back in this section, back in this way, look and believe now with all your heart.

I'm watching these crippled people. I see arthritis and things. I'm... And there's a lady setting here that I... She was here at the other meeting, I believe; I'm not sure. The lady here, she's a very religious woman and a fine lady. And I--I trust that this will be the time of your healing, my dear sister.

You belong to church. Isn't that right? Have--have--have faith. Now, somebody without cards or some without a prayer card, look this way. So you can see the lady with arthritis setting here has--has laid there with a heart trouble, swelling and so forth.

L-73 Now, look this way from away over from. You believe with all your heart there?

Just a moment. [A baby in the congregation is crying--Ed.] The little baby there... Just a moment. A little girl, there with her blue... No, it's just a little bit behind her. I believe it's a--a colored lady setting there. I believe she's the one pulling so. Or... Are you praying, lady, there? I believe it was the mother of the child there... I can't get them separated, just... Stand up. I want the colored lady to stand up there. Yes.

You're suffering too, aren't you, sis? You have stomach trouble...?... in the stomach, isn't that right? You can go on and eat what you want to.

Let us all just stand and pray, just then if you will. Merciful Father, we thank Thee for...?... In Jesus' Name I pray that You'll heal everyone in Divine Presence.

L-41 All right, you bring her. How do you do? You speak English? A little? All right. Are you an Indian? I thought so. Are you Apache? I--I want to come, visit your people again. Were you up when I was at the reservation, San Carlos? You was? I have great respect for the Indian people. I love them. And God loves you.

And we are strangers, you and I? But you have been sick for some time, haven't you? Yes, ma'am. You--you have a--a female disorder (Isn't that right?), and a heart trouble. Many times, you get upset. When you lay down, the heart bothers you worse. I see you reaching for your breath. Is that right? You're healed, my sister. Jesus Christ makes you whole.

Heavenly Father, we bless our dear sister, now, may she be a great testimony among her dear people in Jesus' Name. Amen. God bless you, sister, dear. Now you go and be healed, Amen.

L-42 Let us say, "Praise be to God." All right. Everybody reverent. O God, if--if there's a Apache Indians here, I've got your telegram from San Carlos. And I may have to leave real early Monday morning to go home to get my wife, to get back to California for the summer. If I don't go, I want to have two or three days up on the reservation with you people. And if I do go, maybe I can get a day at least on my road back to stop in and see the Indians at the reservation at San Carlos. If the missionary is here, I will try to be back right away to be with you dear people.

Sometime, if you would like for me to, I'd like to come and be your associate pastor out there for a little while, just to be with you, to help you out on for a while.

I don't like to see people pushed back. No, sir. I think we owe the Indian plenty. Amen. God bless them. I've never seen one come through the line yet but what was healed. That's right. Them and the Spanish, humble, very humbly, they believe what you tell them. And that's what it takes.

L-43 All right, Billy, bring the... How do you do, sir. Well, as soon as you walked up, when you were setting there you were thinking about, "Well, this is the time that I've wanted to be here." Isn't that right? And when you were there, a real strange feeling come over you while you were setting in the chair. Is that right? That's when your heart trouble left you, brother. You can go ahead home now and thank the Lord.

Let us say, "Praise the Lord Jesus."

All right. Now, you're going to get well, brother. Just go ahead. Believe the blessing of God is upon you. Have faith. Just praise Him. Forget all about it. Just go ahead. The promise is yours now. It's yours. God has promised it in His Book, promised it through His prophet--or servant. Is that right? Amen. Remember, believe.

51-0415E - Shriner Temple, Phoenix, AZ (Paragraphs: 41 - 53)

L-42 I've been calling here two or three nights, and I've been wanting to see someone get up here, and I... Maybe that's selfish. Maybe I oughtn't to do that now, maybe God forgive... [Blank.spot.on.tape--Ed.]

Be really reverent, and be respecting with all your heart now. All right.

Now, some of the... If they got... Did I get too many up there? Okay. We... Sometimes we... It's--it's slow, and have to wait just a little bit.

And tonight, of course, it's going to be a little strange. My minister brothers setting here on the platform, and I'll be conscious of that; they're men of God.

L-43 But do you realize... Looky here, friends, from this side's coming spirits, from this side's coming spirits, here's coming spirits, and here's coming spirits. Mighty easy to get mixed up. Don't you think so? It is. We even have...

You notice, of a night time, I usually turn the patient around

don't know you. I've never seen you in my life knowingly. But our heavenly Father knows all about you. And He will make His secrets known to His servant as He will. You believe that? And... Yes, you must believe God or you can't live very much longer. You're conscious of that, aren't you, sister? You have a severe heart trouble. Isn't that right? Why don't you accept your healing and stand up in the Name of the Lord Jesus Christ.

Let us say, "Praise be to God." [Congregation says, "Praise be to God--Ed.]

Everyone reverent now. Believe with all your heart. Now, she's...?... accept her healing. Let's say, "Thank the Lord."

Some of the ushers pull the stretcher out of the way there so she...?...

L-71 Sir, why don't you accept your healing? Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]

Now, everyone just a moment. Now, what's--what's the... You have a--your hand onto somebody. What's that, a little boy? Set him up just a minute.

Look this way, young man. Is that you... The lady gave me the picture just a few moments ago. Aren't you? I... Now, that's as far as I--I know, but I seen your hand on that child there. You're interested in him in some manner. Look this a... Oh, yes. I can't say what will or what won't. That child's suffering with a, I believe it's asthma, isn't it, or something? Isn't that right? He has a hard time sleeping. Isn't that right? Isn't that right?

Oh, heavenly Father, I bless this little lad right now, that You heal him and make this the greatest night of his life, Lord. That You'll take this away from him and may he recover and get altogether well and be healed and a well young man, in the Name of Thy Son Jesus Christ, I ask it. Amen.

Now, look this way. Oh, God has a...?... or want to show it to the loved ones. All right. The baby's going to get over that, little honey, this little sister. That's all right. It's going to be...

life. Then I bless her, dear God.

And, Satan, you who's harmed her, leave her in the Name of Jesus Christ. Come from the woman. Now, look this way. Oh, yes, sister, it's all right now. God bless you, sister. You're... You've been seeking for a deeper, better walk with God too. That right? You're going to have that also. God bless you, sister.

Now, let us say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] Isn't He wonderful, marvelous? He--He knows everything. There's nothing that He doesn't know. And He's the Witness.

L-69 Now, if you'll just give me a few more moments to get at least what's in the prayer line there, then I'll--I'll dismiss just in a little bit.

Would you bring the lady, please. Now, everyone just reverent for a few moments. And you out there in the audience be--be praying, down in this a way, up all around now.

God bless you, brother.

Now, would you... It's... I just want you to... You look very healthy, young lady. But of course, there's something wrong or you wouldn't be here. You're a little nervous. Yes. 'Course that's just a little excited now too, because it's that this is a very sacred thing to you, isn't it? You regarded it that way. Isn't that true? And you've respected it, haven't you, sister? And you--you had that in your mind before you come here. Isn't that true? And because you have believed that, God's going to let you get over that diabetes and you're going to be well. God bless you. God bless you, my sister. Now, you can go and the Lord Jesus is going to...?... and heal you.

And let us say, "Praise be to our Lord Jesus." Isn't He wonderful?

L-70 Now, some of you here, these stretchers or cots and... Just a moment. You on the cot, lady, you look this a way. See? You believe with all your heart? Now, I cannot heal you. I--I

this a way to talk to them. You know what that is? Get my back to you all. See? That's true.

And I want you to... As you're standing here tonight, a praying. Down there in the prayer line, I want to ask every one of you if you believe with all your heart that God's going to make you well? Do you believe it? All your heart? All right.

L-44 Come ahead, brother. Come here, sir. Are... You believe with all your heart? Do you believe that Jesus Christ, the Son of God... that He died to make you a whole person? Do you believe that I am His servant?

All right...?... You got several things wrong with you. One thing, your eyes are going bad...?... What it is, is a hardening. The eyeballs are becoming hard. The--the nerve in the eye is becoming hard. That's what's doing that now. As I...?...

Now, do you believe if I will ask Him, my brother, that He will grant your request? Well, you believe that?

All right, let's bow our heads everywhere. Dear heavenly Father, the Author of Life and the Giver of every good gift, send Thy blessings upon the man and heal him. May he receive his blessings just now, go off the platform and be well, for we ask it in the Name of Thy Son, Jesus Christ. Amen.

All right, brother. Go home...?...

Let us say, "Praise be to God." Now, everyone reverent.

L-45 You brethren be in prayer, if you will. It makes it kind of... awfully hard. I'm not try... I'm so conscious, not... As you brothers believe, God know, you're believing. But you see, you're human beings. You got a spirit. And that spirit's moving every way like that. It's like...?...

All right, lady. You come now. I want you to look right this a way, sister. I want you to believe me with all your heart. It's kind of a little hard. I can't get the anointing just the way that It should be. You see? And I--I want you to--to--to believe me. You know, many times our Master... Sometimes He took a man by the hand, and led him out of the crowd, and went

outside the city, stood out there and talked to him. Remember that? See?

One time, there was a whole bunch of people in, and they were weeping and all tore up, confused. And a little girl had just died. The people were all confused about it. And Jesus put every one out of the house, and took the mother and father with just some of His campaign men--Peter, James, and John--walked in the room, took the little girl by the hand, called her life back. You remember that? [\[Luke 8:41-42, 49-56\]](#)

L-46 Well then, it was also practiced down by Saint Peter when Dorcas died. You remember that? The widows up there were all weeping, because that--that she'd been so kind to them. And Peter come in and seen them all tore up; he put them out of the house so he could find what God wanted to do. See?

Well now, here it is. Hundreds of people setting there, wanting to get in that line. See? He's got them...?... See? And it makes it hard.

And I'm just talking to you like the--the Master that talked to the woman at the well. Now, we're strangers, aren't we, sister. We don't know each other. We're strangers in life. If there's anything to be known of your life, it would have to come through the supernatural. Isn't that right? [\[Acts 9:36-42\]](#), [\[John 4:4-26\]](#)

L-47 I--I believe that you're a Christian. I believe you're a Christian woman, and you have been for some time. You're--you're awfully nervous for one thing. As your nervousness is--type of nervousness, a worry nervousness. Isn't that right? You're awful person to take other people's troubles too, aren't you? You cross some bridges before you get to them and call it. Isn't that right? Now see, that always happens before... Something's blocking you like there, because you made plans, and it never comes out that way. You get in your mind something that's going to happen, and it doesn't, it just takes that way. Isn't that right? And you're...

careful. Then sometimes it'll jerk here and then some over here... I'm just trying to take my time just as I can. All right. See?

L-67 [Blank.spot.on.tape--Ed.]... a strange feeling, just not nothing to be weary, but it's--it's something kind of an awe, sacred. Now, that's that anointing that I feel. You see? It's--it's on me now.

That... If there's anything wrong with you... If you believe that that is the Angel of the Lord, God will reveal to me what's your trouble and--and then you'll get well. And if He'll hear.

You believe It's the Angel of the Lord, you do? Have you got... You're nervous for one thing, aren't you, real extremely nervous? I see that.

Haven't you got something wrong with your ear or something like... Is in it your... I believe it's your right ear, isn't it? Isn't it your right... That's your... Say, you're... Ma'am? [Sister tells Brother Branham something--Ed.] The one... The right, I seen that there.

L-68 Say, don't you work in some kind of a telephone affair or something? Is that right? I seen you there with that... I seen one of--that thing over your ear like that and I wondered if... Yes. I just didn't see no trumpet in your ear, but I could see in the vision there, some... Oh, a headset. Well, oh... I... You take telegrams. I seen it was something like that when I seen the thing sticking up on. Come here, sister.

Merciful God, bless our dear sister now. I pray that You'll be near her and may Your Spirit come upon her just now and bless her. Knowing that there's a great supernatural Being here at the platform standing between she and I here, as brother and sisters in the Lord Jesus, and I pray, God, that her faith in Him to believe it, that Thy servant has testified of that which is true. And there's no way for her to doubt any more, for I have spoke of it being from You, and she's witnessed it by feeling and telling her even the things of her

you believed me, sir? Do you believe that I am God's servant, that I am His prophet, that He sent me here for you? You're suffering with--with a cancer: cancer. I believe it's cancer of the blood. Isn't it leukemia or something like that in--in your blood, isn't it? And it--it's in your blood. It's leukemia. That's right. You're all... You're... I see... You're--you're swolled up inside the inward glands, the spleen, and through the kidneys and stomach. Isn't that right? Oh. Everybody reverent. Does anybody know the man in the building? Anyone know him? Is that truth? If it is... If that's truth, is the truth? I can tell there's something move... Yes. Oh, yes. They know all... That's all right. Just be... Just stay where you. That's okay. I just want to... I seen it. It left him... Now, be real reverent, my brother. I--I--I'm just going to ask... I see it right there... They... The... You can go ahead and by now, sister.

L-65 I thought that cancer had crept back again. And what it was, was this man here praying. You see? When the cancer let loose of this woman, it--it hit on that man there. You see? They're--they're in sympathy one with another.

You understand what I mean? Now, see? It's--it's kindred spirits. You know what I mean. Doves stay with doves. Scavengers... See? It's like buzzards, you know; they're together. It... And that's the way this kindred spirit, that cancer. Cancer is a demon. It's a devil. That's what... Now, be real reverent, and believe with all your heart. All right.

L-66 Mother's trying to pray, aren't you, mother? Now, just have faith for the... I see you coming down through there. I believe that the--the baby's going to be all right. Now, just--just be reverent now. Now, just... Everyone... Now, don't go and be excited. See? It excites me a little, but don't get excited because I do. Because I... You see what I'm up against here. I'm working under a strain. He'll--He'll come down over me and go [Brother Branham makes a noise like blowing wind--Ed.]... like that. Then you have to watch when it tell you, just feel it hitting everywhere. You have to be

Now, it stopped on me just a moment. It's kind of hard. Now, everybody be in prayer, please.

Now, just look this a way, sister. I just want to talk to you (See?), just order to contact your spirit. I seen a vision coming up from a child, from a little girl. And I--I... It just... I have to speak it as it's coming (You see?), or I--I don't get it. Now, just keep praying.

L-48 You're conscious that something's here, isn't It? You're conscious. It's the Spirit of the Lord. You believe it? Yes, ma'am. I see it coming back again now. Oh, yes, you--you have something... It's in your... No, it--it's your stomach, isn't it, that--you have stomach trouble. Isn't that right? Yes, ma'am. I--I see it's the foods and stuff that you can't digest right. Isn't that right. It's something like...?... that's caused you to have like a spasm in the stomach, 'gurgitation, sour, and your teeth become sensitive, cause you to have persistent headaches and things. Isn't that right? That is right. Is that true, sister? That wasn't me talking now. That was Something else talking. That's the Angel of the Lord.

Do you believe me as His prophet? Would you obey me as His prophet? You go and eat anything you want to, your stomach trouble's going to be all right. You're healed now, sister. God bless you, sister, and may the Lord bless you.

L-49 I felt another stomach trouble or something right in here, moving somewhere, just the same time she was healed. Now, just a moment. Them spirits sympathize one with another. That's right in this a way. I can tell it. I can see the two was crossing up. Somewhere there was a--cross up. Now, everybody be real reverent. Just reverent till I can see it again.

Was that what it was, sister? God bless you, my sister...?... Aren't you one of these minister's wives. Didn't I meet you the other day? That's right. All right, you were believing for her. That was your faith, sister, that was pouring in. That's right. That's right.

L-50 All right, sister, you--you come forward here. Now, there's a minister's wife setting there. See, it's her faith, sister, brethren. You understand? It's your faith. You believe me. Just believe one time.

Look. A minister testified at the meeting the other day that God said, "I do a work, though it be done by a man, yet, you'll not believe."

See, I'm trying to say that it is not me. Your faith is what operates that. Without faith, there's nothing... You can't receive anything. The people who beat Him on the head with a stick and said, "Prophecy," there was no virtue at all for them. See? It's those who believe.

L-51 Now, you're the patient. Now, I want you to kind of come over this way just a little bit, if you will. I want you to stand right there, and I want you to clear... Just let--let yourself be quiet. I just want to contact you... It's just a little difficult. See? You don't understand what I mean. Now, you are... We're strangers, aren't we? I've never seen you, knowingly. I--I don't know nothing about you. And we've just met here at this time.

Now, the Holy Spirit is so timid, you know, very timid. And I must find favor with Him first.

Now, brethren, you that's setting here to my right, now can you under... can you understand... feel what I'm speaking of? Now, that's the Angel of the Lord is coming to me now.

L-52 Yes, your health hasn't been good for a long time, has it, sister? Of course, like the lady that just passed through, you're--you're nervous, extremely nervous. Your sight's not good. You're--you're near-sighted, aren't you, sister? Your sight, you don't see very good. You've been that way for some time, haven't you? And you... Now, I just... Just look this way. You--you remember when the Master was talking to someone? And He had a personal contact. He sent all of His disciples away, and a lady came out to the well. Is that right?

even to cancer shall stand before the prayer. There's been more cancers healed than anything else. Now, I--I wouldn't say that, friend, unless it was... Oh, my, certainly it'd have to be.

L-63 Now, mother, I have no way just... I just seen your suffering, and seen what you were doing. And it come before me. Now, I'm going to ask God to bless you and to let you get well. And you'll give Him praise, and you'll never no more say... And you'll give Him praise for the rest of your life, won't you, sister?

Jesus of Nazareth, bless our dear sister. You said, "Whatever you bind on earth, I'll bind it in heaven. What you loose on earth, I'll loose it in heaven." Now, You promised that, Father. "And these signs should follow them that believe."

And now, by laying my hand upon this dear old mother's hand, that's bound here by a demon that would take her life in the next few weeks, but I pray Thee, Lord, to be merciful.

And I now, in the Name of Jesus Christ, loose the woman from this terrible thing called cancer. Come out of the woman in the Name of Jesus Christ. Go happy, believing Him, praising the Lord.

Let us say, "Praise the Lord," every one. [Congregation says, "Praise the Lord."--Ed.] Now...?...

L-64 Now, watch. Now, just a moment. There was something happened just then. Now, another cancer spirit... Now, everyone be just reverent. Now, let's see where it was. Be real reverent. There's somebody was suffering with a cancer just then that... I felt it strike again.

Look this way again, mother, you standing here. No, I believe it's still--maybe still on you. Come here just a minute. Just... No, ma'am, it ain't. It isn't. Stand right there just a minute. It's in this direction here. Now, stand right there just a moment. Let's see.

Look this way, sir. You on the cot. Let... You look up here at me. Here it is. Just a moment now. Everyone reverent. Have

prayed for. She's healed. God healed her right there, made her well...?...

Now, you might say, "Brother Branham, how do you know she was healed?"

I got real weak. You see? I know when it--when it went away she got... Now, just have faith, and believe with all your heart. Do you love Him?

Now, this is wonderful to begin the first night and see It so richly in here now. It's just... Anything could happen. And--and... Now, if you just be real reverent...

L-61 How do you do, sister? I was just watching a lady that's packing a little baby. I was trying to find out what was wrong with it. You see?

Now, only believe. Just fear not. Have faith in God and believe. Now, sister dear, you are conscious of the fact that you have made a testimony by coming up to this platform here. Now, you've come to this platform before this group of people here as a witness that you believe in Divine healing. Isn't that right? And--and I have told you that I have no way of contacting you only by spirit. That... It will have to become through the Lord Jesus and His mercy. And if you're ever healed or anything is ever known of you by me, will have to be through Him. You realize that. Yes, ma'am. Yes, ma'am.

[\[Mark 11:22\]](#)

You seem to have a very good spirit, sister. Oh, yes, ma'am, had much trouble, haven't you now? And you're suffering now with a cancer. Isn't that right? Come here just a moment with me.

L-62 The Almighty, Who stands here as a--my witness knows that this supernatural Being that Who I speak of, and my Bible is here before me, this supernatural Being, testi--in the testimony to me which I will have to answer before all you people and God at that day for these words that I say... The supernatural Being that spoke to me said that, talking about praying for the sick, He specified one disease. He said not

You remember that? Yes. And He said one Word to her, "Go, get your husband."

She said, "I have no husband." He told her she didn't. Isn't that right?

You're a Christian believer. And you've been seeking God for a deeper walk with God too. And I seen you praying. Yeah, there it is. You've got stomach trouble too, haven't you? That's right. Go home. God blessed you, and you're healed, my dear sister. God blesses you.

Let us say, "Praise the Lord." Everybody, real reverent. My, friends, you know the life that I take from a human.

L-53 All right, come ahead, sister. Howdy do, sister. Of course, I can see you're wearing glasses, which is... No doubt you have something wrong with your eyes. But I just want to talk to you just a little bit...?... Do you believe with all your heart? Yeah, I believe that, sister. Yes, sir. You're good conscientious person. I believe that. What would you think that is that you feel at this time? Do you believe that's the Spirit of God that...? You--you believe it? It's like a reverence, isn't it, sister?

You have complications, many things wrong with you. 'Course, this is your age. You've had an old trouble that's bothered you for a long time. You also have stomach trouble too.

51-0501 - Calvary Temple, Los Angeles, CA (Paragraphs: 48 - 73)

L-49 [A brother starts talking with Brother Branham--Ed.] All right. Oh, my brother, do you believe Him with all your heart, you kneeling here. God will surely take care of this for you. Now, do you believe that He'll hear my prayer?

Our heavenly Father, as our brother comes kneeling at the platform now, he's terribly tormented, and he wants to be a real Christian, a real man. God, be merciful to him, I pray. This power of the enemy that's driving him into these things

that--that's not right... But Thou art here, heavenly Father, and I pray that You'll heal him, and from this night may he be well.

Satan, you who bound the man all these years and caused him these heartaches and troubles, in the Name of our Lord Jesus Christ, leave the man. Come out from him.

God bless you, brother. Go delivered now. [The brother continues to talk--Ed.]...?... Amen. Brother, those things I do know. You--you can go home and be...?... You're welcome, my brother...?... deliverance now if believe...?... Uh-huh...?... on your road now, and go believe forever, and be whole, my brother. God bless you. Yes... [The brother asks if he may say a few words of testimony--Ed.]

L-50 He was just wanted to speak a word. The man has been in an awful condition. And, 'course, it was too low here for you to hear what was going on, but the man has been in a--in terrible condition ever since a little boy of--of about seven years old. And he's had... just couldn't... He's been fasting and praying for this tonight, and he was warned. And so he came, and God has delivered him. He said, "Could I just speak a word on..." [The brother testifies to the congregation--Ed.]

God bless you, my brother. How wonderful is our Lord. Isn't He wonderful? If you will believe. He is just been revealed down here to the brother just by telling when he was a boy, and what he done, and all about it in there. It wasn't... He brought it right on the microphone. It's... He's wonderful, isn't He? Amen. And...

Now, if God knows what has been in your life, He knows what will be in your life. Is that right? Now, you just go believing; that's all.

All right, you bring the--the lady here if you will.

I think we ought to say, "Thank the Lord," don't you? Say, "Praise the Lord." ["Praise the Lord."--Ed.]

Now, brother and sister, we're in no hurry, you know. There's

about your kidney trouble no more. It's going to leave you. Now, I tell you what... Now, you may have symptoms for at least, oh, eight or ten days, the burning and so forth and the weakness, but that'll clear up now, and you'll be all right. You go and God bless you. Amen.

L-59 Let's say, "Praise the Lord," everyone. [Congregation says, "Praise the Lord."--Ed.] See, see? All right. Thank You, Father.

Now, sister dear, I want you to look this way, and just believe with all your heart. And you will, won't you? You--you believe. You want to be well. I perceive that you're a believer, a good believer. You're not very... You're--you're a--a deep believer. You hold on to what you have. You was praying awhile ago, wasn't you?...?... Wasn't you happy when you got that card this afternoon or tonight? And now, you thought, "I'll be rid of my heart trouble now." Isn't that right? Now, you can go on your road. You are healed.

Let us say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]

Everyone reverent as you... Trying hard, aren't you, dad? Poor old man laying here on a cot praying... I see a woman laying over there trying to look right at me, just trying... Just keep on praying now. Have faith and believe. All right.

L-60 Come forward, lady. You believe, do you, sister? You--you believe with all your heart? And isn't He wonderful? That's when they're... Sometimes we get in such a condition, you know, or sickness and everything, and then God comes along and heals us, and lets us get well, and spare our life a little longer. That's--that's the way He does and He's so lovely to us. Isn't that right? Had a strange feeling come to you then, didn't you...?... then. And now, lady... Now, just...?... Your heart trouble's done, sister. You can go on your road.

Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]

Now, let's say that you believe (You see?), without even being

comes down here and He'll speak through here to that what's in you. You see? Now, a person... If I can contact your human spirit (You see?), to--to myself that gives us a--gets you in the--the place--contact. That's right.

L-57 Like Jesus, He talked to the woman awhile. He said, "Go bring Me a drink."

She said, "Why, it's not customary for you Jews to ask us Samaritans."

He said, "But if you knew Who you were talking to (See?), you would ask Me. (See?) And I'd give you drink that (See?) that you don't come here to drink." Now, that's the same thing this is. See? Now, I...

You--you're conscious that there's something going on now, don't you? You know that--that... You--you know there's something going on, a strange feeling in your inner being. Is that right? Now, what it is, it's that gift a-moving. You see? It's not my gift: God's gift. See? His gift, I'm not it. I'm just...

If you see the picture back there, you can see my picture too, but I'm not It; It's a separate Person. But I'm just a--like the brass serpent. You see what I mean? See? Just... You're just looking this way, and I'm just... See? Now, there, that's it. That's the idea. [\[John 4:1-23\]](#)

L-58 You're suffering, aren't you, sister? You got kidney trouble, haven't you? That's right. A kidney trouble. You're real nervous too, aren't you sister? [Sister says, "I guess I am a little bit, but not as much as I thought I would be. Praise the Lord."--Ed.] Yes, it is. Yes, sir, that's it. See? I mean, not be meant... What I mean, just kind of... You're a deep thinker, that kind of a nervous, always just thinking ahead of time too. That's right. All right, sister, come here just a minute.

Now, will you bow your head. Dear merciful Father, I pray that You'll be merciful to our sister tonight as I bless her now for her healing. Satan, you who bound her, in the Name of Jesus Christ, leave the woman. Come out of her.

Now, will you do as I say do? Go on and don't even think

just all these things... That means a lot to that man, since he was a little boy, has been that way, and the Lord has delivered him.

L-51 Now, howdy do, my sister dear? You believe with all your heart too? Our Lord is always near to heal the needy and the--the sick. Now, sister, there was... Our Master one time, He was speaking to some man. Or perhaps, let's think, He had a prayer line somewhere, was praying for the sick. And there was a man come up to Him and he said, "Behold, an Israelite in which there's no guile." He told him what he'd been doing and so forth and said...

He said, "How'd you know I was a believer?" A Christian, you know, as we'd call it now.

He said, "Before Philip called you, when you was under the tree, I knew you."

And he said right then, "Thou art the Son of God, the King of Israel." Isn't that right?

And he believed Him with all of his heart. And do you believe like that with all your heart? Believe with all... Do you believe that--that this what I am speaking of is our lovely Lord Jesus Who loves you and--and wants to make you well? Is that right? Well... And you believe that He knows what's been in your life back before, hasn't He? And He knows right now what's wrong with you, right now. And He knows what will be hereafter. Isn't that right?

L-52 Well I believe right now that you're in a balance right at this time, because as soon as I said that, I seen something happen and seen what was wrong with you. Suffer with a tumor, aren't you? Isn't that right? You want to be rid of the tumor? Come, come here just a moment. God bless you.

Our heavenly Father, this poor sister is so in need. And I pray Thee to be merciful to her now, and I bless her in the Name of Thy Son Jesus, that this tumor will leave her, Lord. And, O Father, be merciful at this hour. And may others be healed of tumor at this same time out there in the audience. Grant it,

Lord. And may the Spirit that's here at the platform now, that we are both aware that's anointing down here at this time... We pray that You will let Him bless her as I--as a--Your servant, minister to her the blessings of God by laying on my hands upon her that was commanded of our Lord Jesus. And I say to this tumor: leave the woman in the Name of Jesus Christ. Amen. God bless you, sister. Go, be well now. Yes, it's...?... you back down. Go and believe with all your heart.

L-53 All right, let's say, "Praise the Lord, everybody. [Congregation says, "Praise the Lord."--Ed.] Now, now, look for Him. He is here. Now, He'll only reveal Himself to those who believe Him.

How many... You here in California blessed with a great observatory up here, planetarium, where you see stars way out. I believe a hundred and twenty million years of light space you can look out through that glass, one of the largest in the world. They had those, not that type, but they had planetariums and so forth and stargazers in the days of Jesus. But there was a star that passed through the land. And three men followed that star, and no one else saw it but them, for they were looking for it. They were looking for the star of Jacob to rise. See? They were down in the country there where Balaam, the prophet, had spoke that this star of Jacob would rise. Now, you look for Him. Believe Him with all your heart. All right, that's...

L-54 That's--that's... Is that the patient? Is that the--the patient, son? All right, you come right up, lady.

Now, every one be real reverent, just as reverent as you can. You don't have to bow your heads to pray. You... I just want you to... When I ask you to bow your heads... Sometimes a spirit gets real contrary, and they just don't want to come at all. And that's the time you have to have an authority. Do you believe in that? See?

Now, there's sometimes if a person's faith will come up, but maybe they don't have enough faith and it--it's just waving

there, and there's a demon trying to hold a, maybe a little unbelief there, just kindly skeptical, sometimes you have to--to command it out. See? And if you do that, then they're angry. That's when they go from one to another. And when they come out... You know Jesus said to them demons, "Come out."

And they said, "Suffer us to go into them swine."

See, a devil is helpless if he isn't in a body somewhere. See? He's just a spirit in the world until he's in a body, and then he--he can torment us.

L-55 Now, our sister coming here, the lady, has come forward to be healed. Now, every one be just reverent, and just... Here's what I want you to do when I say, "Be reverent." Just--just set and say, "I believe that with all my heart." Say, "Lord, I--I believe that You're there at the platform, and You're going to help our Brother Branham right now. And he's going to know all about that woman, and he's going to be able to pray a prayer that'll heal the poor thing." That's what I mean being reverent.

Just think. What if that was your sister, your wife, your mother, or someone? See, see? You'd--You'd want them healed, wouldn't you? And you do to others as you'd want... to do to you (You see?), if you were up here.

L-56 Now, sister dear, you just come near. And I just want to talk to you just a moment. And what I do that for to speak to the person is merely to contact their spirit. You see? You realize that we're dealing with spiritual beings. Isn't that right? It's a--it's a spiritual being. See? You and I are human flesh. It was born in this world. And now, you're... Inside of you is a spirit. And inside of me is a spirit. Well now, if the spirit of sickness or something has come upon you... And then... Now, I don't know what that is. I know that you're a lady standing there, and--and I don't know nothing about the inside part.

Now, the only thing that I know is when this Spirit of God
