

# 58-pl-02, Prayer Line 58-02, 80 min

*[58-0108 - Lane Tech High School, Chicago, IL (Paragraphs: 53 - 66)]*

*[58-0110 - Lane Tech High School, Chicago, IL (Paragraphs: 41 - 63)]*

*[58-0112E - Lane Tech High School, Chicago, IL (Paragraphs: 39 - 59)]*

*[58-0125 - The Hippodrome, Waterloo, IA (Paragraphs: 54 - 71)]*

## **58-0108 - Lane Tech High School, Chicago, IL (Paragraphs: 53 - 66)**

**L-54** I want to ask you. If in this audience, at least two or three people, the Lord will grant that they'll have faith enough to touch His garment, and He will return back in His Spirit and perform just exactly like He did when He was here on earth, would all of you be satisfied to accept Him as your Healer? Would you do it? Say, "Amen," if you would. [Congregation says, "Amen."--Ed.] May He grant it, is my prayer. Now you just pray. And if you... [\[Matthew 5:25-29\]](#)

How many sick people in here wants to be healed, raise your hand. Just everywhere, all right, sick people that wants to be healed...

Now, if there's anybody in this building that I... I don't know no one that I'm looking at.

**L-55** I think this is Rosella sitting here, the little girl that was a alcoholic, that was called out in the meeting somewhere, been an alcoholic, and the doctors had passed her up. She, when she was called by the Lord, the girl knows I never seen her or knowed of her. And the Lord told her all about her life and her condition, and told her she was going to be well. And here she is tonight, a trophy of God's grace. A alcoholic, till doctor after doctor had turned her away, even Alcoholics Anonymous. I know her.

**L-56** But, otherwise, I am pretty sure that this brother looking at me, sitting right here with the gray suit on, he's the brother that brings us the flowers. I believe that's right. I--I can't think of his name now. He was down to my house not long ago with Brother Boze; Shultz, Brother Shultz.

Outside of that, I thought I seen Brother Fred Sothmann just a few moments ago somewhere in the building, but I forgot where it was at now. However, he was--is here somewhere.

And I--I don't know no one else. But God knows you all. If you'll just pray and ask God, test your faith.

**L-57** And don't no one move around now. Be real reverent for the next few moments. Now, "Only Believe," if you will. And just as reverently as you possibly can for a few moments, and just set quiet. Just think, Christ promised it. "A little while, and the world will see Me no more; yet ye shall see Me, for I (I, not another. 'I' is a personal pronoun). "I will be with you to the end of the world. The things that I do, shall you also." "Jesus Christ the same yesterday, today, and forever." Is that true? It's got to be true.

Well, I am very grateful to the Lord. I would... You can raise your heads if you wish to. [\[John 14:12, 19\]](#), [\[Matthew 28:20\]](#), [\[Hebrews 13:8\]](#)

**L-58** Right here at the corner, there's a lady setting right here on the corner. It's a colored woman. Lady, I don't know you. God does know you. But there's that Light just above the woman now. She has... If the Lord will reveal to me what your trouble is, and what you're praying about, will you believe that it's the Lord Jesus to help you? You must be in trouble, or something you're desiring, 'cause there it is.

See, friends, you say, "Well, I don't see It." That's possible that you wouldn't see It. I'm looking right straight at It. See? You say, "Well, Brother Branham, if you can see It with your senses, I can too." Oh, no.

**L-59** Paul saw that, the Jesus in a form of a Light, and those who were with him didn't see it. See? The Magi saw the star, the Light that led them, but no one else saw it. It's just for some. It's gifts.

The woman has sinus trouble. That is right. You also have heart trouble. That's exactly right. Listen. Your name is; they call you Essie. Uh-huh. Your last name is Upshire. You live on North Cleveland Street. Your address is 1264. That's exactly right. You're... You touched Something, lady. You know you

never touched me.

That girl setting next to you there, she's praying too. And she's praying for somebody else, and that's your mother, and she has something wrong in her lungs. And you're some connection with this woman here, you are her daughter-in-law. And your name is Margaret. That's right. And you live at the same place. I see you coming and going in. [\[Matthew 2:21\]](#)

**L-60** What do you think about it, sir, the next man setting there? Do you believe that Jesus Christ be the Son of God? You do? If the Lord will reveal to me what your trouble is, will you accept Him? You have stomach trouble. That's right. If that's right, stand on your feet. Correctly. You're a preacher.

'Course, you say, "He's looking at his clergy clothes."

All right, besides that, somebody expects you to be a Presbyterian, but you're a Pentecostal preacher. That's right. Amen. Your nervousness is what made your ulcer. It's gone. Go home and be well, brother. Amen.

Have faith in God. Just don't doubt. [\[Mark 11:22\]](#)

**L-61** What do you think setting right here? Yes. Do you believe? You believe me to be God's servant? Or, you want something from God? If God will reveal to me what you want, will you believe that the Supernatural is being done? You believe it's just exactly what Jesus would say? All your heart? You have a growth, and that growth is on your hip. That's right. And you also have stomach trouble; it's caused from a nervous condition. That's right. Your name is Eva May. Readman is your last name. You live at a street, 1378 West 13th Street. That's correct. That you might know that I be God's servant, that's your little girl setting there. You're wanting prayer for her. That little girl has hemorrhages, and they come on her when she gets excited or goes to crying real hard. That's THUS SAITH THE LORD. That little boy is her brother. That's right. The little boy, also, you want prayer for. He is bothered with constipation, and he has fell off a lot of weight just recently too. Hasn't he? That's THUS SAITH THE LORD.

**L-62** The white woman setting next to you, seems like she's disturbed about something. Do you believe, sister? You believe God has sent His Son Jesus Christ to declare to the Gentile generation that He is coming soon? You have a gland trouble you're suffering with, and also a colon trouble, and you're nervous. You're not from this city, either. You're from Detroit. Your number, where you live, is 12134 Fandler Street. That's right. Detroit, Michigan. You're an Italian. Your name is Viola P-o-l-o-f... Polofmba. Uh-huh. Have faith in God, and receive what you ask for.

**L-63** What do you think, down in this a-way? Do you believe with all your heart?

What about you, little lady setting there? Do you believe with all your heart, little lady on the end there? Well, either one of you, it doesn't matter. What do you think, you there right next to her? You believe with all your heart, little mother setting, looking at me? What do you think about it? You believe that the Lord Jesus would heal you of those varicose veins that you have? You do? Maybe you'd think this, you'd believe more if I'd tell you your husband had ear trouble. You wanted him prayed for. That's exactly right. Now, do you believe me? You wasn't getting it at first. That kind of woke you up to the thing, 'cause you received your healing then.

**L-64** You raised your hand, next to her, lady. What do you think about it? You believe that God would make you well? You will? All right, then your arthritis will leave you...?...

What did you think, sir, you that waved your hands? You believe God would heal you of your heart trouble, make you well? Do you believe He will?

You setting, looking at him there, do you believe too? You want God... You had heart trouble too, didn't you? Yes. And you had diabetes also. That's right. You believe God will make you well? Then you can have it.

Don't you believe? Have faith in God! [\[Mark 11:22\]](#)

**L-65** What down in here? You, sir, setting there on the end of the seat, you believe? You should, you just

been healed. See? You had foot trouble, didn't you? You believe that the Lord Jesus... But you're praying for somebody else now; that's your brother. And he's in Wisconsin. He's just had an operation on his lungs, half of it was taken out. That's right. You believe? Then you can receive what you ask for. Oh, blessed be the Name of the Lord!

*I-I will praise Him, I will praise Him,  
Praise the Lamb for sinners slain;  
Give Him glory all ye people,  
For His Blood has washed away each stain.*

**L-66** Blessed Lord, we'll see You someday coming yonder in the heavens. We know You're here now in a spiritual body; You've declared Yourself perfectly to us. The world cannot read that, Lord. We don't even expect it to, because You said, "They'll not see Me no more." But we know that You've got children that can see You. We got children that know You. And we are thankful for it.

And we pray now that You'll sweep over this building, with the great Holy Spirit, and heal every sick person in here. Just now get glory to Yourself, Lord. May the people not set in deadness, but may they rise and shine and--and give God praise and glory. In Jesus' Name.

If you believe Him, stand to your feet and give Him praise with all your heart. And rejoice in the Lord Jesus, for He now heals every one of you, for His great Divine glory. The Lord bless you. Amen. [\[John 16:16\]](#)

### **58-0110 - Lane Tech High School, Chicago, IL (Paragraphs: 41 - 63)**

**L-42** But now, what if the Holy Spirit... If we both men and going to stand in His Presence, the mighty Conqueror, and if the Holy Spirit will come and reveal to me... Like Jesus said, "I do nothing in Myself. And I do nothing till the Father shows Me." Then according to His own Word, which the Scriptures cannot be broken... He said Himself, "I do nothing till the Father shows Me first." How many knows the Bible said that? Saint John 5:19.

Now, His words are true, therefore He did not do one thing until God showed Him first. Then He saw a vision, like the woman at the well, and all the rest of it. He saw a vision. Now, if He will do the same thing tonight, that will show that...

And He will let me know something about you [Blank.spot.on.tape--Ed.]... your trouble, how sick you are, what your trouble is, or what you're here for, or something that you've done, or anything that you know that I know nothing about, that would His grace, His mercy. It would be to vindicate that He's here. Would you believe it that way? You would. Will the audience believe it the same way? [\[John 5:19\]](#)

**L-43** Now, you see, both of us here. And I'll look down that line of people. There's not a person that I know. Not even in the audience tonight, only Rosella setting right here. I know her, the little girl that was healed of being an alcoholic, just the same way these people are here each night. How about it, Rosella? That's right. Told her she was an alcoholic and what sin she was in.

And I wonder if that little lady here that was a--a dancer, what was her name? She was--she was a Catholic girl, I believe, then or something. And It called her. She was here the other night, so I were told, that her and her husband, I believe, and little boy. What was her name, sister? Eileen.

Eileen, are you here tonight? If you are, would you raise your hand? She was Fred Astair's dancing partner, and was mixed up in dope and everything else, and the Holy Spirit called her right out, right here at Hammond. She was gloriously converted. And now, she's on the field working for the Lord.

**L-44** Rosella, out into the jails and everything, working for the Lord. When she come she was a miserable, walleyed, wretched, drunk looking thing, full of dope and out of the swing holes down here in the city, with her coat opened up like this, and a bottles of whiskey poured down in it.

And the highest doctors of this city said, "There's not even a hope for her." But, oh, that mighty Conqueror come riding by one day. Here she is tonight, a lovely, beautiful, young lady, a trophy of God's

eternal grace.

What happened? Sure, medicine, Alcoholics Anonymous, nothing could cure it. But the mighty Conqueror, Who conquered every temptation, every habit, everything that the devil put on man, He conquered it, and Rosella is a testimony to it, not only her, but thousands of others like her. Just look and believe.

**L-45** Now, if He would do that, sir, you'd know it'd have to come from a supernatural resource. So would the audience. But it'll be up to them. What... If you think it--it's of the devil, then you get a devil's reward. If you think it's God, then you get God's reward. Not me, I'm just a man like you are, the least among men. But if He will reveal it, then you be the judge. You can tell whether that's right or not. And if He knows what has been, surely, He know what will be.

As I just look at the man, I'm not reading his mind. God in heaven, Who is my solemn Judge, with my Bible over my heart, knows that I'm not reading the man's mind, not at all. I'm watching for something, for the grace of God. Peter and John said, "Look on us." That means "Give heed. Watch." [\[Acts 3:4\]](#)

**L-46** Jesus caught the woman as He said, "Bring Me a drink." He went to looking at that lovely young woman, and begin to tell her where her sin was, after He'd talked to her awhile. That's the very same thing.

I try to preach. That's one spirit, one anointing. This is another one altogether. And to come from one to another quickly... Someday God will give me a real manager to preach again for me. Then I'll have long services. [\[John 4:7\]](#)

**L-47** You're not here for your own health. You're a healthy man. But you're here for somebody else. And that's another man, one which is a relative of yours. And they're not here. They're not even in this state. They're not even in the United States. I see the country, and the city looks like it's kind of hilly. And it's across the seas. And it's Norway. I've been there. That's your brother-in-law. He has heart trouble, high blood pressure.

And I see a woman appear now. And she's a relative, a niece. And she's... It's--it's... She's deaf. That's THUS SAITH THE HOLY SPIRIT. That is true. Well, if He knows whatever it was, He would know the future. He was the one Who said this would be done. The same one said, "As thou has believed, so be it unto you." Do you believe? Then let us pray.

Merciful God, before these newborn babies, as they see Your great Spirit moving in the body of the Church, grant, eternal God, that this man will be given the desire of his heart, as I pray for him. In the Name of Jesus, Thy Son. Amen. God bless you, sir. [\[John 20:29\]](#)

**L-48** Come, lady. We are strangers to each other also, I suppose. If we are, would you just raise your hand with me? Enough just to say to the audience that we don't know each other. If the blessed Lord Jesus should reveal to me what you're asking Him for, would you believe it, and accept it, and believe that He would give to you the desire of your heart?

You're also standing for someone else. That handkerchief is for it. And that someone is a woman who is younger than you. It's your daughter. And she's extremely nervous, and she has something in her throat. It's a goiter in her throat. And she's in deep trouble. She's not saved. She's a sinner. Her husband is a Catholic. [\[Acts 19:12\]](#)

**L-49** And you've got a grandson. And that little boy looks to be about four years old, and he's demon oppressed. Those words are truth. Now, take the handkerchief and go, and don't doubt. God will reward you of your faith. Amen. The Lord bless thee, my sister.

Just only believe. Now, here is a lady I've never seen in my life. Are we strangers to each other? If you'd just raise your hand so the people would see...

What about it, little boy? You were praying, wasn't you? You want healing for your daddy. He's got a bad back, hasn't he? All right. It'll leave him. Just don't fear.

You believe? Just have faith. What did the little fellow touch? He never touched me. He touched Christ. And He's the high priest that can be felt, or touched by the feeling of our infirmities. The entire audience ought to be fully convinced. You've made up your mind whether you believe Him or whether you do not. You've made up your mind whether it's God or whether it isn't. [\[Acts 19:12\]](#), [\[Hebrews 4:15\]](#)

**L-50** Let's talk to the woman here just a moment. She's up here. Yes. This woman stands here for a condition of bladder. And she's got someone else on her heart. And, oh, what a condition that person's in. That's your brother. He's in an insane place, and he's blind and going deaf. Do you accept the great Conqueror just now, for his behalf? Then the Lord grant to you, my sister, the desire of your heart. I want to touch that handkerchief.

O God of heaven, deliver I pray. In Jesus' Name. Amen.

Just believe. Don't doubt. Jesus said, "If thou canst believe, all things are possible to them that believe." [\[Mark 9:23\]](#)

**L-51** Lady, supposingly this is the first time we've ever met in life. Is that right? Would you just--just so that they'd see that it's... Don't be scared. Quit worrying. It'll be all right. Now, you're afraid something's going to come up. See? And you know what I'm talking about, lady. I won't mention it here. You're scared but don't be afraid. It'll be all right. And that which is at stake, don't worry, it'll come out all right.

If the Lord God of heaven will reveal to me what you're there--what you're praying for, will you be willing to accept it? I see that you suffer with a lady's trouble. It's a female disorder. And I see you covered up in a white sheet. Some... Oh, it's an operation. You've just had an operation for that same trouble. And the--it just don't heal up. And that's what you're here for. That is true.

And then again, I see with a thing around your arm. You got low blood pressure. And you're extremely nervous. And you come from another city to this city to be prayed for. Before you come you prayed that you would be brought into the prayer line, in a room near a bed. That's THUS SAITH THE LORD. And as I see you leave the city, it's Rockford, Illinois. Go back, believe, and you'll get well. God be merciful.

**L-52** We are strangers to each other, I suppose. You've seen me at meetings. But we've never met before. Then the Lord God, if He will reveal to me what you're here for, sir, would you believe with all your heart? Now, audience, if you're ever going to believe, you believe now.

Look. Moses was given two signs to perform. And as soon as he did it once, Israel followed it. They were other prophets, and they were other leaders and so forth that helped bring Israel out. And after all it wasn't Moses. It was God, that Pillar of Fire that followed the children of Israel. Moses was a man. God was God, and still God.

And now, these visions, it's not visions. It's them people's faith. Visions is what happens as the recording boys here and all's been around home and so forth know these things... This meeting coming up in Africa. That's a vision. That's when God used His gift and shows. This, the people are doing it. You're doing this yourself. It's your own faith touching Him. [\[Exodus 4:1-17\]](#)

**L-53** Reason I have to ask someone here close first, is 'cause just look what's setting before me. See? And there are each one of you, hundred thousands of you are making that feeling. And it's hard when they're coming, and you get weak. One vision will hurt more than preaching two hours.

So this man here says that we are strangers to each other, and we might've been born miles apart and years apart. But the Lord knows all about him, and He knows all about me. And if the Lord will reveal to this man, to this man, what he's here for or something about him he knows I don't know... If I don't know him and never seen him, but I don't know nothing about him. But if the Lord will do that, how many will say, "Amen. I will then believe...?..."

**L-54** Now, the brother and I are both standing here, that we've never seen each other or met before, and knowing nothing of each other. May the Lord grant it, sir. I just want to talk to you a minute, just to see

what He would say.

I see the man as he's trying to move from a chair; he's getting up slow. It's arthritis. And then there's something wrong in his lungs. And it was caused from some sort of a stuff. It's dust, rock dust settled on the lung. Now, you see that? How many believes now? Now, more you would talk to the man, more would be done. Would you like us to talk to him a minute again, just so you see the infallible part of it.

**L-55** Now, now, honestly until Leo here or some of them plays me back the tape, I don't know what He said. See? It wasn't me. I just go off. I--I see something happening, and I just say what it is, and you catch my voice. It isn't me. It's Him. He's just speaking in my voice. See? That's what it is. And then...

Looks like you could see that. It's that woman setting there praying, right there. She's got a growth on her ear, and praying that God will heal her. You believe that the Lord God will take the growth off your ear and make you well? If you do raise up your hand and just accept it. All right. You can have what you ask for then. What did she touch?

**L-56** Let's talk with you again, sir. See what He would say. Yes, I can see now, it looks like a boiling something, fog. It's... No, it's dust. Something about dust. It's settled in the lungs the doctor has said. It's settled in the lungs.

And you're not from this city. You're from a country that's got hardwood. And it's near a river. And I see a--a--the river's a large river. It's the Ohio River. And I've been near the place. And you're near Evansville, Indiana. Though it's not in Evansville. It's a little city across the river, called Lola, Kentucky. That's where you're from. Mr. William H. Beeler, now if you want to believe the Lord and go home and be well, you can do it. Do you believe it? Go home then and be well and be... The Lord bless you, my brother.

**L-57** Do you believe? You believe He would heal that diabetes and would make you well? You believe it. That lady setting right there, elderly lady, looking at me right through here, she's got both heart trouble and diabetes, setting on the end of the seat right back there, looking at me. That is right, lady. Now, you can both go home and be well. Amen.

Say, by the way, lady, lay your hand on that colored lady next to you. She's suffering with stomach trouble. That's right. And the colored lady setting next again is suffering with stomach trouble, both of them. All right. You don't have it now. The Lord makes you well.

You're afraid that arthritis will cripple you, but it won't do it if you'll believe. Will you believe? Then go and be made well. The Lord bless you. If thou canst believe. Do you believe? Every one of you? One heart, and one accord...

**L-58** You're praying for that boy. It's a mental condition and unsaved. You believe that the Lord will heal him and make him well? You do, sir? All right. He will do it. Amen. Have faith.

All right. Come, lady. One thing, you have a lady's trouble, which is just actually your age. But what you want me to pray for is heart trouble. And God will heal you if you'll believe it. Will you believe it? All right. Go, and believe.

Now, let me ask you something being that you don't get it just quite you see. The Bible said, "These signs shall follow them that believe." Did you ever read that? You've desired a closer walk with God too. That's right. You tried that since a girl. But you think that I'm a believer? Will you believe with me? Then the Bible said, "They lay hands on the sick, they shall recover."

Now, Lord, Thou art God. And I pray that You'll grant this blessing to her in Jesus' Name. Amen. Go, believing.

Oh, what a beautiful time, what a glorious moment. Now, be reverent. [\[Mark 16:17-18\]](#)

**L-59** The lady setting there, she wants healing for her eyes, setting on the end of the seat back there, praying. That's right. The one next to you has an infected female gland, the little lady with the little bobbed hair across this a way. Doctors has said it's an infection in the female glands. If you'll believe

with all your heart... Do you? If you do raise up your hand. All right. You can have what you ask for now. What do you think about your stomach trouble? You think it left you just then when that feeling went over you? Then go, eat. Amen. Have faith.

And when I said, "Stomach trouble," a strange thing happened. You were healed with the same thing, so you can go eat now. Make yourself...?...

**L-60** Does thou believe with all your heart? Do you believe? Believe that the Lord Jesus is here to make you well, to heal you? How... What more could He do? Now, you do just as I say. Now, bow your head. Now, you... As I say this prayer, you pray it from your heart.

O God, Creator of heavens and earth (say it out loud now) Author of Everlasting Life, Giver of every good gift, I'm following these instructions, because I have been taught tonight that Your Son has conquered all my troubles. I accept Him as my Conqueror. And I commit all myself to Him, believing that my sickness, diseases, or whatever is wrong with me will leave me. For I ask it in Jesus' Name.

Now, just be real reverent. Now, you set in now. That's your prayer. Now, keep this on your mind. What is that near you? That's that Angel of the Lord.

Yes, little lady, that female trouble has left you there. All right.

Yes, sir, that prostate has left you too, sir. All right. Keep praying. Keep praying. "Lord, I just know that You're near me now. I know that You're healing me."

**L-61** You setting here blind with your hand up to your forehead, have faith in God. He's near you there. Don't doubt. What could happen to this moment? What could happen? If you'll just believe... Now, you just keep shut in with God. I been to Chicago many times. Have you ever...

You never have seen anything walk to this platform but what was touched by the hand of God. No meeting at any place have you ever seen. He has never failed me. And He won't never fail me. He will either heal or tell me why He can't heal you.

Now, I'm going to pray for you and ask for you while you're anointed now, and the Angel of the Lord right by your side. Don't set in darkness no more. The Light has come. The great Conqueror is here. And as I pray, believe God hears my prayer, and you shall have what you're asking for.

**L-62** Lord, Thou Who was before the world, Thou has seen every move. And I don't know one thing more You can do, Lord. You've fulfilled Your Word to the letter, gone beyond the boundaries of our imaginations. You've went so far until You stricken blind millions of people who grope in darkness tonight, because they have rejected to walk in light.

But You've opened the eyes of thousands of blind too. And, O Lord, tonight may this lovely little group of people here, may they not walk in darkness any longer. May this be that great night for every one here. And as they're trying now, pressing, and pushing, let them just relax and know that You're standing by them.

**L-63** O blessed God, I preached till I'm hoarse. I have looked and brought the people before Your Presence till I'm so weak and tired I can hardly stand here. Now, Lord, if I've found grace in Your sight, do this for me, Lord. Please, God, take away all the doubts from these people's hearts, that they might know that You're standing there by their side and ready to heal them.

And may the devil of doubt flee from them, and may the Holy Ghost rush in like a mighty rushing wind, and fill every person that's standing present with Divine faith. And may their little candles be dipped into the oil of the Holy Ghost, and they be healed right now. Grant it, Lord.

I commit them to You. And I rebuke the devil. In the Name of Jesus the great and mighty Conqueror, Who has conquered every sickness and every enemy of the human race, and stands tonight infallible, proving Himself the resurrected One.

Satan, you are defeated. Take your flight. In the Name of Jesus Christ come out of this audience and away from this people, that God may rule and reign in this building. Through Jesus Christ's Name. Amen.

Oh, rise and shine and give God glory. His Presence is in the building. His power is here to transform every sickness into health and give you the desire of your heart. Children, raise your hands and praise the mighty God Who is in your midst, and blessing you tonight. Blessed be the Name of the Lord.

**58-0112E - Lane Tech High School, Chicago, IL (Paragraphs: 39 - 59)**

**L-40** Now, if this, our sister, standing here... I have no idea what you're here for. I've never seen you. I--I don't know one thing about you. But now, it will be according to her approach. How many of you in the prayer line and you out there know that it's your approach to a gift? How many knows that? If you approach it reverently, you get what you ask. If you don't, you do not.

[Somebody says, "We'll appreciate it if you don't take any pictures while Reverend Branham prays for the sick. Please--Ed.] Yes. I thank you.

**L-41** The Angel of the Lord is a Light. How many's seen the picture of it? Let's see your hands. Sure. It's here. See, they got it back there. It's in Washington, DC, the only supernatural Being was ever proved by--that it... And see, and then when the Light of the Angel comes down, it's just a great Light, kind of a yellowish-green-looking Light. And I'm watching that Light. And It'll move and go to the audience. I have to watch it, because the vision is with the Light. And then when you take a camera picture, it sometime it upsets me. And so I appreciate it.

If you want to take a picture right now, the brother was taking them, or whoever it is, you're welcome right now. But just when It's... When we start into the discernment (You see?) to see if the Lord will do it...

**L-42** Now, if the Lord will do the same act here that He did to the woman at the well, how many will say I solemnly will believe Him with all my heart?

Now, Father, Thou seest this. Now, let Thy Spirit come now and manifest the message, and declare it to be the truth. Grant it, Father, for we ask it in Jesus Name. Amen.

If the blessed Lord now will reveal to me what you're here for, or something like He did in the Bible, like He did to Philip or like He did to some of the rest, the woman at the well, or some of His works...

Now, you know then, if we don't know each other, it'll have to be a supernatural power to do it. But then it'll be according to what you think it is. If you say, "It's a evil spirit," then you'll get an evil spirit's reward. If you think It's the Spirit of God, then you will get God's reward. That is right. Now, may He grant it, is my sincere prayer.

**L-43** Now, we're talking about approaching a gift. That little woman that touched His garment, she believed He was the son of God. She got just what she asked for. But the Roman soldier who put a--a rag over His eyes, and hit Him on the head, and said, "Now, if you're a prophet, tell us who hit you," he never got nothing but a trip to the regions of the lost to never return again. It's approach. [\[Luke 22:64\]](#)

**L-44** Now, if the Lord Jesus will... If I said, "Woman, you're sick, and God will heal you," well, you--you could doubt that. You'd have to take my word for that. But if the Angel of the Lord will go back into your life and--and reveal something that's you've been in your life, like He did the woman at the well or something like that, then you'll know whether that's the truth or not. You'll know that. Then you'd... If He's right there, He's right everywhere. Then, you'd believe. If He knowed what was, He certainly will know what will be.

Now, I don't know just whether the audience can hear my voice now or not. But between me and the woman stands the eternal Light of God. The woman is conscience that something's going on. She's suffering. She has something wrong. She keeps holding her head. She has headaches. And she's got something wrong with her blood, which is diabetes. That's true. Do you believe? Now, watch, more you would talk to her, more would be said.

Being this is the last night for a while, let's talk to the woman just a moment so if there's someone

feeling that that could just been guessing that. Not with our hands up to God, it wasn't guessing. That was my voice, but it wasn't me speaking. Now, what He said to you, I don't know. I'll know when I play the tape. Well, whatever it was, was the truth.

**L-45** And I see it was something that's... Yes, it's sugar in the blood: diabetes. And it causes dizzy spells and headaches and so forth. And then I see someone appearing, which is a--a boy. It's your son, and you're praying for him. He's backsliding, going away from God. Then there's someone else, which is an aged woman with you now, here. That's your mother. If I, by the Holy Spirit, can tell you what your mother's wanting, do you think she would accept it? It's her leg. That's right. That's truth. You're not from the city. You're from a place like Rochelle, Illinois. Mrs. Fred Granear, that's your name. Go home; you receive what you've asked for. Your faith has did it. God bless you.

"If thou canst believe, all things are possible." Now, don't move. See, each of you is a spirit. And when you move... Your spirit is subject to the Holy Spirit now, and when you move, it does something. [\[Mark 9:23\]](#)

**L-46** You remember Jesus put them, every one, out of the house while He raised the little girl to life... [Blank.spot.on.tape--Ed.]

You know an enemy would make you be scared and running and everything. But that's sweet. You just want to worship it like. Between you and I is that Light, that lights men that comes into the world. And if the Lord Jesus in His blessed will, will permit me to know what you're here for, would you believe with all your heart?

You have something wrong in your throat: trouble. And you have something wrong in your chest. That's right. Do you believe the same God that talked to the disciples and knowed them, still lives today? You live on a street called Adam Street. Your number is 3239 West Adam Street. Your name is Myrtle Bradford. Go home; Jesus has made you... [Blank.spot.on.tape--Ed.]

**L-47** There in the audience, with your hand on your little boy... Yes, you. Yes, sir. You was in prayer at that time. And something is moving on you. You're aware of that, for you've touched something. You never touched me. You touched Him. And you're praying with your hand on your little one, because the little boy is suffering with a nervous condition that upsets him so much in school. That's THUS SAITH THE LORD. Now, while the Spirit's on you, lay your hand on him.

Oh, Lord God, I rebuke the devil that's bothering this child. May it leave him in Jesus' Name. Amen.

You shall have what you asked for. Don't weary.

The man is thirty yards from me. What did he touch? God said in His Word that He's a High Priest that can be touched by the feelings of our infirmities. You believe Him.

**L-48** You believe, lady? Thank you. If the Holy Spirit will let me know what you're wanting, just as He did that man out there. You have a prayer card. Here's you on the platform. That man's just setting in the audience. Will you believe?

You're not here for yourself. You have a lady's trouble, but not to bother you much. But you--you're here for your husband. And he isn't here, neither is he in this city, nor is this state. He's in a state where there's a lot of lakes: Wisconsin. He suffers with multiple sclerosis. And he's unsaved. And you're more concerned about his soul than you are his healing. That's THUS SAITH THE LORD. Now, the handkerchief that you're going to wipe those tears with, lay it on him and don't doubt. You can have what you ask for. Amen. The Lord bless you, lady.

How do you do? I suppose that we're meeting our first time. That is right. [\[Hebrews 4:15\]](#), [\[Acts 19:12\]](#)

**L-49** Do you believe God heals epilepsy, sir, setting on the end of the seats back there? You believe He'd make you well. If you believe with all your heart and accept it, you can have your healing.

Being that you missed it. What do you think about it, setting looking at me with the glasses on, suffering with asthma? Do you believe that God would make you well? Then receive it. Uh-huh. Amen.

I'm asking you to do something else. All right, lady, you so happy, setting there with the heart trouble, He healed you too. All right. Amen.

Just believe on the Lord Jesus. He's the Fairest of ten thousands, the Rose of Sharon, and the Lily of the Valley, the Morning Star. [\[Song of Solomon 2:1\]](#)

**L-50** I don't mean to keep you there, lady. I just have to move as He moves. We're strangers to each other? If the Holy Spirit, by the resurrection of the Lord, will tell me what you're praying for, standing there with your eyes closed, will you believe with all your heart? It doesn't show, but you have an inward goiter. And you have a extreme nervous condition you're praying for. Don't worry. That's turning loose. You're not from this city, nor from this state, or from this nation. You're a Canadian. You're from Ontario, a great country of cedar, don't even belong in here, and evergreen.

**L-51** You're praying for someone else too up there: a relative, a woman. And she has cancer, and that's on the thyroid gland. Lay you're handkerchief on her, and she will be well too, if thou will only believe.

All mighty God, grant the blessings that's been asked. Amen.

God bless you now. Don't doubt. Just believe.

Don't move please. If you'll just wait a few more minutes, we'll--we'll... Just stay... [Blank.spot.on.tape--Ed.]

Oh, may the good Lord of heaven grant it. It was somewhere. Wait. We'll start with this person. Now, if you just give me just about five, ten minutes. [\[Acts 19:12\]](#)

**L-52** I guess I'm a stranger to this lady. Is that right, lady? We are strangers to each other. The Lord Jesus knows you. Do you believe that He can reveal to me what's your trouble. You're here for your back. You got a back condition that was caused from an experience in a hospital from an operation. That's right. You believe He would make you well? They call you Ann Roblee. You're from a suburb of this city. That's your daughter standing right down there. You got skin cancer. Surrender your card and go back to your seat. Your husband has dizzy spells. Tell him just to believe, and all three of you will be healed, in the Name of the Lord. Now, go, believing; have faith. Don't doubt.

**L-53** Just a moment. The little lady setting here with her head bowed, just behind this gentleman, with a tumor, do you believe that God healed you then when you were praying? You do? Wave your hand if you accept it. All right, you can have it.

Being that He's so close to you, the lady next to you there is suffering with an eye condition. You believe God would heal you, the colored lady? Yes, ma'am. All right. You believe it?

What do you think, setting next to her, with arthritis? Do you believe God would heal you? Raise up your hand and accept it. All right, then you can be healed.

**L-54** Oh, have faith in God. Don't doubt. The man that's next to me here. I--I don't know you, sir. We're strangers to each other. Now, if you can believe, all things are possible to them that believe. Something happened. It was a man. The gentleman setting looking this a way, right back there with something, white-checkered-looking shirt on was... Why, he's got heart trouble. If he will believe with all his heart, the Lord Jesus will make you well. You believe it.

Next, there is a rupture. Do you believe that God would heal you and make you well? You believe it? Then you can have it. All right, have faith. Don't doubt.

The man setting next to you has got stomach trouble that he wants the Lord to heal him, a little, thin-looking fellow with his hair combed back like that, a bow tie on. Got a nervous stomach, sir. You believe that the Lord Jesus healed you? He did. Your sins are gone. Just be thankful.

Oh, how could you doubt the precious Lamb of God? How many believes that He's raised from the dead, that He's here, that the message is true, that He's the same yesterday, today, and forever? [\[Mark 11:22\]](#),

[\[Mark 9:23\]](#), [\[Hebrews 13:8\]](#)

**L-55** What's left? What can be done? Wipe away the little darkness from your face, and around your eyes,

and let it be anointed with God's eyesalve, and just receive Him. Believe Him. What more can He do? You with cards, you without cards, it doesn't matter.

Little lady setting right in front of me in the balcony with a lady's trouble, setting there, you believe God will make you well? If you do (yes, ma'am), you can have what you asked for. God bless you. He's healed you.

**L-56** You, sir, now you believe with all your heart. We are strangers to each other. I've never seen you in my life. And I'll tell you now; this is the first time you ever seen me. You've never been in one of my meetings before. This is your first time. That's right. And you're here suffering with something wrong in your throat. And you have a stomach trouble. That's right. It's gas on your stomach. You're nervous. You used to have a job that you're ashamed of now. You worked at a nightclub. You was an entertainer in a nightclub. That's right. Your name is Edge. R. H. Edge is your name. Your wife is here with you. She's in the meeting. If God will tell me what's wrong with your wife, will you accept her healing too? It's her foot. That's right. Correct. Your not from this city. You're from a place... You're below a big city, south of a big city, about twenty-five miles, Springfield, Illinois. Now, go home and receive your healing, and be well in the Name of the Lord Jesus. God bless you, sir.

Have faith in God. Do you believe? You think God would heal that arthritis? If you can believe it. [\[Mark 11:22\]](#), [\[Mark 9:23\]](#)

**L-57** What do you think, setting there, lady? You come here a minute; stand right there a minute. Come here, lady. You think God would heal that diabetes and make you well? You believe it? All right, if you can believe it, you can have what you asked for. All right.

What do you think, lady. Come here a minute. You look like a healthy woman, but you're anemic. You believe that God will make you well? You do.

How many out there that has got diabetes? Stand to your feet just a minute. You'll see the glory of God. How many out there has got arthritis, will stand to your feet? How many out there that's anemic? Stand to your feet. Anywhere, no matter where you are... Every devil will have to obey God. Certainly, he will. All right.

Lady, here, come this here just a minute. I've got to get you from between them women. Do you believe God would heal that tumor and make you well? You believe it? How many's fixing to be for a tumor now, raise up to your feet.

**L-58** The devil's defeated. It don't take a whole group. It just takes sincerity. It just takes if you believe and have faith.

Lady stand up there. Move right up here. All of you that's got back trouble like the lady, stand up on your feet. Believe with all your heart.

You see what I mean? How many's suffering with nervousness? Stand on your feet. That's all over the building. Certainly, I can... feel it. I know it.

**L-59** Cancer, stand to your feet. Do you believe? Anybody that's got anything wrong with them, stand to your feet.

Oh, this is that. Peter said, on the day of Pentecost, "This is that." This is what you've raised to your feet. You stand now in the Presence of Jesus Christ, God's Son. Do you solemnly believe that His Presence is here? Raise your hands. You pray with me. The prayer of faith shall save the sick, and God shall raise them up. Every devil is defeated. Don't you see, he's exposed. He's got to leave you. He will leave if you let him leave right now. Christ is driving him from you.

Oh, God, in Jesus' Name, I rebuke every devil that's holding these people.

Come out of them, Satan, that they can be made well, in the Name of Jesus Christ, God's Son.

Raise up your hands now and praise Him. And be free in Jesus Christ's holy Name. [\[Acts 2:16\]](#), [\[James 5:15\]](#)

---

## 58-0125 - The Hippodrome, Waterloo, IA (Paragraphs: 54 - 71)

---

**L-55** Now, just be real reverent. Don't move for just a few minutes. Set still. Don't get nervous; just relax. Just--just relax and submit yourself to the Holy Spirit; watch what He will do.

All right, lady, you may stand right there. This is a picture like was in the Bible: a man and a woman again. As I said last night, it was a woman the first one. I have no idea who's coming up here. The boy takes these cards and mixes them up and gives them out to you. Now, anybody that wants them can have them. And here you come; that's all.

Those out there don't have any cards. But what do I have these for? So that I can single you out. See, Jesus when He went to heal a man one time, He took him away from the crowd. When He went to raise Jairus' daughter, He put all the people out of the house. See, each person is a spirit, and if the spirit is unbelief, it hinders. He went to His own city, and many mighty miracles He could not do because of their unbelief. See? But where there was faith, God moved. Where there was no faith, God moved out.

**L-56** And now, if the Holy Spirit will reveal to me what you're standing there for (Whatever it is, I know not.), will you believe Him with all your heart? Will the audience witness they'll do the same if the woman and I, under oath to God that we've never met before?

Now, do you want to take my place? See? See what it is. It's not nothing back in a dark room. It's right out here where you're standing looking. God don't dwell in darkness; God dwells in light.

I... Never fear, sister; He was the One Who sent me. It's up to Him to do it. I'll only tell the truth and preach the Gospel; then it's up to Him to judge and do the rest. Just a job that I have to do.

**L-57** Now, what am I doing? I'm doing the same thing the Lord did. He went up to the, Samaria. The Father told Him to go up there, but didn't tell Him what to do. The Bible said, that He had need go by there. His was on His road to Jericho, down the mountain. But He went around Samaria. When He got there, He set down, sent the disciples away to see what the Father would have Him do, 'cause He said, "I do nothing till He shows Me." A woman come out. He talked with the woman awhile, enough to get a conversation to catch her spirit. He found where her trouble was and told her, her trouble. And as soon as He told her, her trouble, she recognized that that was the Messiah. She said, "We know the Messiah will do that. But You must be a prophet.

He said, "I'm the Messiah."

And she said, "That's the sign was to follow Him." [\[John 4:4\]](#), [\[John 5:19\]](#), [\[John 4:25-26\]](#)

**L-58** Now, would you believe the same? You will. May He grant it, is my prayer.

Now, if ever who's the engineer on this here, I never... It's in another world. I don't know whether my voice gets loud enough to hear it or not; you just watch it ever who's a doing it, and step it up or whatever it needs. You see?

Now, if the audience can hear me yet, the woman seems to be moving away from me. Between she and I stands a Light, the Light that you see on the picture. Now, I see It breaking through, and it's in a--a room, something like a hospital room. And now she's suffering; she had an operation. And the operation was for a--a hideous black spirit called cancer. And the cancer, she had a breast removed. And from that breast removing, now she has a swollen arm as a results of it. That's THUS SAITH THE LORD.

That was the truth. You're the judge. How would I know anything about you? Something's here that's telling me something about you, whatever it was. That's right, isn't it? Do you believe it's Christ wanting to help you? You do. How many believes the same? Then let us pray for the woman. Would you come here just a moment, sister.

Merciful God, of this poor dear woman standing here, I'm thinking my own little mother tonight, maybe on her knees praying for me. And this may be somebody's mother. I pray that You'll help her, Lord, as I lay hands upon her. Thou hast said this, "If they lay hands on the sick, they shall recover." And I pray that this woman, whatever her trouble may be, that it may cease and God will receive glory. For we ask it in Jesus' Name. Amen.

Now, go believing. The dark shadow left from around you. All right. [\[Mark 16:18\]](#)

**L-59** Now, do you love the Lord? Now, don't you think we ought to say, "Thank You, Jesus?" Thank You, Jesus. That's right, He wants to be worshipped. Now, be real, real reverent.

Lady, I--I suppose that we have never met before all of our life? Now, here, listen. There's a spirit, oh, if you'll just stay long enough in the meetings till you get this little superstition away from you. See? I know you think you're believing. And you are partially, but just watch. Here, watch quickly.

There's something wrong with this woman that's wrong with that woman setting right there, the same thing. You have trouble with your leg, that you want me to pray for. You have the same. That's right. All right. Not only that, but there's something wrong with your chest too. If that's right, lady, just stand up to your feet, this young woman setting here on the front. All right. Do you believe?

You were setting there wondering. And when this woman walked up here, a real strange feeling come to you. If that's right...? That's right. See? What was it? It was that same spirit, demon, was tormenting this woman was tormenting that, and is tormenting that man setting right back there looking at me too, leg trouble. All right. If you'll believe with all your heart... See, what he's doing? That's a kindred spirit. He knows that the Spirit of God is present and he's scared. That's exactly right. All right.

**L-60** God bless you, lady. The darkness that hung over you is gone. Your faith, you touched Something, didn't you? I don't know you. Have I ever seen you? Are we total strangers? You're just a woman that set there? Is that right, sir, her husband setting there? Total strangers, never seen each other, probably never heard of one another. I know I never heard of you. As far as I know I don't know who you are. So there we are, perfect strangers. And your wife was healed setting there. What was it? It's the Spirit of the living God. Can't you see it, church? Certainly.

Now, I say to you: You believe like she did. Say to the Lord Jesus, "Lord, I believe," and find out what happens.

**L-61** Now, let's see. Your trouble was the same as that trouble. Now, if I... Do you believe God? You believe that's it's over? It's your faith that does it, nothing I can do. Here, I see somebody else appear, and that's a younger woman than you are. It's your daughter. And she's doing something by a pulpit; she's a preacher. And she's real nervous, and she's going through the menopause, and you were standing there praying for her then. That's right. If that's right raise up your hand. You believe? Then have faith in God and you can be healed. The Lord bless you, sister; you go and receive and believe just what you have, and it'll all be all right for you. Amen. [\[Mark 11:22\]](#)

**L-62** I don't believe we ever met, totally strangers, no way at all for me to know you. All right. Now, don't move; just set still just a minute. They won't let me stay too long. Be in no hurry.

Yes, mother, setting right there on the end with that little thing around your head like, right, the second row back there, you've got a chest trouble and a throat trouble. Yes, sir. You were setting there praying to be healed. Stand up on your feet just a minute. Receive your healing now. You touched Him. Believe it with all your heart; it'll be over. Amen.

**L-63** Do I know you? No. No, ma'am. If I don't know you raise up your hand, so... Never seen you in my life. All right, just believe. That's all He asks: to believe. If I don't know you, the Lord will reveal to me what you're standing here for, will you believe Him? If the audience don't believe now they never will. They've already made up their minds whether they're going to or not. But you're here for a condition in the stomach. You got a bad stomach trouble, and that's... I see you waking up through the night, rubbing yourself, like that. That's exact... Got out of the bed many times to hold yourself like this, just recently did it and walked on the floor. Lady, that is true. No one in the world knowed that but you and God, because there's nobody else awake.

Not only that, but I see you also suffering with a headache. You got a trouble in your head that causes you to have severe headaches. And then another thing, that you might know that I be God's servant just

here under the--His permission; you've got a knot under your arm that you want me to pray for. If that's right wave your hand back and forth like this. Do you believe it's over? Then it is. Amen. Go and receive as you have believed. God be merciful. If you can believe...

**L-64** Lady with a blue coat on, setting right there, Light over you, you from Wisconsin setting there, Madison, Wisconsin... Uh-huh. I never seen you in my life. If that's right raise up your hand, if we're perfectly strangers. But there's that Light. Can't you see that, people, right over that woman? Something wrong with your foot, you want prayed for, and sinus trouble. That's right. Well, you've touched Something. You're forty feet or more from me. We never met before, but the Holy Spirit's here. All right, believe now and go home; it'll all be over. Amen.

**L-65** We're strangers too. Is that right? Just so you hold your hand that people can see. No way for me to know anything about you, we're strangers. The Holy Spirit's here Who knows us both though. Is that right? If God will reveal to me something in your life that'll tell you what has been, you'll know whether that's true or not. Your trouble, what you want me to pray for, is your back (That's right.), a back trouble.

Now, you pray and ask Jesus for something else, and see if He can hear prayer and answer prayer. All right, yes, there's somebody else you're praying for. That's a child. That's right. And the child has had polio, got something wrong with its arm. Correct. I see they're taking it to church though. It's a church; it's... The parents belongs to a church. That's right. You want me to tell you what church they belong to? They're Methodists. That's right. Now, go, believe with all your heart and you'll receive just what you've asked for. God grant it.

Are we dead in sin and trespasses? Has our unbelief so closed us up?

**L-66** Young man, are we strangers to each other? I never seen you in my life. We're... But when a man came to meet the Lord Jesus one time, He told him what his trouble was and where he was and something or other about him. And--and when... as soon as that was done, what did this Nathanael say? "Thou--Thou art the Christ; Thou art the King of Israel." Now, if I don't know you, and I have no ability of my own; I--I'm just a man like you are; then there's got to be something because... Do you believe God promised this? You believe it?

You're not here for yourself; you're standing here for somebody else. And that person is a person that's played with you, younger. It's your brother. That's right. And that person isn't here. That person's from another country. That's right. Got stomach trouble, high blood pressure, and that person's in a place where it's... It's not like this country here. It's a place where there's a lot of pines, great big high pines and mountains. And he's in a city that sets on a hill. And the hill is near a lakeside. I've been in that city; it's Washington, Bellingham, Washington near the Puget Sound; **THUS SAITH THE LORD**. You believe? Then go and receive; as you have believed, so will it be to you. Have faith; don't doubt. "If thou canst believe, all things are possible." [\[Mark 9:23\]](#)

**L-67** Pray. You pray and the heart trouble will leave you. You believe it will? Then go accept it, and go be made well. In Christ's Name, may God grant it to you, is my prayer.

Now, when I said heart trouble to her, a strange feeling come to you, when I said heart trouble. Because the same thing was on her was on you, and it's both gone. You believe me to be His servant? All right, then it's gone. And you go believing. You can have just exactly what you ask for, if--if you'll believe.

**L-68** There's times in your life, recently, when you be--make a step it hurts you. That arthritis is bad. Do you believe that God will make you well? You do? Then go on your road and rejoice and thank God for it; it'll leave you and won't come again. Are you believing?

Now, you out in the audience, you start believing. Start having faith, believing God. Somebody... I have no way of knowing you, I--I can only say what He tells me. I--I--I--I don't operate this; it operates me. I just yield myself. It's your faith that does it.

**L-69** Here, here's a woman setting right here by this man setting right here on the front seat, head down praying. Do you believe, sister? You're a Christian, a believer. If you... If God will reveal to me what you're praying about... Am I a stranger to you? Here that, where the Light's a hanging, the little lady setting there. You believe with all your heart? It's your throat, and also your nose. That's right, isn't it? All right, you're healed. You can go home.

**L-70** How many wants to be healed now, raise your hands, just say, "I want to be healed." Are you convinced? Do you believe that Jesus Christ, God's Son, is here? Do you believe it's Him doing it? If you do raise your hand to Him like this. Yes.

How I've often wondered, the biggest mystery that I've ever seen... In Durban, South Africa, when something like that taken place, thirty thousand raw heathens came to Christ at one time. I made one prayer. And Brother Bosworth, who's body is laying in state tonight, stood there, a honest man, where they took twenty-five thousand records of healings in one prayer. The next day they had seven truck loads of crutches, stretchers, clubs, and things that the people walked on, that they picked up on the fairground, where a hundred and fifty thousand people were setting: seven truck loads, big cattle trucks, just because they seen the Presence of God, and they believed it with all their heart and got right up and went away healed.

But we're so full of superstitions. Doctor Jones said, "It's hypnotism." Doctor Sobody, says, "Well, it can't be trusted." And you been so indocumated by all kinds of theologies until it's hard for the Holy Spirit to move in. Let's throw that thing away tonight. Let's believe God. And stand up on your feet just a minute. I want to ask you a sincere question, "What more could the Holy Spirit do?" Christ come and died. Christ paid the price. Christ returned back into His branches to prove His work of His resurrection. He's here with His promise through the Bible, with His Spirit desi--saying that's He's here. He... Only thing is left is for you to believe it, and accept it, and act on it. Is that right? Then let us pray.

**L-71** Lord God, Creator of heavens and earth, Author of Everlasting Life, and Giver of every good and perfect gift, send Thy Spirit of power upon this audience and seep down through here till You find a honest heart, full of faith, then heal that person. Eternal God, may the Spirit come into their body and quicken them to a new faith that they've never knowed before, knowing that Jesus Christ, God's Son, is here, and the Spirit that will judge them at the judgment seat of Christ, will--is standing here now in our Presence. May all the sickness, and diseases, and afflictions, and doubt be escaped and go from this building, in the Name of Jesus Christ. Amen.

You that believe and accept your healing, raise your hands to God and say, "I believe. Lord, I believe." God bless you. All that loves Him say a great big "Amen." [Congregation says, "Amen."Ed.] All right, Doctor Lee Vayle.
