L-60 I suppose the lady here's a stranger to me. I don't know you. That... We're strangers? If the Lord God will reveal to me what you're here for... Just make another picture, just like the well at Samaria: a man and a woman. Here's our first time ever meeting. The woman's a little older than I am. She may be born miles apart, few years apart, and here we are standing here for the first time in life, meeting. Now, if that woman... I don't know; I never seen her. But if Jesus Christ is the same yesterday, today, and forever, if she needs healing, God's already done it. If she needs salvation, Christ already prepared it. If she needs--anything she has need of, Christ is our Portion. Is that right? But now, for me to give it to her, I can't. I couldn't do it, but Christ can, on one basis: if her faith will believe it.

Now, the first place, and the real true and only... The real way to believe it, is take God's Word for it. But then He set offices in the church: apostles, prophets, teachers, pastors, and evangelists, all for the perfecting of His Church. Now, if He will do that... (Now engineers watch this, when the anointing comes, I don't know how loud I'm speaking. See?)

[\[Ephesians 4:11\]](#)

L-61 If the Holy Spirit will reveal to me what you're standing here for, you will accept it as you will receive it? How many

audience will do the same? I wished you... I--I--I want to say, "You mean that." I--I want to say, "If you did, and the Lord turns and does this, then there'd be no need of a prayer line anywhere." Did you ever think of that? You said you'd believe it. Here's this woman and now; we've never met in our lives. Here's our hands, both of them up; here's God's Bible; this is our first time meeting. I have no more idea what that woman's standing there for, than--than any strange person to her. I could not tell you. But I'm a minister; I believe that Christ promised this. It was a gift that He's made known the entire world around, for millions of people. He promised it. He don't have to do it. He didn't have to heal when He was here, but He did it, that it might be fulfilled. He does it now that it might be fulfilled that His Word to the Gentiles, the promise, just the same today as it ever was.

L-62 Now, if He does it, then every one of you can just walk right away and say, "Thank you, Lord. I accept You in my heart. You're the King of my heart. My faith doors are open. You're standing at the door. I accept my healing. Thank You, Lord," and go along rejoicing; it'd all be over. That's just exactly the Gospel truth. That's according to the Word; that's according to your testimony; that's according to your witness. Now, it's up to God to prove whether it's right or not. God grant it, is my prayer.

Speaking and then coming in to start this type of praying for the people, it's hard, changing yourself right back, waiting for an anointing.

L-63 Did you ever see that picture out there of the Angel of the Lord? Oh, you have one? All right. Now, do you believe that's the same Pillar of Fire that led the children of Israel? See? It was a Pillar of Fire. And when Jesus was here on earth, He said, "I come from God, and I go back to God." And when He was here on earth, He said He was that Pillar of Fire. He said that. He said, "I AM THAT I AM. Before Moses was, I AM." He was the Pillar of Fire that was in the burning

bush. He said... Now, He's here in flesh, "I've come from God (the Pillar of Fire); I go back to God, the Pillar of Fire."

And when Paul met Him on the road to Damascus, He was that Pillar of Fire again. Paul fell down. Them people by him didn't see it, but it--it put his eyes out. He said, "Who are You, Lord?" that great Pillar of Fire.

He said, "I am Jesus, Who you persecute."

And here's His picture on paper. By the FBI fingerprint and document, it's true. George J. Lacy said, "The Light struck the lens, Mr. Branham. This mechanical eye of this camera won't take psychology." So there, it's absolutely proved by scientific that It couldn't be psychology. Shamed if I'd be here in psychology, as a minister of the Gospel. Not me, sister. I think too much of my Lord for that. I'm here to help you, to do everything I can to get your faith in Christ. [[John 8:58](#)], [[Acts 9:4-5](#)]

L-64 The woman, I see the Spirit of the Lord, as It was moving like a Light, coming right in between me and the woman. She's suffering with an extreme nervousness. That's right. And you got a goiter. That's true. Do you believe now? 'Course the goiter doesn't show; it's a inward goiter, but it is--it's a choking spirit. (There's more of them in the meeting.) You wanting prayer for somebody else. It's somebody that's not here. That's your husband. Got trouble with his head. It's over now. Both of you is healed, so you can go now and be well, in Christ' Name. God bless you. Go, and touch your hand.

L-65 Do you believe, lady? Are we strangers to each other? We are. If the Lord Jesus will do for--between you and I, as a brother and sister, like God did for the woman at the well, you'll accept it and believe it? That's awful headache isn't it? That sinuitis makes an awful headache. That's what you have: sinuitis trouble. See you holding your head like that many times, up above, in your eyes and things. It's very bad. Tried everything; nothing works. But you are believing that you'll

crippled, raise them up. It's all over. There's a crippled woman here, standing up. Praise the Lord. Let's say, "Praise the Lord," everybody. Amen. Brother Neville.

Abraham in mercy, Who knowed the secrets of the thoughts of Sarah, the same One that stood on the earth and knowed the secrets of the thoughts of the mind, don't you believe that He's here now? the same God, just before the world burns again in a destruction? Don't you believe He's here? Then let's accept Him. Let's believe Him. Let's take Him as our Healer, right now. How many of you will believe that? How many of you really believe, put your hands up. Now, lay your-put your hands down. [\[Genesis 18:1-15\]](#)

The Bible said this: These signs shall follow them that believe. Put your hands on one another then, if you're believers. You pray for the person next to you, and the one next to you pray for you that's being prayed for. Each one of you pray one for another now. Anywhere in the building, I challenge this faith. [\[Mark 16:16-18\]](#)

L-76 The lady there with TB, forget about it; you're healed.

You with prostate trouble setting there, sir, getting up at nights. Forget it; you won't have to do it no more. God bless you.

I challenge you to make a act of believing. Do you do it? Then pray, each one in your own way. Lay your hands on somebody and pray for somebody next to you, while I pray for all of you.

Lord God, Creator of heavens and earth, Author of Everlasting Life, Giver of every good gift, send Thy Spirit just now upon this people.

I condemn the works of the devil, because the devil is exposed. Satan, you can't hold them any longer. Their faith is mounting up. And they got their hands on each other. And I challenge you, that you have lost the battle, and judgment is at hand. Come out of them in the Name of Jesus Christ. Go from them in Jesus' Name.

Do you believe Him? Raise your hands and give Him praise for your healing. If you're a cripple stand up on your feet, Christ makes you well. If you're lame, got your hands

be healed.

Now, here's another thing, that you might know I be God's servant. You want prayer for somebody else, and that's your son. You believe that God will tell me what's wrong with your son, it's going to take every bit of the shadow away from you? He's got trouble with his back. And he's got trouble with his head. And another thing you're praying for, for his salvation of his soul. He's got a dark shadow over him and he's shadowed for death, for he's a sinner. That's THUS SAITH THE LORD. There's not a way in the world for that to be known outside of God. Is that right? If that's right, if you believe that, raise your hand. Now, go find it just the way you've believed it. It'll be just that way. God bless you. God bless you, sister. I just want to touch your hand. Now, don't doubt, have faith.

L-66 Is that two or three? Two? Three's a confirmation. Now, if I can, I'm going to start the fast line just a minute, if we can. It's hard when that anointing is pitching like it is now, and to start a line like that.

Are we strangers to one another, I suppose, lady? I don't know you, but God does know you. Do you believe the Lord Jesus could reveal to me what your trouble is? Uh-huh. You want prayer for your eyes. That's right. 'Cause you're wearing glasses; that's it and that eye's going bad. But do you... There's more than that you want prayer for. You've had an--you've had an operation. That's right. And they removed a kidney. I see them take it from your back, your side. That's exactly right.

And you're praying for somebody else. And that is a relative by marriage, a sister-in-law. And she's not here. And she's shadowed for death with a cancer. And she lives in a big city. It's a place called Atlanta, Georgia. You're from Georgia, too, but not from Atlanta, just outside of Atlanta. Do you believe? Your name is Mary. Your last name's Louey. Go on your road. Believe what you've heard. Believe it comes from God, and

you can have what you ask for, in Christ' Name. Go rejoicing...?... God bless you, sister. [Someone says, "That's the third one. You want to start a fast line?--Ed.]

Let's see if I could, just a minute. How you do. (Can't do it. Just--just let her go.) There it is already moving. See? Just stand there a minute. Oh, the woman is powerfully in trouble. That's it. See? The woman's suffering with an extreme nervousness, and she's lost one of her senses. I see you trying to... It's smelling. You've lost your sense of smelling. That's what you wanted prayed for. I know that. You're going to receive it, so don't worry. You can smell now. You can smell right now. See? Her hand go up... I seen that Light...?... That's right. And you want prayer for that son too, don't you? It's mental trouble. And he's unsaved, and you want prayer for him. You're going to receive it. Go on your road rejoicing and thank God for His goodness. All right.

L-67 Come, sir. (It's all right. Just have to let it go. Too weak to bring myself back again.) How do you do, sir. I am a stranger to you. Do you believe God? You believe that God that we stand before will judge us in someday if we're not under the Blood of His Son, Jesus. You're suffering with an extreme nervous condition. You're very nervous. It's a mental nervous. You're weary, cross bridges before you get to it, always counting something that never happens. Stop doing it. Nothing going to bother you.

Another thing, you got trouble with your head. Your ears...?... also you have trouble. You got trouble in your chest. You got sinus trouble. That's the truth. You got a habit you want to quit; that's smoking cigarettes, yet you profess Christianity. I don't unchristianize you about it, truly, but that's what's causing a lot of your trouble. That's the blackness that hangs over you. Will you forsake the things? IF you believe that God sent me? God will let me tear up the thing from you right now.

You got a wife who you're praying for too. You believe God

foot, the left foot. That's right. You're--you're faith touched something.

What about you, over in this section? Do you believe? Have faith then; don't doubt.

L-73 Here's a lady set here with the black hat on, with glasses on. You got a prayer card, lady? Right behind that little boy there, at the end of the row. You! You have a prayer card? You don't have a prayer card? Do you believe me to be God's prophet? If God will reveal to me what your trouble is, will you accept it then? You have heart trouble. That's your husband setting next to you, and he's got gland trouble. Now, go and believe.

Who believes Him? What about this colored man setting here? Do you believe, sir? You believe me to be His servant? You're wanting prayer aren't you? If God will reveal to me, from me to you, do you believe He--that you could accept it? You got sinus trouble. And you got a rupture. That's right. How about any of you in there, do you believe?

L-74 There's another colored woman right behind this lady back here. You got your hand up, sister. You want something from the Lord? You believe me to be His servant? It's a voice trouble you're suffering with. That's right. You believe He healed you?

Right out from you, there, looking around the side, right out from you there, at the end of the row, about 1, 2, 3, 4, 5 people back there. You got thyroid trouble. You believe that God will make you well?

What about right back here, the man on the end of the seat, right back there in a row here? You got ulcerated colitis. That's right, sir. You believe God heals you? Then stand up and accept it in the Name of the Lord Jesus. God bless you. I've never seen you; you're a stranger to me. But God knows you. You believe it, every one of you?

L-75 Do you believe that same Angel of God that come to

especially late in the afternoon. Even Satan's told you you was going to lose your mind. That's right. But it's a lie. You're going to be well. It's nothing but just the time of life that you're coming into; it's menopause. Every woman has to come to that, but you're going to be all right, now. You believe my word? Then go thank God, and sing songs, and rejoice and be made well.

L-70 All right, lady. I'm a stranger to you too. The funny thing, when I said that to her, it left you the same time, 'cause that's exactly what your trouble was, nervousness. Now, you go on your road and believe with all your heart and you'll get well. Amen. Go and believe with all your heart.

I know you, lady. I know your face, but I don't... Do you believe God will heal you? I know who you are now; you're a lady, comes here at the Tabernacle. You believe God will heal you? Let me just pray for you. Lord God, Creator of heavens and earth, make the woman well, I pray, in Jesus' Name. Amen. Don't doubt. I can't think the woman's name, but I know who she...

L-71 How about you people out here in the audience? Are you believing? Now, set real quiet. Be real reverent.

In this direction here, somebody, I challenge your faith, in the Name of Jesus Christ, to believe this. A colored lady has her hands up there. Do you believe, lady, me, to be God's servant? If God will reveal to me what your trouble, will you accept it? You want prayer for yourself and that little girl, for your eyes, setting there. That's right. Put your hand over on the child, and believe with all your heart. And Lord God, I pray that they will receive it, in Jesus' Name. Amen.

L-72 You believe? There is the Angel of the Lord stand by this black-headed fellow. I--I believe he comes to church here, though, I'm not sure. Sir, if I know you, I don't know what's wrong with you, unless God would reveal it. But it... some in His mercy is standing here... And you got a--an ulcer on the

can tell me what's wrong with your wife? Will you accept it? She's got a lady's trouble, female trouble. And she's also got heart trouble. That's THUS SAITH THE LORD. Now, you're healed there, sister, and you're healed too. The thing's gone from you. Go in the Name of the Lord Jesus. Have faith. Don't doubt. Be quiet. Don't move around.

L-68 I suppose we're strangers to one another. It's our first time meeting.

Now, please, please, friends, be reverent just a little longer. I thought I could start the fast line too, 'cause the anointing's already struck the building and people are praying. I just stand as long as I can.

How many has went through the line? Unless there's quite a bunch. Do you believe that the Lord Jesus is present, sir? We're going to stand in His Divine Presence someday, to give account of our lives. If the Lord God will reveal to me what your trouble is, you be the judge. If I told you you were sick and you're going to be well, you'd have a right to doubt that, 'cause that's something to be in the future. But if I told you something that was in the past, you'd know whether that was true or not. You're all tore up. You're nervous, upset. You got trouble in your chest. And you got an inward condition, internal condition that you don't know what it is. What difference does it make, what it is, as long as you're now in the Presence of God Who heals it? You believe it? You're not from the city here. You've come from somewhere else. That's Georgia. Alma, Georgia. It's exactly right. You're Mr. Levy. Go back down there and be healed. Jesus Christ makes you well. Amen.

Have faith in God. Don't doubt. You believe in Jesus Christ, God's Son? Now, be reverent.

L-69 How do you do, sir. Suppose our first time meeting, sir? In the Presence of His blessed Being, if I could help you, sir, I would do it. God knows my heart, I would do it. But we're both going to stand in His Presence someday to give an

account of our lives and what we've done here on earth. If the Lord God should reveal what's on your heart that you want from Him... You're here for some purpose; I don't know. Would you accept It as coming from Him? You would. You're suffering in your stomach. You got stomach trouble. And you got gall stones, gall condition that's going into your stomach, which is upsetting it, throwing into spasm; sour belches and so forth, bitter, comes up from it; cramps on the right side. I see you somewhere by a pul... You're a preacher, a Baptist preacher, at that. You believe you're healed? Go on, preach the Gospel, brother. God bless you. Have faith.

L-70 Don't move. Please don't. Maybe the people are getting tired.

You can't get over the back trouble, you would? Go off the platform, rejoicing, saying, "Thank you, Lord."

Come near me Please set still just a few minutes longer. You're young to have that. That's a female trouble, but you have it just the same. You believe the Lord our God will heal you? Go then and believe it. You do? I just want to touch your hand as you go by.

God can cure diabetes. It don't mean anything to Him. He can make you well. Do you believe that with all your heart? You believe He will make you well and heal you too? All right. Then, go off the platform, say, "Thank you, Lord." Believe it with all your heart; you shall have what you've ask for, sir.

God bless you, mother. Be...?... one time. But Christ lives in the heart. You believe He will heal your heart and make you well of that heart trouble? Go, believing it then and don't doubt. You can have what you ask for, if you'll just believe it and don't doubt with all your heart. [\[Mark 12:24\]](#)

L-71 You believe, lady. You're young for this, but you got arthritis. You believe that God will heal you? Go on your road and rejoice and say, "Thank You, Lord Jesus."

What give you your stomach trouble is a nervous condition. But you have a stomach trouble that you want me to pray for.

praise Him, and you'll get rid of it. Just go believing it with all your heart. "If thou canst believe" the Bible said. Be reverent. Believe what God is doing to be the truth.

I know you. I'm just going to pray for you; I know your trouble. Lord, God, be merciful to the woman and grant this request for I ask it in Jesus' Name. Amen. I don't remember... Is your name Baker? That's right, I--I remember now. God bless you, go right ahead now, and believe Him with all your heart. All right.

L-67 I don't know you, lady. We're strangers. That's right. You want to eat your supper, get rid of that stomach trouble, that ulcer you had all these time? Go, eat then. And Jesus Christ make you well.

I do know you. And I know what your trouble is. You don't know--you don't know that I know it, but I--I do know it. So being that you're--come here at the Tabernacle, I won't say it, but the arthritis and--will leave you, if you'll just believe it. You go ahead. God bless you. Let's say, "Thanks be to God."

L-68 You're nervous too. Got a stomach trouble bothering you. You believe that the Lord Jesus will make you well. Then go, and God's peace rest upon you. Just want to lay hands on you, and to believe with all of our heart that God will do it.

I'm a stranger to you, I suppose, lady. You know me? You come here at the church? You do? I've never seen you. 'Course, so many people comes in. All right, you go believing and that female trouble will leave you, the lady's trouble you have. You believe? All right, then go, and God will be with you and help you, I'm sure.

L-69 Do you believe, sir? Do you believe the Lord will take that stiffness away from you and make you well, that arthritis? Go right on back through there, thanking Him and praising Him for it and you'll get all right.

You're bothered with nervous trouble aren't you, lady? That's a mental nervousness. You get real weak, suffer with spells,

your heart? All right, then, look and live.

L-64 If the Lord our God, will reveal to this woman, who's a total stranger to me, and there's our hand's up that we've never met before, knowingly, and if the Lord our God will reveal to this woman and do the same thing that He did like the woman at the--Samaritan woman, will you all believe with all your heart then, that'll settle it forever with you? [[John 4:1-21](#)]

See, I've got a meeting coming up. I got to leave tomorrow. And I got to go to Virginia and a great meeting coming. I don't want to get too weak standing here. All right, I shall take time just a moment with the woman. You believe? Ever who the woman is, she's got a horrible looking darkness following her. Oh, it's--it's sorrow. You've just had some trouble. You lost a child, a baby. That's right. And another thing, you're bothered with a female trouble, a lady's trouble, and a back trouble. And you also have some kind of a something that happens to you like fainting... Oh, epilepsy. That's right. You're not from this city either. You crossed the river to get here. You're from Louisville. You live at a number called seventeen fifty-four West Oak Street. Your name is Margaret Quinn. All right.

L-65 Lord God, Creator of heaven's and earth, give to this woman that what she desires, for I ask this enemy to leave her in Jesus' Name. Amen. God bless you, lady. Don't doubt no more. Go and receive, now, what you've ask for. You believe with all your heart?

How do you do, sir. This is our first time meeting, I suppose. Do you believe the Lord our God is here to perform and give to you the things you desire? I admire your courage. And you're here for a legitimate thing: you want to get rid of drinking and smoking. Well, it's gone from you now. Go, and God's peace be with you and make you healthy. God be with you. "If thou canst believe, all things are possible."

L-66 You want to get rid of that back trouble? Go down there,

Go believing now, and then eat and enjoying yourself like you used to. Just believe with all your heart as you go.

What if I didn't say a thing? Would you believe me anyhow, as God's servant? Then raise your hands in praise, and walk off the platform, saying, "Thank You, Lord Jesus."

If I don't tell you nothing, would you believe anyhow? Then your heart trouble's left you. Go on, believe with all your heart. Have--have faith in God.

Strange you've had a...?... a little stomach trouble. Do you believe God's going to make you so you can eat? All right. Go on your road and rejoice, and say, "Thank You, Lord Jesus."

You're nervous too, with stomach trouble also, and lady's trouble which is normal for your--a woman your age. You believe God healed you? Go on your road, rejoicing then.

L-72 Young lady, you think Christ heals that back trouble for you? Go on your road, rejoice, and say, "Thank You, Lord Jesus," and you can be well.

Anyone can see he's got a trumpet in his ear. Let's get rid of that. Just a minute, bow your heads everybody. You believe? Lord God, in Jesus' Name, remove this power of the enemy, as I take this from his ear. Give him perfect deliverance and make him well. Let these ears come open for the glory of God. Amen.

How long they been that way, sir? About ten year. Ten years in that ear? Well, you're just hearing me whisper and talk now. You're healed, and all the asthmatic trouble and things you have, the trouble, has all left you now. Go, rejoicing and thank God and be well. Say, "Thank You, Lord." God bless you...?... overnight, miss, see how much different you feel. All right. Your back trouble's over...?... Jesus' Name. Amen. Just go rejoicing, praising the Lord.

A shadow of darkness follows the woman--cancer. Well, do you believe that God healed you, sister? Go on your road, the darkness has left you. Be well in the Name of the Lord Jesus.

L-73 Come now. You think that lady's trouble leaves? Female

trouble. Just keep on walking now, and be made well, in the Name of the Lord Jesus. Are you believing? How much more? You believe that you're healed, lady? Just start rejoicing. Go on off the platform, saying, "Thank You, Lord. Thank You, Lord."

Do you believe that you're healed? Just start rejoicing, but... All right, sir, believe it with all your heart and you shall have it.

Come now. You believe, sir? The old heart's going to beat good from now on. Just keep on moving now. God bless you. Say, "Praise the Lord."

Same is for that too. Go on your road, rejoicing; it leaves you. That was just a nervous condition, anyhow, it was. See?

Let's say, "Thank the Lord" everybody. Do you believe with it all your heart? You believe God's going to make him well? If I pray for you, you think you'd get all right? Come here, young man. Thank you.

Lord God, Creator of heavens and earth, cursed be the disease on this boy and this affliction. May he get well. I ask it as Jesus said, "Say to this mountain, 'Be moved.' Don't doubt in your heart, but believe that what you said was coming to pass. You can have what you say." This I ask in Jesus' Name. Amen. All right, son. Don't you doubt: you're coming out of this now, and be well. You believe with all your heart. Amen. Do you believe it with all your heart? [\[Mark 11:23\]](#)

L-74 If you're disturbing... Someone's doing and moving around like that, please be quiet just a moment. Here, let's turn to the audience, just a minute. How many in here without a prayer cards? Let's see your hands. Let's come from right to left across here now.

Lady, setting out there on the end of the row, with the stomach trouble, you believe God makes you well? If you can believe it with all your heart, you can have what you ask for, if you can believe.

Down here, not upstairs, down here on the floor, accept it

But here's a perfect picture. Two people that's never met before and our first time, two different races. Now, I perceive that you are a believer. You're a Christian, because your spirit is welcome and that great Angel of God would not welcome nothing that was wrong. Certainly not. You see that picture up there, that Angel a--on that picture there, that Light up above where I'm standing? That's what's making you feel the way you're feeling now, just coming all down over you. (Just a moment, Sister Gertie. It seems to be something. I can't catch the lady just right.) [\[John 4:1-30\]](#)

L-62 Yes, the woman is suffering with a nervous condition. She gets nervous; she drops things. That's right. And then you got a spiritual problem, that you're trying to solve out, because you've been praying over for some time. That is true. You got arthritis. I see you trying to get from your bed, slow, especially of a morning. You got something wrong in your spine, too, a spinal trouble. That's **THUS SAITH THE LORD**. You believe me to be God's prophet? You believe the same God that knowed Simon, would know you? If God will reveal that, will it make you a strong believer, that you get what you get? They call you Nanny, and your last name's Johnson, and you live in New Albany. Return home and be well, in the Name of the Lord Jesus.

L-63 Just believe. Are we strangers to each other, lady? We are. Just so--just so the people will see, would you just raise your hand and say we're strangers just...? Now, the Lord God knows us both. And if He will grant this request, you will be happy for it?

Now, some of you has begin to believe. Now, it keep being a white man up here before this woman here. It's a man setting right there. You've got... That's all right, just stay where you're at. You got kidney trouble. You got back trouble. And you got stomach trouble. That's right. Now, go believing, and it won't bother you any more. You just believe. I challenge your faith to believe it. How many does believe it with all

standing. That's the main thing the man's here for; it's for his wife. And she is not here with him. And she's got a female trouble, a lady's trouble, and she's got trouble with her back. That's the truth. You're not from this city. You're from another city that's called Marysville. That's correct. Now, go home and find it the way you've believed it. It'll be that way, in the Name of the Lord. God bless you. That handkerchief, you won't need it to go on her. You had it in your pocket for her, but you won't need it.

L-60 I do know you. I don't know your name, but you're a woman that was standing there at the back door one day, that the Angel of the Lord come to me when you're--first times here at the Tabernacle and revealed something was a perfect secret, and you were healed with a cancer. That's right. But I have no idea what's the matter with you now. I don't know. You know that. I have no idea what's wrong with you. But the Lord will reveal it, you will accept it? I... You're not here for yourself. You're here for a--a child. And that child is afflicted. And the affliction is in the spine, like can't stand up or something like that. And I see the parents of that child with a rosary. They're Catholic and a older couple. It's her grandparents are Catholic too, and you're standing for the child. Take your handkerchief and put it on it. Don't doubt. You can have what you ask for. Now, believe with all your heart. You a believing?

L-61 I suppose this lady is a stranger to me. We're strangers to each other, but the Lord Jesus knows both of us. Now, here's a perfect picture. Here's a picture of Saint John 4: a colored woman, a white man. In that day it was a Samaritan and a Jew, two races of people. Jesus let her know quickly that there was no difference; we're all God's creatures. The country we live in, changing our color, has nothing to do. God wanted His people that way. He made man white, black, brown, yellow, red. He made them that way. That's His business, and He loves us all.

and believe it with all your heart. Yes, ma'am. It's all over now. Have faith in God. I challenge you to believe the Son of God.

What about this row? Somebody in this row wants to believe, raise your hands, somebody that wants to believe? Here's the closest lady to me. I can't say He will, but if He will, will you believe me, lady, right there? Then your back trouble will leave you, and you'll get well. Do you believe He will make you well? All right, you can have what you ask for. [\[Mark 11:23\]](#)

L-75 What about this row? Are you believing? What about you, the elderly lady setting here with the... You believe that God will heal you of that arthritis, make you well? Raise up your hand if you believe it. All right, you can have what you ask for.

What about over in this row here? Anybody believing and wants to be healed? What of that little girl with her hand up, down there? Do you believe, sweetheart? You do? There's two little girls setting there, and both of them has diabetes. That's right. Raise up your hand right there and show that's right. All right. Go home and be well honey, Jesus, Christ heals you. Amen.

Somebody else, somebody in the balcony, somewhere... What about you with your hand up, down there, lady? You believe that God will make you get over that nervous trouble? You got an unsaved son you're praying for too, haven't you? All right. It's over now. Jesus Christ heal you of every...?...

L-76 Are you believing? Are you every one believing? He's here. Why do we sit numb? Let's believe God. Do you believe Him with all your heart? Then let's stand to our feet just a minute, everybody. Raise your hands up to God. Promise God, "Lord God, I now believe." (I just can't go any farther. My feet's giving out from under me.) I--I--I know that the Son of God is here. Don't doubt any longer, friends. Raise your hands, and praise Him, and give Him thanks. You are everyone healed. I pronounce it in the Name of Jesus Christ;

by His stripes you're healed. Raise your hands now and give Him praise. All down this little line here, give Him praise. And God bless you.

Lord God, Creator of heavens and earth, here's my prayer, Lord, the final prayer for these people. I condemn every disease that's in the building. I condemn every affliction in the building. And Satan, you're exposed. The Son of God has raised from the dead to confirm His Word, and you have lost the battle. I charge thee, Satan, in the Name of Jesus Christ, come out of this people and turn them loose, so that they can be in the Kingdom of God henceforth. [\[Isaiah 53:5\]](#)

**58-0309E - Branham Tabernacle, Jeffersonville, IN
(Paragraphs: 55 - 76)**

L-56 [Blank.spot.on.tape--Ed.] We are strangers. This is our first time of meeting then in life, I suppose. Then the Lord God knows both of us. He knows all about you, and He knows all about me. But if He in His kindness would be able... If I'd say to you, "Oh, sir, you're sick. And I'm--you're going to get well." You'd have a right to doubt that. That audience would have a right to be stumped on that. Certainly, you've only got my word. But if the Holy Spirit will come and tell him something that he has done, something that I know nothing about that has been, he will know whether that's the truth or not. Then if He knows what was, surely if that's right, He can tell you what will be, and it'll be right.

You should believe that, Miss Cox, shouldn't you. Mrs. Cox, setting there, I just happened to notice her, from Kentucky, over here. That's Mrs. Wood here somewhere in the church, her mother. Cancer done eat her face off in here. And I was coming down from up in the north woods; my wife called me, said, "I never seen anybody so tore up in my life as--as Mrs. Wood. And Mrs. and Mr. Woods are my bosom friends. And I went over to the lady, come back out with THUS SAITH THE LORD; the cancer died. There's the woman setting there, and

you can hardly tell what... Would you just raise up, Mrs. Cox, so the people could see. The whole side of her nose and all, eat down with a cancer plumb down into her eye. Turn around so the audience can see you back there. Cancer... He's always right. He's never wrong.

L-57 Now, if the Lord our God will reveal to this brother, let him be the judge. If the Lord our God will reveal to him what he's here for, or something like He did the woman at--or like he would say--like He did to Philip when Nathanael found him, or Nathan--or Philip found Nathanael, and will reveal it, would you all believe? All you people believe that... If the man knows I don't know nothing about him... And I've got my hands up; I don't know nothing about him. He put his hands up that I didn't know him or he don't know me. Then if the Lord will reveal it, you all will accept it, will you? How many, raise up your hand, so I can just see. Now, the Lord bless you. [\[John 1:43-51\]](#)

L-58 Now, sir, I'm just standing here waiting to see what He will tell me. So you'd be the judge. And if anyone can look, the man's got his eyes closed, so you see it couldn't be a telepathy. Just remain with your eyes closed. If our Lord Jesus, if He will reveal it, we'll be grateful to Him.

But the man who stands before me, what he's here for it's a spiritual affair that He wants prayer for. That is true. If that is right, raise your hand, so the people can see. Now, do you believe? Never seen him in my life, but here it was. Something bothering his mind. Now, more I would talk to him, more would be said. Now, be reverent. What did the Angel do? He had His back turned. And He said, "Why did Sarah laugh?"

She said, "I never laughed."

Said, "Oh, yes, you did." 'Cause she was scared. [\[Genesis 18:1-15\]](#)

L-59 Now, if the audience can still hear my voice over the speakers, the man seems to be going from me. I see a woman
