L-38 Perhaps there would be someone near around that's an unbeliever. Let me ask you. I--I would change my attitude or not stay. For let me warn you, in the Name of our Lord, it's a dangerous thing. I could stand here hour after hour and give you statements of the officers and so forth, across the nations where they go from one to another. That's right. Anybody knows the Bible knows that's true. They go from one to another. So now if...

Remember I am not responsible for critics or unbelieving. If a few days if something would happen to show up that you happen to find yourself around here with cancer or something, just remember what I've told you. Now, if you're a believer and will be reverent, then I will be responsible (See?), because under God I have to be. But not to a critic. Now, it's... We're dealing with the Holy Spirit. Remember the God of heaven is watching this meeting.

L-39 And now, if our Lord was coming down here now, and was wearing my suit that He gave me, and He was standing here on the platform tonight, He'd looked at this poor old woman standing here. 'Course His heart would go out for her. I don't know what's the matter with the woman. But Jesus does. But Jesus could not do one thing for her until the Father showed Him what to do. But now, if He talked to her a little while like He did the woman at the well, contact her spirit; He would know what was wrong with her, what was the trouble. Is that right? Now, let's ask Him to come; may His blessings be upon us.

L-40 Now, sister, I want you to look up here at me, just to talk with me a little bit. 'Course seeing you wear glasses, as soon anyone would know, like I'd say, "There lays people there on cots that's paralyzed and everything." Well, anybody sees that. You... But now, it... See? Why, I'd say, "Oh, it's something--something wrong with your eyes; your wearing glasses." Well, people'd say, "Sure, that's right," See? But that--that isn't it. That may be; it may be what's wrong with her. If it is, I don't know. But she--she'll bear witness of the truth if it is the truth. I believe you'd be that sincere and honest, lady, that you'd bear witness of what is truth.

And in His Presence we come now, us both, you as--as a believer, coming to me as a believer, that together that God might do something here for us, that would help me to pray for you, to have faith for you; and help you to have faith in Christ also. And maybe together we find grace in God's sight that would help us in this time of need.

L-41 Now I believe we are strangers to each other, aren't we? Now... Yes, that's right, never seen each other before. Well, then, you're just one of the people that was called up here on the platform. And now, your life... God has knowed you since you was a baby, and has fed you all these many years. He knows just what's the matter with you. He knows just what's--what's going to be the outcome of it; He knows what started it; He knows all about it, doesn't He? Well now, I don't know none of that, and you know you I don't know. Now, there's no way at all for me to know it. But He does. Well now, if He would happen to speak to--to you through His servant, just as--as my voice is coming through this. This becomes my servant (You see?), that brings my voice out there.

Well, just as--as my body here... Just like that electric bulb is--there, is a servant to that electrical current. It isn't the bulb that's giving light; it's the current in the bulb that's giving light. See? And that's the way... Now, anybody turn the switch, then the lights goes out. And it isn't the bulb, it can't help it. It

just takes the switch that... In this case, I'd be the bulb to shed any light on the path of God's Word. And It says, "Jesus is the same yesterday, today, and forever."

L-42 And when He talked to a woman one time, just for one, for an example. Many I guess He did. The Bible said the world wouldn't hold the books that He... See? Yeah. Well then, He talked to a woman, and I believe... Now, this is my own idea, that what He was doing there. He said, "Bring Me a drink." He's... Just the conversation to see why the woman was out there and to contact her spirit. He went right straight then after He talked to her a little while and told her where her trouble was. Is that right? He said, "Here's your trouble."

And when she found that, she said, "I perceive that You're a prophet." And she run into the city and said, "The--the Messiah was at the gate." Now, He's... If He's the same, well, reasons show that He'd do the same, wouldn't He? His Spirit would be the same; He'd... All right.

Now, I--I love Him and I believe Him and I hope that He will help us. [\[John 4:1-26\]](#)

L-43 But there's something, and... Yes, you've been sick for some time, very sick too. And you... It's a cancer. Could I talk to you just a minute away from this microphone? Yes, ma'am...?... [Brother Branham steps away from the microphone--Ed.] Now, this woman, God knows the woman. And she knows that unless God helps her, she's going to die. She can't live without God's help now. And I know the woman would be sincere. It wasn't nothing immorally she had did, but just something that I had to tell her away from this microphone, because of a mixed audience. And there's not a person in the world that seen this thing take place besides God Himself and the woman. Is that right, lady? Is that... It was in the... That's... Was it the truth? See, see? Now, the Lord knows that. A vision breaks before. Now, sister, if God would let me see what's been down through the years in your life, and see these things, then would He let me know what the future would be? If He'd let me know what was, if that you know is the truth; if He'd tell me anything for you in the future, you'd know that would be truth too. Is that right? Now, it's not...

No matter how old you are (See?), God still can heal you and make you well. If you'll believe now, this to be the truth, that the revelation of God and Jesus Christ is here tonight, and His Word by first by the Bible has claimed that He would heal you if you'd believe... And if I pray for you... And He specified, the Angel of the Lord, that not even cancer would stand by the prayer. These things is just a gift. You see? The main thing is to pray for the sick. That's what I was sent to pray for the sick. This is just a gift. That doesn't heal anyone.

L-44 Now, He's told you you're--you're condition, your life, whatever it was. He's told you that. The thing goes from me just in a moment, because it has a fresh vision, people out there pulling. You see? And it... And... But whatever it was is the truth. Now, it's always the truth. And now, that didn't heal you. But it's prayer that heals you. The prayer of faith shall save the sick. Now, do you believe with all your heart? All right. Let's bow our heads. [\[James 5:15\]](#)

Our heavenly Father, sickness is overtaken our sister and she's standing here; and Thou alone can make her well. And now, as Your servant, and submitting all things to You, I pray for mercy for this aged mother. God, be with her. And as I lay my hands upon her, I ask the evil sickness, or disease, or affliction, whatever it might be that's wrong with her; that it might leave her and go away. And I do this in commemoration of our Lord Jesus Christ, Who said they should lay hands on the sick and they should recover. I ask it in Jesus Christ's Name. Amen. [\[Mark 16:15-18\]](#)

Now, God Bless you, mother. Don't doubt nothing now. Just go rejoicing and believing with all your heart. All right.

L-45 Howdy do? Do you believe? Now, sir, you and I are also are strangers here together. Never saw me before. [Blank.spot.on.tape--Ed.] Then do you believe? You realize that you're... Anyone who stands here close while the anointing is near, knows that there's something going on. You realize there's something spiritually moving. In other words, you know there's--there's a feeling that you have now of awe that

there's something near hear somewhere. You're conscious of that. Now, that is the Angel of the Lord that I speak of, that gives that feeling.

No, sir, that isn't right. You thought I didn't catch that, didn't you? But I did. It's not a mental telepathy.

L-46 Sir, it's not you that's in trouble. You're a nervous person, all upset. But the trouble of what you come here to see me for, is about a wife that's home. Is that right? Uh-huh, that's right...?... God bless you. The woman's laying dying. She's taking some kind of stuff now to keep her easy, right at this very hour. Have you got a son or something there with her or something taking care of her now? Is that right? Well, then He knows about it, doesn't He, brother? Got your handkerchief?

Almighty God, in the Name of Your Son, Jesus, I bring this handkerchief in commemoration of the Bible, which is written in the Bible according to the Scriptures, in Acts the 19th chapter of Thy Word, it said they took from the body of Paul, handkerchiefs or aprons. The people knew that he was a prophet sent from God. That they knew that the Angel of God was with him. He stood by him. And they knew that he--what he blessed was blessed. And now, Lord, we're not the Saint Paul, but You're still the same Lord Jesus, and here's a serious need. And I ask You, dear Father, as I send this handkerchief to his sick and dying wife, that You will spare her life. I commit this to You, Lord, not knowing what You will do; but I know that You're interested in the case. And I send this and when it reaches her...

When Israel had moved up towards the promised land, the enemy had cut them off. The Jordan rolled between. But Joshua moved out there, and the great Pillar of Fire, looked down, as one of the writers said, 'with angry eyes' at the river, and the river got scared and moved back, and Israel passed over into the promised land. And, God, when this handkerchief is laid on the woman, may the enemy be scared, move back. God, look down through that same Pillar of Fire and save the woman's life. We as Your believing children pray, in Jesus' Name that You'll grant it. Amen.

God bless you my brother, and may you hasten this to her, and may the good news follow. I... We'll be praying. God Bless you.

L-47 Now, be just reverent and have faith. Don't just set suspicious. Believe God. Every person in here could be healed right now. Well, you are healed, if you would just accept it. It has to come to pass. Believe God.

Howdy do, sir? We strangers also, are we, sir? We are? You've been in a meeting but never got to speak to me or anything. That way I--what I mean, I never seen you before as I know of. Do you believe me to be His servant? That what I have told is the truth? Well, if you've done that, then God told me when that Angel appeared, "If you'd get the people to believe you and then be sincere when you pray." See? I said, "They won't believe me. I'm uneducated." He said, "As the prophet Moses was given signs and a vindications to heal his hand of leprosy and--and--and make a stick turn to a serpent and back to a stick." He said, "You'll be given sign. And you'll know the very thoughts of their heart and tell them these things. And by these..." He said, "Which is the Lord Jesus a working in the--proving His Scripture (You see?) that they would believe." [\[Exodus 4:1-17\]](#)

L-48 Now, if we be strangers, and this man here be a stranger, and if God will reveal to me the man's condition or whatever it is, well, then I--there's no room for doubt any more, is there? Then you'll believe if I'd prayed for you, then God would grant it. You do. Well, I... May He grant it my brother. The first thing, I see you're--you're concerned about someone else beside yourself. And I believe that's a relative of yours. I believe it's a--it's a woman. She's deaf or something. And she has a--a--a--a rheumatism like. There's something wrong with her. You have a--a condition. Just a moment; let me speak to you here now. [Brother Branham speaks with the brother--Ed.] That's good. That's right. Is that the truth? See now, God... [The brother says, "that has to be God"--Ed.] Yes, that has to be God; thank you, brother. May the Lord bless you.

Come here just a minute. Are your... Believe now that He will grant to you the desire of your heart? [The brother says, "Well, I've asked God to make it possible that I could come to you, and I don't know how it

was, but I'm here, so it must be God"--Ed.] That's exactly right. Thanks be to God.

Our heavenly Father, I bless this man. May he go now and receive, being that his heart and his faith has moved up. His desire was to come. As Moses lifted the brass serpent in the wilderness as an ensign... The serpent couldn't even pray for people, but they looked and lived; because they knowed that You were in the program. It was obeying what You said, do. And, Father, as the same memorial tonight, I lay hands upon the man, obeying what You said, do; and ask for the healing of his body and for his loved one, likewise. In Jesus Christ's Name. Amen.

Now young man go on your road rejoicing. Go, being thankful, God surely might reward you of your faith. God bless you. [\[John 3:14\]](#)

[Blank.spot.on.tape--Ed.]

L-49 ...plicity, but it--it takes your faith now. You've had a desire in your heart a long time. Isn't that right? I'm not reading your mind, but you, even promised God that the things that you promised that you know you should've done when you was a young woman one time. But you failed to do it. Is that the truth?

Your baby has got some kind of a bowel trouble. Isn't that right? Something, got a paralyzed condition, and it's got a gurgitation. It vomits its little food out. Is that the truth? If that's true, raise up your hand to all of that. How do I know you and how do I know your baby? But the God of heaven is standing here revealing to you. Do you believe God will heal the baby, if I'll ask Him, and will you obey Him and go ahead and do what God...

Our heavenly Father, I pray that You'll bless both the lady and the baby, and may they both get well, Lord, and serve You all the days of their life. In Jesus Christ's Name I ask this blessing. Amen. God bless you now. Go, rejoicing, going, being happy and--and--and praising God for His goodness and mercy.

L-50 Let's say, "Thanks be to God." Now, be reverent, every one. Just... Oh, this--this man's deaf standing here. I can see...?... move it now, as it's... Almighty God, Author of life, Giver of every good gift, send Thy blessings upon this man, this deaf spirit who's here trying to--to hold the man; I pray in Jesus' Name that You'll loose these ears, that he might hear the Gospel of the Lord Jesus Christ. Thou, deaf spirit, come out of the man; in the Name of Jesus Christ, I adjure thee to go.

Can you hear me, my brother? Hear me...?... Hear me? All right, you can come up here to the microphone. This was the deaf ear. See? Hear me? Say, "Amen". [The brother repeats everything that Brother Branham asks him to say--Ed] "I love the Lord." You are healed my brother. You can go on your road rejoicing, being happy. Let us say thanks be to God.

You believe God will heal you of that cancer, sir? Lord Jesus I pray that You'll heal this man; and may he go home and get well. In Jesus Christ's Name, I ask it. Amen.

God Bless you brother. Now, go on your road rejoicing, thanking God as He...

Come, lady. Do you believe? Your trouble's in your back, isn't it? That's right, in sitting. Do you believe God will make you well? Lord Jesus, I bless the woman and ask You to heal her; in Jesus Christ's Name, I ask it. Amen. God bless you, sister. Go on your road now rejoicing, being made happy.

[Blank.spot.on.tape--Ed.]

L-51 Aren't you a sufferer too, lady, setting right there? This right here, this with the red coat on. You're wanting to be prayed for too, aren't you? I thought you did. You was praying then. See? Yes, that's... I didn't get just what it was. I do now. It's arthritis. Is that right? And don't you have something else besides that? A phlebitis. Ha-ha. That's right. You believe, going to be healed? Are you all interested in her, you believe too? What about you setting next to her there? You have arthritis too, setting right next to her. And you, lady, you have a--a low blood pressure, don't you? Setting... Is that right? That lady there also she has arthritis also. Is that right? Is that the truth? Raise your hands if that's the truth. There's something connection with all of you, the whole group of you. You're come together. You come from another city: from Ohio. Is that right? Go home and be well now, the whole group of you...?...

Come. You want to be healed? All right. Got asthmatic troubles. Just go thank the Lord and be made well. That's the... God bless you. In the Name of the Lord Jesus Christ.

You want to get over the heart trouble, lady? If you do just go thanking Him, saying, "Thank you, Lord," and God will let you get over it.

L-52 You believe now? I see somebody setting there praying right there--with that white-looking coat on. You have a very odd thing. You have real weak spells, fainting away. Isn't that right? If that's the truth, raise your hand. Stand up and accept your healing now. That--that's it. See?...?... God bless you. Go home and be made well now.

That little woman setting there praising the Lord on the end, you've got some kind of a hurting in your breast, that cause you trouble. Isn't that right? And a stomach trouble too. Isn't that right? It's gas that's pushing out against your heart, and so forth. The Lord bless you. Go home now and get well. The Lord Jesus make you well.

Let's say, "Praise be to God." You want to get rid of that anemia condition? You do? Say, "Thank You, Lord for healing me." Accept your healing; do you do it? All right, go on your road rejoicing and be happy.

Let's say, "Praise God." You want to get over that gallbladder trouble? You do? Stand up and accept your healing then...?... it. God bless you, that's fine...?... Amen. Have faith in God. [\[Mark 11:22\]](#)

L-53 All right, come, sir. You want to get over that heart trouble? Just go on your road rejoicing, saying, "Thank You, Lord, I-I'm..." That's the way to do it. Believe with all your heart.

You want to get over that anemia condition, back there? You believe that God will make you well? You. All right, sir. Stand up and accept your healing then. Say, "Thank You, Lord Jesus," and you can... God bless you. That's the way. All right.

Heart trouble, tumor? Oh, God, be merciful. Lord Jesus, I pray that You'll heal the woman and may she go home and be made well, through Jesus' Name. Amen. God bless you, sister. Go rejoicing. All right.

Come. My little brother, do you believe me to be God's prophet...?... You have diabetes, don't you, honey? You want to get over it? If Jesus was here, He'd lay His hands on you; you'd get well, wouldn't you? Then in the Name of Jesus Christ, get well...?... Go and may the Lord bless you and make you well.

Let's say, "Thanks be to God." All right, lady, you want to get over that heart trouble, don't you, sister? Be made well? All right, come. The Lord Jesus bless this woman and may she go home and be well. Through Jesus Christ's Name, I ask it. Amen. All right.

L-54 You believe now, sister? Believe that God will make you well? Father, I pray that You'll heal her and make her well, in Jesus Christ's Name. Amen. God bless you, sister. Go on your road.

Look. You know what was your trouble? Tubercular (See?), and you're just--your in a bad shape, but God will make you well if you believe it. Isn't that right? All right. Go on, rejoice now, and be made well.

[Blank.spot.on.tape--Ed.]

[Someone speaks with Brother Branham--Ed.] That right? Well, you believe she can be healed, brother? You do? Ah... It's a--it's in your spine. Is that right? The vertebrae's all out. If you believe God and believe me to be His servant, I'll ask God to heal you and then you can get up from there and go home, if you'll believe. Walk out and be well. You believe it? Lay your hand on her, sir. You setting there by her, lay your hand over on her.

Lord Jesus, I don't know why You pulled around to show that woman, but she's laying there; years she's been laying like this. But Thou can make her well. I pray, God, that You'll heal her and make her well. Now, look down upon that scene, and I ask as Your servant, that You'll heal the woman and make her well. May she rise up, go home, and get over this; and be a well, healthy woman again to give God praise. Realizing that nothing else could help her, but God right now, I ask in Christ's Name for her healing. Amen.

God bless you now, sister? Now, you feel that you're healed? If you are you can get up out of the cot

when the service, and go on out and go home.

L-55 How many of the rest of you'd like to be made well just at this time? Don't worry, there she gets up: paralyzed in the spine. The rest of you could be healed too. Let's raise your hands and give praise to God. Anybody want to be healed, just come right on now. Stand up to your feet; accept your healing. Lord Jesus, I pray that You'll make every one of them well. May they leave here tonight, Lord and be healed tonight. As Your Spirit moving down here and make them well. In Jesus Christ's Name, I ask it. Amen.

53-0604 - Roberts Park Amphitheater, Connersville, IN (Paragraphs: 45 - 57)

L-46 Now, lady, as we being strangers, I do not know you. God knows I don't know you. The Bible laying before me...?... and God Who is--is present now, knows that I don't know you. I never seen you. And if you're--if you're up here for some good, I pray that you get it. I pray that God will reveal it, and make it known unto you, something to help you. And if a--if you're up here in pretension, you'll know that in a little bit too, 'cause He'll--He'll call that to you also. He is God (See?), and we're just man and woman. But you're up here to be prayed for for a heart condition. Isn't that right? Very bad heart condition. I tell you what the trouble is. The valves of your heart is closing up. Isn't that right? You haven't got much longer to live unless God has mercy. And here's one of the main things, lady. Do you believe me to be God's prophet? You do? I believe that, lady.

The same Jesus Christ that talked to the woman at the well, knowed her troubles, and knowed just what was causing her trouble, didn't He? The main thing you need tonight, is Jesus Christ as personal Saviour. You're a sinner. Is that...? That's right. You've done wrong and never accepted Christ. Will you now accept Him as your personal Saviour? You do accept Him now as your Saviour, and you ask Him to have mercy. And if He'll let you live, from this a--a--heart condition, which I see your doctor shaking his head, that there's not a chance for you. But if God will let you live, will you promise to serve Him all the days of your life and live for Him? You will? Come here, just a moment.

L-47 Almighty God, Your Spirit that was at the w--Samaritan well that day, that was upon Your beloved Son, Christ Jesus, has returned to the earth, to be the same yesterday, today, and forever, and to confirm and make the words true, that He said, "These things that I do, shall you do also, and greater than this will you do, for I go to My Father."

Here's a woman standing here, Lord, who's asking mercy and pardon for her sinful life. And she now surrenders her life to You. And we're taught that all things work together for good to them that love You. And she's dying, Lord, with this heart condition. I pray that You'll heal her. And may Your Spirit come upon her and forgive every sin. And may she go away from here tonight, and get well, and serve You all the days of her life. In Jesus Name, I ask this blessing. Amen.

You are a Christian now. Now, go and sin no more and you'll get well. God bless you...?... Ma'am... The le--let her testify this. [The patient testifies this: "I said, I was so happy. Now I'm ready to go. I don't care whether I get well or not."--Ed.] Thanks be to God. To you critics who would criticize our Lord Jesus Christ, what about that? He's the Lord yet. Believe Him, do you? Have faith in Him; God shall bring it to pass.

L-48 You feel better don't you? Little lady setting there next to you, wants to get well too. She's got eczema, isn't that right? It's inside, what you got. Is that right? The lady set down, that she's just been saved. God's with her, a Light's whirling all around her. See? And you go home and be... Lady--lady that just got saved, lay your hand over on the lady there. The Lord bless her now, and may she be healed, in Jesus' Name. Amen. God bless you, the both of you.

All right, come, lady. Do you believe with all your heart? Do you believe these things comes from God? Even if I didn't even say... If He didn't tell me one thing about you, yet, you'd believe anyhow, would you? If I'd just say I'd pray for you, you'd be all right, would it? Now, that's faith. How many believes the

same thing? You'd say, "Just ask a prayer for me; I'll get all right." Thank you. Now, faith is begin to move. A wall of faith's moving up each night, getting stronger and stronger. If we can just hold out and keep moving, you're going to see something break loose here like they've never seen before. See? There'd be more than cripples walking. It'll be the glory of God, if you'll just only believe.

L-49 Now, may the Lord Jesus grant these things and be merciful to us. Now, I want to talk to you, lady. We are strangers, are we? We are strangers. Yes, ma'am. I never seen you in my life, don't know nothing about you. That's true. But God knows all about you; but I perceive that you are a Christian. You are a Christian woman. And you're from a Christian family. That's right. You have a sick husband. Is that right? Isn't that the man standing right there? That's right. You're suffering with diabetes, aren't you, sir? Is that right? Just walk around this way; you don't have to come in the line. Look here. You're in a serious condition. You have a cancer. Is that right? The cancer's on the breast. You also have liver trouble. You have kidney trouble. You have a heart trouble. Your doctor can't operate on you, he said; because if he give you anesthetic, take the cancer out, the anesthetic on your heart and condition would kill you. Is that right? If that's right raise your hand. Come here just a minute.

Almighty God, Author of Life, and Giver of every good gift, send Thy blessings upon this poor mortal. May she and her husband go home, and be well, and live happy for many years. Cursed be this cancer and all the diseases of her body. And the heart trouble; in Jesus Christ's Name, may it leave her. Amen. God bless you, lady. Go rejoicing and be happy, and the Lord be with you...?... All right. Have faith in God and God shall bring all things to pass.

L-50 Howdy do, young man? Do you believe what you have seen to be the Spirit of God? I thank you. I-I thank you for that. You are a--some kind of an attendant in some kind of a sanatorium or something. Isn't that right? I believe it's a sanatorium--mental place. That's right. You've been struck on the jaw, and it's caused you to have headaches. Is that right? Go home; you're going to get over it, brother. God's going to make you well. God bless you...?... Amen.

All right. Come, little honey. Bless its little heart. Heart trouble. Let's bow our heads a minute for this baby. Dear Lord Jesus, I pray for mercy for the little one. May she be made well. May she go and be healed, as I lay my hands upon her and ask for mercy; in Jesus Christ's Name, I pray. Amen. God bless you, honey. You believe you're going to get well now? Jesus loves you. Did you know that? Now, if He was here, He could know what was wrong with you, wouldn't He? And He'd lay His hands upon you and bless you, and you'd get over that heart trouble, wouldn't you? You'd get well. Well, you believe Jesus sent Brother Branham to do that? God bless you. Say, ain't you got a--one of your loved ones that's kindly deaf or hard of hearing. Isn't that right? Some of your people, that's a little hard of hearing, out there? Hmm? Now, you go over and put your hand over on her now, when you go down there, and she'll get well too. God bless you.

L-51 Lady, would you like to go home and eat supper like you used to and enjoy it? Huh? Well, go ahead, and God be with you and bless you, and make you to do it. God bless you. Your stomach trouble will leave you. God be with you and help you. God be with you.

All right, lady, you come. Have faith in God. You want to get over that gallbladder trouble, setting there, lady? All right, just stand up and He made you well awhile ago; I seen Him do it, but I just waited till your...?... God bless you now, go, and you're going to... Got gall stones; they'll go to pass, and then it'd be all right. Don't fear.

Awful nervous aren't you, lady? That's the devil that makes you that way. Is really... You think there's many things wrong, but nervousness is what the main thing is that makes you feel like everything's wrong. Like a black bolt comes from you, like a cloud, or something that's wave like a breath moving. You get scared; many times in the evening times when the sun is sinking low, you get real weary, don't you? Is that right? Many times you think you're going to lose your mind, but you're not. See? You'll last; fear not. You're going to be all right. Do you believe me as His servant? Then it... Right now, listen... If

this is right. You've often prayed and wanted a place to where you could think you could set your foot to start from. Isn't that right? All right. This is your footstep; go now and be healed in the Name of the Lord Jesus and be made well. Amen. Have faith in God.

L-52 Come, lady. You believing? All your heart? All right. That's the way to do. Have faith in God. You believe me as His prophet? You do. You look like a mighty healthy woman to be in your condition, but you are sick: Tuberculars. You believe He'll make you well? Come here. Lord Jesus, I pray that You heal the woman. May this evil leave her, and may she go and be made well; in the Name of Thy holy Child, Jesus Christ. Amen. God bless you, lady. Go now and rejoice and be happy. And you're going to be all right. God bless you. All right.

Don't fear, only have faith and believe, my sister, and God will grant these things to you. All right. Yes, ma'am. You go do as I tell you to do. See? You go out of here just being happy, and thankful, and rejoicing, it'll leave you. See, see? Now, you believe that? If you'll do what I tell you... Just let the negative testimony be gone from now on. Go, saying, "Thank You, Lord. I believe You with all my heart." Because His own Word even here says you're healed. You just go believe it; you'll be all right. God bless you now. Go rejoicing and be healed.

L-53 All right. You want to get over your back trouble, sir? Just reach down like this and say, "Praise the Lord." Go on your road rejoicing, sir. You're healed. Let's say, "Praise be to God." Believe God now. Come, sir. You believe? With all your heart? Do you believe if God would reveal something to me, what your condition is, you would accept your healing? You would? You have heart trouble, don't you? Yes, sir. And let me tell you. You have something that bothers you too, that makes that heart trouble worse. You have a habit. Yes, smoking. Is that right? Forsake it. God don't want nobody to smoke. Forget the thing; go on; you'll get over your heart trouble. God bless you. Amen. God bless you, brother. May the Lord Jesus bless you and make you well.

All right, come, lady. You believe? You want to get over that female trouble? Well, just go thank God for you're healing...?... Have faith now. Don't doubt.

L-54 You been wanting to quit smoking too, haven't you? Isn't that right? All right, rise up from there now, and accept your salvation from God, and you'll--the cigarettes will leave you, and you won't have to fool with them no more. That's an unclean spirit. That thing tries to haunt on the people.

All right. You want to get over the heart trouble? All right. God, heal the man, I pray, and make him well, in Jesus' Name. Amen. Go rejoicing, saying, "Thank You, Lord," and be made well.

All right, do you believe, sister? When I said, "heart trouble," kindly make you shake, didn't it? 'Cause that's what was wrong with you. See? He had a nervous heart, but you got a blocked heart. Come here just a minute. Lord Jesus, I pray that You'll heal the little girl, seeing that she stands here, just in the--a young woman. May Your mercies be upon her and heal her, in Jesus Christ's Name. Amen. The reason I prayed for you was this: You were wondering there if I was going to pray for you, 'cause that's what you wanted me to do was to pray for you. God bless you.

L-55 All right, come, sir. Do you believe me to be His servant? You do? Go eat your supper then. Stomach trouble's left. You got a peptic ulcer in your stomach which is caused from a nervous condition: causes your food to sour and cramp you. Is that right, in there? It's left you now. Go, eat your supper and live. God bless you. God bless you...?...

Lord Jesus make Him well, through Jesus Christ's Name. Let's say, "Thanks be to God." Brother, this a way, just a minute. Come here. I want to talk to you again, just a minute. [Blank.spot.on.tape--Ed.]

Say, "Thanks be to God." Do you believe Him with all your heart? Now, I wish that you would just do this. That you'd just look this way and believe, every person. Just look and say, "Lord, I truly believe." You know that you're over your habit, now, don't you, brother? Uh-huh, uh-huh.

L-56 That lady setting there with that kidney trouble and rectal trouble too, isn't it, lady? You can be

healed if you want to, if you'll accept your healing. The Lord Jesus bless you. God be with you now. Amen. Have faith in Him. Don't doubt. 'Course you see this lady here with a goiter on her throat. You could look and see that was a goiter. The lady setting next to her looks all right, but she's got sinus trouble. Isn't that right, lady? If that's right, raise your hand. That's right. See?

What do you think about it, young lady? You believe too? You got arthritis, haven't you? If that's right, raise up your hand. Sure. You can be made well if you just only have faith and believe.

You want to get over that hernia, sir, setting there? Believe that it--believe that He'll heal you? Raise up you hand, say, "I accept it." God bless you. See? The rest of you want to be healed?

L-57 What about some of you out there? What about that lady in the stretcher? You believe, lady? Yeah, you, the one that's looking that way. Look this a way. You believe me? You do? You believe me to be God's prophet? You do? Uh-huh. I don't know you; you don't know me. But you've had an operation. Is that right? That was for cancer. Is that right? But you got a severe kidney trouble now. Is that--if that's true, raise up your hand. Why don't you accept your healing? You do? Well, stand up on your feet then. Jesus Christ will make you well.

All right, how many of the rest of you wants to accept your healing while she's--while she gets... You believe? Stand up on your feet. Everybody here that wants to, stand on your feet. Lay your hands on one another. Lay your hands over.

Almighty God, Author of Life, send Thy blessings upon the people. I now condemn every sickness in the building. I now rebuke every demon of power. Come out of the people. Leave them, in the Name of Jesus Christ.

53-0605 - Roberts Park Amphitheater, Connersville, IN (Paragraphs: 31 - 50)

L-32 ... Critics. There's a little baby had epilepsy. And they had a--a rag wrapped around a clothespin. He was having a fit right on the platform. And I'd asked our heavenly Father. I said, "Will all bow their heads?" and yet there was some resentment; you could feel it way back, probably, almost long as this building. There's twenty-eight thousand people there, so they was almost at the--way out towards the yard part of the place. Just kept resentment coming. And I looked. It was a minister and about eight or ten of his people. And I said to the usher; I said, "Go, have that minister to put his head down."

The usher come back in a few moments; he said he said, "This is a public place of worship. He didn't have to do it."

I said, "Sir, you won't put your head down?" He said... He set there with his head up. I said, "All right. You--you--that's your American privilege, but remember, I'm not responsible."

And the little baby in a hard fit, I said, "Heavenly Father, don't let the innocent have to suffer for the guilty. I ask You to heal the little baby, in the Name of Your Son, Jesus." The spasm left the little baby. And so I said, "Well, we're very thankful." And the little baby went off. And I heard a commotion, and the whole group struck with epilepsy, right there and around.

L-33 Now, you--you just write to Richard T. Reed, at Jonesboro, Arkansas, the Blessed Old Bible Hour Tabernacle and see that. The whole group has epilepsy and still got epileptic fits. I can prove these--some of these statements here I'm saying by government statistics--or government write ups: officials; FBI agents who's come right in the meeting, and followed it, and watched it, and wrote it up. We're not playing church, friend. So, be reverent. See? Be reverent.

L-34 Now, it's... [Blank.spot.on.tape--Ed.] listen. Some... [Blank.spot.on.tape--Ed.] You, believing tonight, that the Lord Jesus, is here in the building and can make you well? You do that? You... Do you believe that those things that you see and hear... Is this your first meeting to be into? You've been in other meetings. Oh, you've been Flint, Michigan, to the meeting. All right. Well... I see. Now, only God alone could help you. Now, you--just told me what your trouble was of having a heart ailment. That is true. You're... Maybe then, being that you told me what was wrong with you, maybe the Lord will say

something else to you, so just for exercising your faith. You see? Now, do you believe me to be His prophet?" You do that. I say that humbly, See? Just... For He said this, "If you get the people to believe you, and then be sincere when you pray, that's when it would take place."

You're a minister also. Is that right. Yes, sir. And haven't you just come from across some water somewhere from overseas? God bless you. Now, do you believe? Go, you get well of your heart trouble now. The Lord bless you. Yes. God be with you now and you're going to get well, and God bless you. Let's say, "Thanks be to God."

L-35 See? Just to talk just a little. Now, I want you to be real reverent out there now and believe with all your heart. [Blank.spot.on.tape--Ed.]

Do you believe it was the truth? Do you... You're--you're thinking about somebody, aren't you? You're concerned about somebody. It's your baby. Is that right? The little boy laying there. Just have faith in God. God can do it, if you'll just believe.

All right, bring the--the baby. Howdy do, sister. Do you believe with all your heart? I truly believe that. I believe that you are a believer. Anyone in that attitude could surely touch the heart of God. You are--you are--are sick and you're--there's something wrong with your blood: anemic condition. Isn't that right? Have asthmatic condition also. Isn't that true? And you've been--something about a doctor. No, the doctor's been looking at this baby. Is that right? That baby's sick also. Oh, the baby's worse than you are. The baby is anemia also and has a rupture. Isn't that right? And I see a doctor shake his head. That's--the doctor can't do nothing for that baby. That's... Is that right? If that's right, raise up your hand. Can God make you both well? You accept healing for both of you?

Now, the doctor's done all he can do. He's sincere about that. But God can help you now. Do you believe it? Lord Jesus, I pray for mercy for this darling baby and mother. May they both go home tonight, and by Your stripes may they be healed. May Satan not be able to touch them. Come out of them, Satan. In Jesus Christ's Name. Amen. I bless thee, my sister. And I bless the baby, in the Name of our Lord Jesus Christ, Who knows your life and the baby's also. Now, do you believe you're going to be well? You shall have it. God bless you. Go.

Let's say, "Thanks be to the Lord Jesus Christ." Amen.

L-36 Every person in here ought to believe right now. The Angel of God Whose picture is on this paper, Who is scientifically known throughout the entire world at this time, He is right here in this audience right now. He isn't standing but a few feet from where I am. Someday at the day of judgment, you'll see I've told you the truth, that He's right here now, and heal any person that will believe on Him. Believe on Jesus Christ, that He has healed you. Have faith in God. God knows all things, doesn't He? Believe Him.

Where's that lady that was just heal--healed just then with that baby? [Blank.spot.on.tape--Ed.] I thought so. I seen you standing above her here in a shadow. And I looked around; and I thought, "Well, here stands that woman right here." Then I seen you together. You're suffering with heart trouble, aren't you? Just go on back to your seat. That's right. God bless you. Have to accept the Lord Jesus. Have faith. All things are possible if you can believe it. [\[Mark 9:23\]](#)

L-37 Howdy do. Have a stomach trouble, don't you? Uh-huh. Yes, sir. It's kind of a parasite. It gets into your stomach, cause you lots of trouble. I know what they are. I've had them myself. Yes, sir. Well, the Lord Jesus made me well, son; He can you also. Say, you've come a long ways to get here too, haven't you? You've been hitch-hiking to get here, or something another. I seen you on the road moving with your... Is that right? Don't you come from a country that's got a lot of plains or something another like that? I'd say out in the west somewhere? Is that right? Now, go home, you're going to get well and be a normal man again. Your faith has saved you, son. God bless you in the Name the Lord. Yes, sir. All right, go right ahead. Let's say, "Thanks be to God."

Have faith and believe the Lord Jesus. How many believes that Jesus raised from the dead? Do you

believe that He's here tonight, that's the same Lord Jesus that rose from the dead, working among men? Well, have faith in Him and He'll grant it.

L-38 The same Lord Jesus that raised from the dead... Now, look. When He rose from the dead, He went on His road to Emmaus, some people did. I just want to talk a moment. When anointing gets real deep, sometimes I just can't hold myself together like. But listen closely now.

On the road to Emmaus, He met some of the disciples, and they talked with Him all day. And when He got there that night, there's a certain thing that He done, just in a certain way, that they knew that was Him. Is that right? Now, He's been with you all day. He's been with many of you for years. Is that right? Now, watch the way He does things. It's... Haven't you seen Him in your life, the way He done things? When He saved you out of that accident; when He saved you from that sick spell; when you was--had no money and somebody brought some groceries in; you know what I mean, don't you? That's just the way He does things. See? He's with us. He's raised from the dead. He's here tonight. Amen. [\[Luke 24:13-40\]](#)

L-39 All right. Come, young fellow. Now, have faith in God and believe Him. God shall grant all things. Now, I just want to speak to you a moment. Do you believe that what you see is the truth? You do? Now, quickly, when my spirit goes to meet yours, there's something wrong...?... You're a sick man. You're diabetic. Is that right? And you need Jesus Christ as your Saviour. As a sinner, you need Jesus Christ as Saviour. Is that right? Don't you want a Blood transfusion for both soul and body tonight, young man? You accept Him as your Saviour, right now, believe you're standing in His Presence? You do? If you accept Him and testify to this people that you now accept Christ as your Saviour, asking for mercy, raise your hand and turn to the people. Come here. Lord Jesus, forgive him of every trespass, every sin. God, I pray that You'll heal the boy, and may he go out of here and live a normal life, be perfectly well. Forgive every sin and take him into Your kingdom tonight; in Jesus Christ's Name I ask it. Amen. God bless you, young man. Go, rejoicing. You feel like God has saved you now, your sins are gone? You're going to--going join some good church and live for Christ? You're going to be well too, brother. God bless you. [\[Mark 11:22\]](#)

Some minister should speak to the boy, immediately about coming into the--to the church, and getting him baptized. Let's say, "We thank Thee, Lord." "We thank Thee, Lord." And have mercy is our--our sincere prayer for each one.

L-40 All right, bring the lady. Now, you must believe with all your heart, and with all your soul, and all your mind to be healed. And do you do this, lady? Uh-huh. Do you believe that you're standing--not your brother, here (See?), but you're in the Presence of Him, the supernatural One, Who had His picture taken on this paper here? Uh-huh. You do? You married? Could I speak to you to one side, just a moment? The audience sing, "Only Believe," if you will, now. "Only Believe." Come here. [The people sing as Brother Branham speaks to the woman--Ed.]

Just something that [Blank.spot.on.tape--Ed.] ha--couldn't be said before a audience. It was a... Only God Himself would know in that matter. Is that right, young lady? That's right. And just, It couldn't be said before an audience. The vision came and when it left me, I walked over and spoke to her about it; and she holds her hand that that's the honest truth. And no one could be at this place but she and God alone. That's right. Now, come near. You believe if I ask the blessing for you, that God will answer my prayer?

Our heavenly Father, as this woman here just in a not exactly understanding just what this trouble is, Lord, I pray for mercy for her. And may she be made well. Thou art here, Father, and can make her well. And in commemoration of Your Son's Word, Jesus, the last words that fell from His sacred lips, when He went up into heaven, promising to return again, be with us even to the end of the age; said, "These signs shall follow them that believe. If they lay their hands on the sick, they shall recover." And yonder, Lord, that night when the Angel of the Lord come and said, "Go, and be sincere, and get the people to believe you; and pray sincerely, and nothing shall stand before the prayer." You're still God.

You still exist. You're still here. And I ask for her healing, Lord. Spare a young life; I ask in Christ's Name. Amen. It's... Here... It's a serious thing, but I believe you're going to be well. I believe you're going to be all right. The Lord Jesus bless you now, as you go. Amen. [\[Mark 16:17-18\]](#)

L-41 Let's say, "Thanks be to our Lord." Have faith. You want to get over your back trouble? Be made well? You believe that He will?...?... You believe if I'll ask Him then if He'd do it, and make you well? All right, come here just a moment. Father, I ask you to be merciful. Heal the woman, Lord, I pray, for Your glory. Grant, Lord, that the power that raised Christ from the dead will strengthen her now, and take this strangling spirit away from her; and may she go be made well through Jesus Christ's Name. Amen. You believe now? You believe it'll leave you? How long has it been bothering you? Uh-huh. Just gradually choking on--unseen. See? It's... You couldn't see it from the outside, of course (See?), but it--it's not only that, but it's growths also in there. You have growths plus the inward goiter. Isn't that true? See? Just so that He--that you'd know that I understand what I'm speaking of. Now, you just go and don't doubt nothing. See? Just go thanking God. And now, within about seventy-two hours, if our prayer is answered, you'll become sick, real sick, about three days and nights. See? You'll become sick: headaches, nauseous. Don't get worried, that's why... That's when you--you thank God then; it's gone. God bless you, and God be with you. Let's say, "Praise be to God Who gives us the victory."

L-42 Come, sister dear. Do you believe with all your heart? Believe that God will make you well? That your mother? It is? I thought so. You're praying. You have a serious thing, don't you, son? Something wrong with you, you just kinda lose your memory like; you can't think of things. Isn't that true? Is that right? Uh-huh. Mother there, has a heart trouble, that's suffering with nervousness. Isn't that right? That's your mother, Is that right? If that's right, raise up your hand. See? This woman had a heart trouble too. Them demons were pulling one to another. God bless you both. Now, go and get well, both of you in the Name of the Lord Jesus. God bless you, young man, and grant to you the same thing. God be with you. Lord bless you. Let's say the, "Thanks be to God" Who gives us the victory through Jesus Christ our Lord.

All right. Come now, believing. You believe that He'll make you well, sister? With all your heart? Restore to you the--the affliction and make you a well girl again? You'll serve Him all your life, if He'll heal you? Our heavenly Father, I ask for mercy and kindness to our sister. And may the evil one leave; I pray, in Jesus Christ's Name, that he'll go from her. Amen. Now, you're all right. You believe that? Can you hear me all right now? Can you understand me okay? How long have you been this way? Ever since a little baby...?... You understand all right now? All right, you're healed; it's gone from you. Deaf spirit left you; you can go home and rejoice now. God bless you. Let's say, "Thanks be to God."

L-43 Come, little lady. You believe with all your heart? What if the Lord Jesus would just--just say what was wrong with you, would you believe Brother Branham? You do? You like to go to Sunday School? You're a mighty sweet little girl, pretty little girl. And I--I--you... In the way young girls are going today, won't you serve Jesus if He'll make you well? You've had a kidney trouble, honey, all for years and years. See? Isn't that right? God bless you. Come here just a minute. Lord Jesus, this darling little thing, I pray that You'll help her now. Seeing this condition, may the evil spirit go away from the child. And I bless the child for its healing, in Jesus Christ's Name. Amen.

Now, he tried hard, honey, but you're going to get well now. Now, don't you fear. You go right on and love Jesus and God's going to make you well. Let's say, "Thanks be to Lord--our Lord."

Now, sister, do you believe while you're setting there in the chair? With all your heart? Would you like to get over that female trouble that you've had with that--a... All right, just go ahead and believe the Lord Jesus right now, and you'll get perfe--you'll get well of it. God bless you. Amen.

Come here, I want to touch your hand just before going. God, be merciful to her I pray, in Jesus' Name. Amen. Amen. The Lord bless you, sister. Let's say, "Thanks be to our Lord." ...?...

L-44 If you believe now, don't doubt. Now, come lady. Wasn't it kind of a strange thing when I said,

female trouble to her? It's the same thing with you. See? Now, go ahead and just praise God, say, "Thank You, Lord for my healing." Let's say, "Praise be to the Lord Jesus."

All right, would you come, little lady. What do you think? Now, that--that isn't to hurt you, sister dear. It's the thing that'll heal you. Don't be fearful. You see? It's nothing that'll hurt you. Look here at me, just a minute. You believe me to be God's servant, sister? With all your heart? I see you are a Christian. Now, I want to ask you something. You've got a dreadful disease, the third killer of the world, TB. Do you know it? It's TB, is what's wrong with you. Now, the Lord Jesus can make you every whit whole. Don't fear, mother. It'll be all right. Our heavenly Father, I pray for this young woman, right here in the adolescent age. I ask for mercy. May this evil thing that's hid from the doctors... They've tried but it doesn't do any good. But he can't hide from You, God. You know right where he's at. May he come out of the little girl in the Name of Jesus Christ. And I bless thee, my sister, for thy healing, in Jesus Christ's Name. Amen. God bless you, sister. Don't doubt. Now, go, rejoicing, happy; you're going to get well. See? Have faith.

L-45 All right. Now, mother, yours is number one killer, heart trouble. That... It usually takes the people right quick. That's right, isn't it? That's right. It's smothering in you heart, and when you lay down it's--gets bad, and--and you have fluttering spells, and blacking out spells, and things with it. See? Your life could not be hid. You've had a lot of trouble in life; lot of sorrow, and operations and things. Isn't that right? See? I'm not reading your mind, but I--I know what--what it... Is that truth? Now, come here a minute. Lord God, to the faith of this woman, while Thy servant's strength is fastly fading away, I pray, God, that You'll be merciful to her; and may she go from here tonight and be made well; through Jesus' Name, I pray. Amen. God bless you, sister. Go, happy, rejoicing and thanking God, and be made well. Oh, how wonderful. How we can--if you could only believe Him, have faith in Him...

'Course there's no need of me saying what's taken place at this time. It would be hard for you to believe. I can hardly see the audience back in there the... It's such a--something. There's no need of me trying to explain it. Just--you just--just be reverent.

L-46 All right, come, mister, and have faith in God. All right. Just be as reverent as you can be now. How do you do, sir. Do you believe, sir? With all your heart? [Blank.spot.on.tape--Ed.]... wall.

Right there. You're both preachers. That right? You have a stomach trouble, and he has a rupture. Is that right? Lord God, bless Your servant. May he go home and be well, and may that one setting there do likewise, Lord. I pray in Christ Jesus' Name. Amen. God bless you, brother. Go, eat what you want to now. It's a nervousness, just from your ministry and stuff, it's what's got you shook up. You're going to be all right. Don't worry. Peptic ulcer condition is what does it. Just have faith and believe God with all your heart.

L-47 What about you, sister? You believe too? That gallbladder trouble and things, what you... You need Him, don't you? Isn't that your husband setting there next to you? Is that right? I thought that's what it was. You accept your healing now? Raise up your hand, say, "Christ, I accept it," both of you then. God bless you.

Right across his hand there, sets a lady with a female trouble too. Is that right, lady, second one in the...? Is that right? Raise up and accept your healing. You believe? Stand to your feet. Say, "I accept my healing." God bless you. You believing? Believe that God will make you well?

There's somebody... I can't tell... Right here--right over this--this section in this a way, I see a little child that's got kidney trouble, but I can't place where it's at. God bless you. Un-huh. Huh? And there's a little girl standing by him that's having convulsions. Is that yours? God bless you. Lay your hands upon her and on the child, the little boy.

L-48 Rise, sir, you're healed. Almighty God, Author of Life, and giver of every good gift, send Your blessings upon this, Thy people, tonight, Lord. Heal the people here in this audience at this time, through Jesus Christ's Name.

I wonder, while you're standing, or setting with your heads bowed, I want to ask you a question. I want you to be sincere with me. Is there a sinner in here tonight would say, "I want to accept Christ as my Saviour, and I--I believe that He's raised from the dead. I've wanted to be a Christian for a long time."? God bless you, lady. God bless you. Someone else raise your hand and say, "Brother Branham, I..." God bless you, sir, standing at the end. God bless you, sir. God bless you, sir. God bless you, sister. God bless you. Over in the aisles to my left, God bless you. All, over there, raise up your hand and say, "I want to accept Christ." Would you stand to your feet, you that want to accept Christ as personal Saviour, right now? Is convinced that He's here? And if He'll hear my prayer to reveal things the Holy Spirit said to me... I started to call another person setting right here, the lady setting there with the eye trouble, setting there, just got healed. I started to call her, and the Holy Spirit said, "Make an altar call." I've got to be obedient.

L-49 You that wants to accept Christ as personal Saviour and believe that He'll hear my prayer right now, stand to your feet. All over the building, everywhere, every place, would you stand to your feet, everywhere? Rise up. Right now is the time to accept Him. Would someone else care to stand just at this time? God bless you, young couple. God bless you, sir. God bless you, sister. Just remain standing every one. Would you stand? God bless you, young man. Someone else say, "I want to accept Christ, right now. I believe He's here." My dear brother and sister, before God, I lie not: the Angel of God that's here, this picture taken of--is right here at this platform tonight, right here now, directing me to make this altar call. Maybe the last chance for somebody. I don't know. There may be fixing--something fixing to happen, but He told me, make this altar call right now. I never done it before in my life like this.

Will you stand? Anybody here's a sinner and wants to accept Christ as Saviour, would you stand? God bless you. That's right, everywhere. Now, just remain standing a moment.

Father, I do not know why that You have done this. Something strange has struck me. But I pray, God that You'll forgive every one of these who are standing now. May their sins be under the Blood. I believe this is the call; this is time.

The Angel of the Lord may spread forth His great wings over this building just now, and may the distilled dewdrops of mercy sprinkle upon every soul. Grant it, Lord. May the Holy Spirit, in His great transforming power, change the hearts of these people from doubt into faith, and may their testimony be great, and may they receive also the baptism of the Holy Spirit, through Jesus Christ's Name.

L-50 Now, to you that's standing, believes that God forgives you your sins, raise your hand, and say, "I accept Him now, as my personal Saviour." You standing... You believe it, sister. God bless you. Leave the little children up and down the aisle. How many wants the baptism of the Holy Spirit right now? Would like to receive the baptism of the Holy Spirit, not ever received it, wants to receive it, stand to your feet.

Now, let those who... All of you that wants the Holy Spirit, the baptism of the Holy Spirit... If you believe with all your heart... [Brother Branham pauses for someone speaking in tongues, then continues to speak while the tongues continue--Ed.] Those seekers go right straight to the tent right now. Come right down to the tent. [Blank.spot.on.tape--Ed.] ...?... You come out right now. Let's go to the tent. Come here, reverend. The rest of you bow your head, just a moment in prayer, if you will. All right.

53-0606 - Roberts Park Amphitheater, Connersville, IN (Paragraphs: 35 - 54)

L-36 It's so hard preaching and then trying to... See? If you just--just pray with me, the believers. Yes, here It comes now. See, you just was a little bit afraid, wasn't you? You just--you're just a little nervous. That's what done it. See, you're just holding yourself back. See. But look.

You are... You have a--a condition. Your condition is an inward trouble of the stomach. Isn't that right? That's right. It's a stomach trouble, been some time... It's caused from a nervous condition that makes you have a sour stomach and cramp, and so forth, and spit up stuff in your mouth which is sour. It's--it's

an acid... It's gastric conditions in the stomach (You see?), caused from peptic ulcer, that makes your food come up. A little 'gurgitation comes like that to it. Pretty close to what he said, wasn't it? Yes, ma'am. How did I know that? If we're stran... Just revealed to, by God is right. That's right.

L-37 Now, if we would talk a little longer, maybe He would tell me something else of you. There's lots of people here to be prayed for. But you got--had something struck your mind then. You got a husband that's not well too. Isn't that right? Is that... If that's right raise up your hand. Sure. Yes, sir. He has a bladder trouble, doesn't he? Is that right, raise up your hands. Uh-huh. That's right. Uh-huh. Do you believe that's the Spirit of God that you're hearing? Do you believe that God is re... It's coming from some supernatural resource, isn't it? See, it's a little against your teaching that you've been taught. And that's... That's right, now. You know that's the... You can't lie now 'cause I... And you wouldn't do it anyhow, because I'm in the Presence of... you're in the Presence of His Being.

L-38 Here's another thing. I see there's an accident just happened in your family some time ago, wasn't it? A boy. He got hit with an automobile about two years ago. He's got something wrong with his head, he causes his memory and things. Is that right? Now, do you believe? Then come here.

Almighty God, Author of Life, give mercy and life unto this poor woman. Heal her, Lord, and let her loved ones be made well also, Lord. May this be the night of nights for them. And may, O God, all that back... Let them walk in the Light as the Light comes to them, Lord. And may they be called Your children, Lord, and serve You and love You and be made well in Jesus Christ's Name. Amen.

Now, I want to ask you, mother, what you hear talking then, it was my voice, but it wasn't me using it. Now, what He told you is the truth. And now, you go and believe just what has been said and you'll get well. God bless you. The Lord be... (Both, this way if you want to since I will be... Are you one of the ushers, sir? Go, help them.)

L-39 Are you believing? Just believe with all your heart. God knows all things. But if you will, be real reverent now while... It's coming...

How do you do, sir? I suppose that we are strangers, too. Are we, sir? I never met you in my life, but God has knowed both us since we were borned. And He's fed you; He's fed me. And here we are this far along in life, and someday we got to stand in His Presence to give an account for the deeds that's done in our bodies. And what... We should be really reverent people, shouldn't we?

Sir, you're here tonight on a mission, not for yourself. You're here for a mission for a loved one and I believe it's your wife. Is that right? Your wife has went--undergone some major operations, and she's at the point of death. Is that the truth? Have you got a handkerchief in your pocket? Hand it to me just a moment.

L-40 Almighty God, when Israel was cornered there and the Red Sea before them, the mountains, Pharaoh's army pushing, but You looked down through that Pillar of Fire with angry eyes, said one of the poets, and the Red Sea got scared and moved back, because Israel was on the homeward march to the promised land. And God, tonight this poor woman laying there, very low near unto death. She's done all that she can do. The doctors, Your servants, has done all they can do. Everybody's done all they can do. And now, Thou art Jehovah-jireh, the Lord's provided Sacrifice, this crucial moment. [\[Genesis 22:1-14\]](#)

I pray, Lord, as in the Bible we're taught that they taken from the body of Paul handkerchiefs or aprons, and unclean spirits went out and people were healed... We know we're not the St. Paul, but we know that You're still the same Lord Jesus Who honored the faith of the people. Then, Lord, I send this handkerchief to that dying woman and ask for her life to be spared in Jesus Christ's Name. Amen.

Don't doubt. Let no one touch that handkerchief, and put it on your wife's underneath garment next to her heart. Get down by the side of her and pray. Confess everything that you know and promise God to live for Him. And let us know a few days later what's happened to her. God bless you. God be with now. Go and don't doubt. Just believe all things and God will certainly perform. [\[Acts 19:11-21\]](#)

L-41 Do you believe this? Have faith. God will certainly grant the things that He has promised, for He cannot fail. He's God.

Now, sister, I want to speak to you just a moment. And now, to this audience here, I suppose I--I don't know you. I... As far as I know, I never seen you in my life, but God does know you. But this woman being a stranger to me, the Lord knows that. I'm probably a stranger to her, unless she's been in the meeting somewhere and seen me. We don't know one another at all. Well, if the Holy Spirit will reveal this woman's life, and me claiming to you of being His servant, that is the Spirit of the Lord Jesus Christ that raised from the dead is here among us tonight, and God will perform just exactly what He said He would do, claiming and proving that Jesus Christ is the same yesterday, today, and forever... [\[Mark 11:22\]](#)

L-42 Now listen, to you that would resent it. Maybe your teaching could've been a little bit off. Remember, the Pharisees in them days thought they were just exactly right. They were holy, renowned, fundamental, religious men. And they rejected the Jesus. They thought they knowed just how He must be. But God always confounds the wise and prudent. And I... Remember, if this would happen to be right and you would be wrong, you'd be blaspheming the Holy Spirit. You'd be doomed forever without mercy in this world or the world to come.

You have prostate trouble, don't you, sir? I... It's your wife setting next to you with the re--rectal trouble, too. Isn't that right? Is that true? You were both healed right then while I was talking. You don't need your prayer... You don't have prayer cards, anyhow. You don't need them.

The little lady setting right next to there, also, she has been sick: a kidney trouble, but just have faith in God there. God make you well now. [\[Mark 11:22\]](#)

L-43 Now, be reverent. Be in prayer. Now, lady, I want you to look here at me, right at me, just a moment. I want to talk to you as your brother. Now, we are perfect and total strangers to each other. And the Lord Jesus...

Little lady, you had a nerve condition, setting right there by that man, haven't you? Been real nervous for a long time, isn't that right? He healed you just then. So you're--you're well now. You can go home and be well. God bless you.

Have mercy is my prayer for you. Now, be reverent. No, you don't live here. You've come a long ways from here. Isn't that right? You come from the state of Illinois. Is that right? About a two hundred mile journey you've took. Is that about right? And you're suffering with something wrong in your lungs, a lung condition. And, say, I see you trying to get out of the bed of the morning. You have an arthritis condition too. It makes you stiff. If that's true? Do you believe Christ will make you well? Look to me. I don't... You know what I mean, like Peter and John said, "Look on us." Elijah the prophet said, "If it wasn't I respected the presence of Jehoshaphat, I wouldn't even look to you." [\[Acts 3:2-9\]](#), [\[II Kings 3:13-15\]](#)

L-44 But now believe. You've been--you've been in a prayer meeting before. It wasn't mine. It was a man kind of heavy-set, chunky built, with kind of a brown hair. And he kind of has a frown on his face like--very sharp speaking man at the meeting. Is that right? If that's right, raise your hand up. I seen it come before me. It can't be nothing else. God can't lie.

The doctor told you to go home. I see him telling you. Said, "The only thing for you to do is take a long rest in the hospital." Or, wait. I see a prairie. He said you could go west if you wanted to. Is that right? Is that what he told you? Yeah, that's right. That's exactly right. You have a little son at home, don't you? And he has a lung trouble too. Doesn't he? If that's right, raise up your hand. That's right. Come here just a moment, please.

Almighty God, Author of Life, Giver of every good gift, send Thy blessings upon this woman, upon her household. While she's standing here and the Holy Spirit moving through her now, may she go home and get well, Father. As Your servant, I bless her, with my hands laying upon her in the Name of Jesus Christ.

And, Satan, you who bound her, done all this evil, we come tonight as the Christian people in the

representative Name of Jesus Christ, and we adjure thee, by Him, that you leave the woman and bother her no more. Come out of her through Jesus Christ's Name. Now, return. Don't doubt nothing. You'll get well. God bless you.

L-45 All right. Come. Do you believe? If the Holy Spirit will just tell you what's wrong... You're conscious that something's going on. That's the Angel of the Lord. You see His picture? That's just what's waiting over you now. Your trouble's in your back. Is that right? Now, go ahead. You're going to get well. He's blessed you. God be with you and bless you.

Let's say, "Thanks be to God."

Do you believe? With all your heart? Just a moment. Somebody setting right across the fence there's got a back trouble too. Wasn't that right, sir? You was healed just then when that man was healed. That spirit called out for help. God bless you. You were praying, wasn't you, sir? I thought you were. I seen someone praying with a back like that, and I heard that scream come out. I looked back and I seen this man. Then I heard it call, and I seen a Light hang over you. So it must be that it was you.

L-46 That lady setting right down there at the other side there has a nervous trouble's been bothering her, right down there in that light hair. Isn't that right, sister? Yes, sir. You've had nervous trouble. Isn't that right? You just got healed just then. God made you well.

That little lady setting right behind her with that female trouble, setting right back there behind her too, you was just healed the same time, sister. You can stand up also. Raise up your hand. You had a female trouble that's been on the ovaries. So it was abscess. It's gone from you now. You can be healed. Go home.

L-47 Amen. Why do you doubt God? Sir, would you like to go eat your supper? Enjoy it again? Do you believe me to be His prophet? Well then in the Name of Jesus Christ, go and eat your supper; eat your breakfast. Testify of your healing. The ulcer's gone from your stomach. God bless you. Do you believe that? You don't doubt now.

Come, lady. Do you believe? Do you believe me to be His servant? If God will tell me what was wrong with you, quickly without saying anything farther... So much of that gets me so weak that I get swimmy. Do you believe that does that? Our Lord said that, "Virtue has gone out from Me." What is... "Virtue's" "strength." When the woman touched His garment... It's pulling from all over this audience. And you got heart trouble. Is that right? Now, you believe you're healed? Then go, testify of it, and God will be with you.

You had the same thing, sir. So you can just keep walking. God did the same thing. Amen.

Female trouble, just keep going. Be made well in the Name of the Lord Jesus.

L-48 Do you believe out there with all your heart? Don't doubt. Have faith now. God will bring it to pass. If you'll absolutely believe it and don't doubt it at all, God will bring it to pass. Be reverent. Have faith in God.

What about way up in the corner there? You believing? Raise up your hand. Stay right with it. It went to the corner twice.

Now, come here, lady. You want to get over that cancer? You would? Do you accept Jesus as your Healer now? [Sister says, "I hope to."--Ed.] Now, hope to won't do it, sister. You either look or die. You look, you live. It's up to you. Father, I pray for faith for the woman. May she live. In Jesus Christ's Name I ask it. Amen. God be with you, sister. [\[Mark 11:22\]](#)

L-49 How do you do, lady? Do you believe me to be His servant? Do you believe that He's here now? You believe His Spirit's here to make you well? You're a stranger here in this city too. You're from Toledo. Is that right? And aren't you a minister? Your husband's a minister too. That's right, setting right here. Uh-huh. Never seen you in my life. But you got heart trouble, haven't you? You're healed. God bless you. Go on your... See, your mental attitude's quite a difference between you and the lady that just passed here.

See? Go... All right. Go, have faith.

All right. Come, sir. Believe Him? Almighty God, I ask you to heal the man, deliver him. In the Name of the Lord Jesus Christ may it be so. Amen. That's the way, sir. You was healed while you was setting right there in your seat. God bless you. That's the way. All right, sir.

You want to get over that heart trouble and be made well? You want to accept it right now and believe that God's going to make you well? Lord Jesus, I pray that You'll heal the woman, and may she go home tonight and get completely well through Jesus Christ's Name. Amen. Now, go... Look, look, live. See. Believe Him with all your heart. God will bring it to pass.

L-50 Let's say, "Thanks be to God." [Congregation says, "Thanks be to God."--Ed.] All right. Everyone reverent. Just a moment. The deaf... Oh, it's this man standing here. Here's a deaf man. Bow your head everywhere.

Almighty God, Author of Life, Giver of every good gift, send Thy blessings upon this man. I pray that You'll heal him. Thou deaf spirit, leave the man, come out of him. In the Name of Jesus Christ I charge thee before God and the Divine gift. Leave the man. Do you hear me, sir? Can you hear me now? Can you hear me now? You're--you're well? [Brother says, "Yes, sir."--Ed.] God bless you. You can raise your head. The man can hear perfectly. Do you hear me? ["Yes, sir."] Say, "Amen." ["Amen."] Say, "I love the Lord." ["I love the Lord."] Say, "Glory to God. Glory to God." ["Glory to God."] You're healed, brother. You've been--you've been kind of nervous lately, haven't you? It's a prostate trouble. See, it's been bothering you and it struck you. But it's gone from you too. See, you've been getting up at nighttime, see. Go... Is that right? Nobody knows that, from the bathroom sink. Is that right? Is that the honest truth? All right, you're healed now. Go on your road rejoicing.

L-51 Let's say, "Thanks be to God." [Congregation says, "Thanks be to God."--Ed.] Go, tell the unbeliever the deaf hear, the blind see, the cripples are raised up. Blessed is he who is not offended in the Gospel of the Lord Jesus Christ. "The Gospel came not in Word only, but through power and demonstration of the Holy Spirit," Paul, quoting.

Come, sir. Do you believe with all your heart? Do you believe that you're standing in His Presence, not your brother, His Presence, in His Presence? If I be God's prophet, then He will reveal to me what's wrong with you. That's right? You believe that. You have some kind of spells. It's epilepsy. Isn't that right? And another thing, the greatest you need of all is Jesus Christ as your Saviour. Is that right? You accept Him now as your personal Saviour? Stop smoking, and everything else, and going to give your life to Christ? Quit smoking. Throw them out of your pocket then. [Congregation rejoices--Ed.]

L-52 You want to believe Him? Let's stand to our feet just a moment.

*I will praise Him, I will praise Him,
Praise the Lamb for sinners slain;
Give Him glory all ye people,
For His blood can wash away each stain.
I will praise Him, I will praise Him,
Praise the Lamb for sinners slain;
Give Him glory all ye people,
For His blood can wash away each stain.*

Audience, we could stand here... We don't want... The city's nice to let us have this place. I'm weak, tired. We could stand here hour after hour on this, but what more could God do than what He's doing right now? If you don't believe now, you'll never believe. There's no need.

Now, if I have told the truth and God's confirmed it to be the Truth, then you believe me now. I'm telling you the truth. I want you to lay your hands over on one another now. Now, I want you to listen closely. I want the whole audience to repeat after me this prayer. Now, you... I'm going to say it. Do you believe

God tells me the words that'll defeat Satan? Now, you just repeat what I say now, as you bow your head.

L-53 Almighty God, [Congregation repeats after Brother Branham--Ed.] Author of Life, Giver of every good gift, send Thy blessings upon Thy servant. Lord, I'm standing in need of Thee. Thou knowest my need. This what I have seen, I do believe that it's Your Word. And I now accept Jesus Christ as my all-sufficient need. Lord Jesus, have mercy on me. I shall go from here testifying to the glory of God. Help me, Lord.

Now, with your heads bowed. Keep that in your heart. Get shut in with God. If you're a sinner, receive Him. If you need the Holy Spirit, be ready. If you're sick, accept your healing. Now, I'm going to pray for you. And if God can hear my prayer here to make demons leave from this platform, reveal sickness and sin, then God can also cast every demon in this building out right now.

L-54 Now, Father, Thou seest the people. They're gathered in one accord in one place. The Holy Spirit, the Angel of God, is moving like an amber Light around over this audience. Have mercy, Lord. You've heard their confession. And You said, "If thou wilt confess with thy lips..."

O Lord, I pray for mercy for these people. Many of them are bound and sick. And God is here to make them delivered, to bring down His Truth, to show His power, the resurrection of His Son. And O God, if I have found favor with Thee, I pray tonight that You'll give me favor with this people. And now, as I go forward to challenge the enemy, that doubting spirit that would hang around this place to keep the people from being healed, thou demon, I charge thee by Jesus Christ the Son of God as His prophet, come out of the people. I adjure thee to leave them... [\[Romans 10:9\]](#)
