## **59-0209 - San Jose Park, San Juan, PR (Paragraphs: 30 - 34)**

**L-31** I want to speak to the woman... [Blank.spot.on.tape--Ed.] Usually in my meeting, the managers do the speaking. I come straight from room right into the prayer line. When I speak this way, it's under a different anointing, the same Spirit, but you see, when you're preaching, you are receiving in by the Holy Spirit. But when you're this, it's giving out, takes some of the life from you. If it took one vision made Jesus weak, what would it do to me a sinner saved by grace.

A lady, if she can hear me, do you believe me to be His prophet, or His servant? If God knows your heart, which He does, and you're aware that something's going on... Between me and the woman is a Light. To me, It's the same Holy Ghost that led the children of Israel through the wilderness. It's the same One that, after His resurrection, sent the Light that struck Paul down on his road to Damascus. It's the same Jesus that stood by the woman at the well.

**L-32** If He will tell me what's in your heart, what you're here for, something that you know that I know nothing about, will you believe that It's the Son of God? Something's got to happen. The woman is suffering with a nervousness. That's right. She's got also diabetes. That's **THUS SAITH THE LORD**. Now, that the audience might know, wave your hand if that's true. Do you believe that the God that knows that Simon's name would know your name, could tell me who you are, would you believe that? Then, Mary, you go home.

Now, you in the audience, now believe. Now, the Anointing is on the audience. The man standing right here, with that back trouble. All right, do you believe? If you believe it, you can have it...?... little fellow, just wave your hand. You were praying...?... about. You were saying, "God, let him call me." You're short in statute like Zacchaeus was, but He knew you were there. You're healed.

**L-33** Just behind him, The Glory of God's come down...?... stand there with a tubercular. If they believe, you may be well. Jesus Christ makes you well.

I want to ask... I want to ask this audience, what did they touch? They touched the High Priest. He's the same today. Amen.

This lady. I do not know her, but God does know her. If that's right, raise your hand. If God will reveal to me the secret of your heart of what you're wanting, of something which you that know I know nothing of, will you believe on the Son of God? The lady is suffering with a nervous condition. The way it effects her, is she can't sleep (That's right.), restless. Do you think I guessed that? Now, stop thinking that. Watch. Here.

The woman has someone else on her heart that she's praying for. If God will reveal that to me, will you believe me to be His prophet? It's your brother. Your brother... You believe He can tell me what his trouble is? Diabet--diabetes. That's right. He's not here. He lives on another island: Dominion of Republic. Be real reverent.

**L-34** The lady setting right down here, praying, has got asthmatic conditions. If you believe... I tell you what, the lady I'm talking to you, she's a Catholic. She offers her prayers by beads. Stand to your feet. Do you accept Jesus? Raise your hands. Your sins are forgiven. Go on your road in peace. Hallelujah! You are healed.

Be reverent. Setting close to her, I see her still hanging there. It's a woman. She has arthritis. It's a... Her name is Maria. Believe and you shall be healed. Amen.

The lady here, a stranger to me. That is right. I do not know you. If God will reveal to me what's your trouble...

**59-0211 - San Jose Park, San Juan, PR (Paragraphs: 29 - 36)**

**L-30** Now, if He's the same High Priest, He will act in the same way if you can touch Him. Now, how many people here won't be in the prayer line tomorrow night, who hasn't got no prayer card, but you believe that you have faith to touch Him in glory, raise your hand. All right.

Now, if thou canst believe... Now, this is the showdown. This is when God's Word has to be true or be wrong. I'm either a true witness of God, or a false witness of God. God will testify, then let Him be the Judge. [\[Hebrews 4:15-16\]](#)

**L-31** I know none of you. Now, be real reverent, believe on God. Don't move. But just be reverent for a few minutes, and pray. (Now, be ready for my introductory.) I'm sure you understand the position I'm in. But I believe God. He sent me to do this, that you might know that the Christian religion is the only true religion...?...

I see a lady (if you wish to raise your head), praying out here on the corner, with a little girl. If you believe that that little girl will be healed... The little girl has a trouble with her speech. Raise your heads if you want...?... her speech. That's right. Also, she's been to a doctor. And the doctor said she--she's going to operate on the tonsils. And you got her here believing that Jesus will heal her. So you might know that I be God's servant, that's the grandmother of the baby setting next to you, the mother out on the end. That is true. And you might know that I be God's servant, the grandmother is praying for her stomach trouble. That's right. Do you believe with all your heart what I said is the truth, that I'm a stranger to you. All right. You can go home. Don't doubt, and you'll be all right. If thou canst believe.

**L-32** Here sets a man, setting right here in front of me, and He's praying. He has a stomach trouble. His wife is next to him; she has female troubles...?... If you believe with all your heart. You do? Then you can be healed. Raise up your hand...?... All right. Stand on your feet and be made well. Amen. Jesus Christ makes you well.

Setting right back here, looking this way, a man, suffering with stomach trouble. If you believe, sir, second person set in the end, you may be healed. Jesus Christ make you well. All right. Believe...?...

Someone praying. It's a man. He's got trouble with nerves. He can't sleep. He gets up. He's afraid he's got cancer. You forget about it. You'll sleep tonight. Jesus Christ makes you well.

**L-33** Will you do me a favor, seeing that God has healed you, the lady setting next to you...?... lines over. Stand up, lady. You suffered with a oppression... regular mental depression. That's right. Mister, lay your hands on each other. In the Name of Jesus Christ, I condemn that spirit. Satan, you are exposed. Come out of the woman in the Name of Jesus Christ. Amen. Now, you may go, be well. That evil spirit is on the woman. There it is again...?...

There's a woman just behind her, praying. There she's got her boy setting by her, her son that's--that's also got mental trouble. And the mother's praying for the son. Stand up. Put your hand on your boy. In the Name of Jesus Christ, may it leave him. Hallelujah!...?...

**L-34** Here's a lady, right here in front of you. She's suffering with back trouble, complications. She in bad shape. I don't think she gets me. Hear me, Juanta Ortiz--Ortiz. Stand to your feet. Jesus Christ makes you well...?...

If thou canst believe. There she is; see her standing on her feet. She's well. What are they touching? Not me. They're touching the High Priest, Jesus Christ in the Holy Ghost, the same One that led Simeon.

A lady, setting on the end back here, asthmatic. Stand on your feet. That's good faith. But there's one thing you need worse, that's Jesus Christ as your Saviour. Will you accept Him as your Saviour? That's good faith for a sinner. Raise up your hands and be saved, sins are forgiven you. Go in peace.

Hallelujah!

**L-35** Right behind the woman, there's a man praying. He's got nervous trouble. His wife's looking over next. She has diabetes. That's right. Stand up on your feet. Jesus Christ makes you well.

There's a lady just like the woman. Stand on your feet. I'm a stranger to you. I don't know you. Jesus Christ knows you. If God will tell me what's your trouble, will you believe me to be His prophet? Raise your hands up. You have lady's trouble. You been to a doctor; he wants to operate on you. That's right. Do you believe me? I will tell you what church you belong to. You're a Baptist. Raise your hands up.

**L-36** There's a man setting next to her. He's suffering from prostate trouble, gets up at night. Do you believe. [Blank.spot.on.tape--Ed.]...?... That's right. Stand on your feet. Believe with all your heart. Go home and be well.

Setting right down the line. There's two setting there with dark shadows over them, it's epilepsy. You believe. And do you believe, and accept your healing, accept Jesus Christ will make you well. Hallelujah.

### **59-0301m - Branham Tabernacle, Jeffersonville, IN (Paragraphs: 86 - 106)**

**L-87** I guess there's sick people here. Did he give out any cards? I forgot. Did they give out cards? Is any cards give out? Anybody got prayer cards? No.

All right, I'm just waiting for the Holy Spirit. If you just only believe, just have faith, don't doubt. If God will reveal to me your troubles... Whatever it is, I don't know; if you raise your hand, you don't know me and I don't know you. Then if God will reveal here, would you believe it was the same Angel that brought the message just before the destruction back there, it would be the same Angel that was bringing it right now before another destruction. Would you believe that? If you would, raise up your hand. All right. All right, may the Lord grant it.

**L-88** He's setting close to me. There's another one setting close to me is Mrs. Snyder here, or this Mrs. Murphy here, what her name is, setting right here. I know them.

I don't know this man; he's a stranger to me. But God knows him. If God will reveal it now, how many know that it's...

Now, you, don't look at me. My, I'm a Kentucky hillbilly, as far as that concerned. I--I don't even have enough education hardly to--to write my own name. But there's one thing I do know, I know Him. And that--that's--that's all I care to know. Now, don't--don't pay any attention to what my grammar.

**L-89** And you might think that my Sermon this morning was all out of line and everything; you line it up with the Bible one time and see if you ain't right on the zero target. See if your scope ain't in when you--when you put it on there. Don't line it with your own thoughts, but line it with what He said. "Strait is the gate, narrow is the way, and few there'll be that'll find it; 'cause broad is the way that leads to destructions, and wide is the gate, and many will go in thereat," millions times millions will go in there. One out of a million will probably be the way it comes. There you are. That's what He said. Now, He never give that number, but He said, "As it was in the days of Noah, eight souls. As it was in the days of Sodom, three." Out of the whole thing, three was saved by fire. So will it be. [\[Matthew 7:13-14\]](#), [\[Luke 17:26-30\]](#)

**L-90** Now, if anybody is real spiritual, I want you to look at this man setting here, he's watching me just as constant as he can. Raised up his hand; I don't know him, never seen him, and I don't know nothing about him. He's just setting there looking at me. But, see, he's makes a contact; he's praying. Now, that's right. Now, if the Lord will tell me... That man's setting that far from me, and this is our first meetings, and there he sets there. If the Lord will reveal to me what he's--what he's... I--I couldn't heal him. I don't... I couldn't do that, 'cause God's already done that. But it would increase your faith. Everybody sees now, He's right here, just the same Spirit. And remember, Jesus promised this before the end time. It's always been the last sign.

**L-91** The other day Leo and I was setting on the street, and some of us talking. And I keep feeling there's

a change coming, a change coming. When we spoke of it, it won't be a change in my ministry, 'cause it can't be no more, but it'll be a change in me. I've always been a weakling and just let people lead me and guide me, and send this way and that way. If I'd have done something the Lord told me to do a long time ago, I wouldn't be in the trouble I'm in today. I'm going out this next week to be alone with God. Yes, sir. I--I must hear from heaven. I don't want to be a weakling; I want to stand on my own convictions.

**L-92** The man, keeps coming right back to him, he's setting right back, 'cause that man is believing; he's actually believing. I watch the audience everywhere, and it falls right straight back to the man. He has need; he's burdened, but he's burdened for somebody else. That's right. You're praying for somebody else. You got somebody else on your heart. That's right, isn't it? It's a friend. If I tell you what's the matter with that friend, you believe me to be God's servant? It's alcoholic. That's right. If that's right, raise up your hand.

**L-93** Do you believe? Somebody over here raised up their hand, a woman back in here, someone. Yes. Yeah. You don't know me? I'm a stranger to you all? I don't know you, but God knows you. You believe that? If God will reveal to me what's on your heart, will you believe me to be His servant? Little lady, what you're troubled about is that baby there. That's right. And that baby has eczema on its face. The doctor can do nothing about it. You're a stranger here, you and your loved one setting there. You believe God can tell me who you are, where you come from? You believe it? Would you accept the healing of the baby if He would? All right, you can go back to Somerset, Kentucky, where you come from. And believe that he'll get well, and the eczema will leave the baby if you can believe it.

When I mentioned that word, somebody standing back there in the hall from Somerset, Kentucky, praying, with a heart trouble. You believe that God would make them well? If you believe it with all your heart, and believe that God would heal and make well...

**L-94** Here, here's, I believe that someone's hand come up right along in here, right along, a lady. Yeah, I seen your hand. Am I a stranger to you, lady? I don't know you. We've never met? You believe me to be His servant? You do? You got a burden on your heart or something. You believe if God can reveal it to me, you believe It's the same Spirit that was in Christ? Your husband setting there, he believe the same thing too? Would you believe the same thing? It's about your little girl setting next to you there. That's right. She has cancer. But do you believe that God will heal her? If you do, raise up your hand. All right. Lay your hand over on the child.

Lord Jesus, in the Presence of Your Spirit I condemn the devil that's killing the child. I place, by faith, the Blood of Jesus Christ between that killer and the child. Let it live. Amen.

**L-95** Have faith in God. Don't doubt. "If thou canst believe, all things are possible." If you can believe, all things are possible. Correctly. [\[Mark 11:22-24\]](#)

Somebody else back in there raised up their hand somewhere, you, a lady on--on the end. You believe me to be God's servant? I don't know you; you don't know me. You believe that God can reveal to me what's your trouble? Would you accept Jesus to be your Healer or Provider, whatever it is, whatever it. You believe it then? All right, then that nervous break that you've had, that's what you had. If that's right, stand up on your feet, if that's right, just so the people will see that it's the truth. All right, it'll leave you now. Can go home and be well. God bless you. You're from Kentucky too. Uh-huh, that's right.

**L-96** The lady setting next to you is from Kentucky also. She is also. I don't know you, do I? But I can tell you you got something wrong with you. If I can tell you what's wrong with you, you accept Christ as your Healer? It's in your hip. If that's right, raise up your hand, way up high so the people can see. All right, go home now; it'll leave you. Your faith makes you well. I challenge you to believe. I challenge your faith to believe.

Here sets a lady here, praying, got her handkerchief up to her face. I don't know you. God knows you.

You're from Joliet, Illinois, and you got a tumor. That's exactly right. You might wonder... (Yes, that's the--that's the woman Rosella brought. That's right. Wait, she told me about that, but she never knew I never knowed the woman. That's right. Just happens to be the woman's faith was great.) I'll tell you one thing you--you know that I don't know. You're praying for this child setting here on the end of the seat, that's sick. That's your child. That's right. Amen. You know I didn't know that.

**L-97** There It is, It's the Holy Spirit. Do you believe It? Do you accept It? Then if that's right, what I said about "strait is the gate, and narrow is the way" is right. Jesus Christ, God's Son, is right here now. The Spirit of the living God is right here. Do you believe it? Then, to let you know that I'm not nobody to heal, I'm not a healer, but the Spirit of God just chose me to manifest Himself. I don't have no education. I have no knowledge of anything. But it's His Spirit that does it (You see?), and He wants you to know that I've told you the Truth. [\[Matthew 7:13-13\]](#)

This is the Truth, that Jesus Christ makes every one of you well right now if you'll believe that. Now, just as... If it worked in Kingston, which the missionaries, or whoever it is back there seen It work in Kingston by the thousands being healed, why won't It work here in this America where we have the way it is now. Why can't we believe it? Because we can't cross that little raffle yonder. Do you believe it? Raise up your hands.

**L-98** Now, those same hands, lay on somebody next to you, let me pray for him from right here; don't you have no more doubt in your heart; this will end it.

Oh, my, Brother Neville, how I've wished, how I pray, how I... You might think I'm beside myself; I'm not. I know right where I am. If I could only get this little thing over to you... Do you realize that Jesus Christ, God's Son, here in the midst of the people this morning, right now, present right now, showing Himself? Well, you say, "Brother Branham, you said that."

How did I say it? I don't know you. There's another woman with TB. You're healed, sister. Bless you. I beg your pardon; you was praying for a woman with TB, 'cause it's a gray-headed woman. All right, believe it. All right. He's here. It's His Presence.

Now, here's what He said, "These signs shall follow them that believe. If they lay their hands on the sick, they shall recover." How can He lie? See, it ain't on Him; it ain't on me; now it's on you. Now, you believe. [\[Mark 16:17-18\]](#)

**L-99** I'm looking at a little woman setting back there just now; she's got a lot of faith. Her and her husband just newly come to the Lord. She set right in this meeting, had a rupture that the doctor's going to operate on her just before, and her baby was fixing to be born. And the doctor was going to operate afterwards, but the baby was born and they can't find no hernia no more. It's all gone. See? Why? She just set like... She never was up here at the platform like that. She just set back there and believed it. Is that right, Mrs. Green, I believe it is, back there? That's right. See her hand? The doctor can't even find the rupture; it's all gone. Why? She believed it, just stepped out and said, "It's right."

**L-100** Now, you do the same, and every affliction you've got will have to leave. God, Who can--Who can send Something into a human body to that phantom of that serpent bite that was in that man's foot, poisoning, to kill him, and can stop it and kill it right there, how much more can He kill the sicknesses in your body? Because that man was in distress and he had to have help. You've got to too. If you don't have it, you die.

Now, keep your hands on one another. Don't you pray for yourself, you pray for the person next to you. That's Christian-like.

**L-101** Learn this, learn this, that, as you do to others, you do to Christ. When you be good to somebody else, you're being good to Christ. If you mistreat somebody else, you're mistreating Christ. Oh, my.

Oh, if I could only get this to be go over, if I could just let the people see it, what I'm looking at, and what I'm feeling, and what I know that's going on. See? How Christ is pushing after that message this

morning to get right down into the hearts of the people and create something there; not an excitement, not an emotion (It comes with it.), but to create an undying faith there that won't say, give an inch to the enemy.

**L-102** Now, He'll hear my prayer; He'll hear yours. You pray for one another now, while I pray for all of you.

O Lord, this great crucial moment, we realize that this is going to mean the difference between death and life to many. And I tremble in Thy Presence, for I know, Lord God, that I must pray with all my heart. I realize that even though that there may not be a sick person in our midst in another five minutes, that every person here will recognize that You're here. Here they stand this morning, Lord. Let them people raise up their hands who knew that I know them not, and nothing about them, and... But Your Spirit knows them. You know the secret of their heart, how much more do You know their afflictions and their sufferings. Then, Lord, let it be today; let it be even now that Your Spirit will touch their sick bodies. Grant it, Lord. They're praying one for the other.

**L-103** And I pray, dear God, that the Holy Ghost will make it so real to them, that they'll never disbelieve it again. And there is another sickness, Lord, which is far greater than this physical sickness; is a spiritual sickness. May every heart be opened.

Lord, how can it be that You stood there by the side of Abraham and performed this same thing, told Sarah, which was behind You, the Scripture said, in the tent. She laughed, and You told her. And Abraham recognized that that was Elohim, the great God. In a few minutes You were disappeared out of his sight.

And, Lord, when Jesus stood and did the same thing, and said, "You called Abraham your father, and yet you say you know the Scriptures." Said, "You do error, not knowing the Scriptures neither the power of God." And they called Him "Beelzebub." [\[Genesis 18:1-15\]](#), [\[Matthew 22:29\]](#), [\[Mark 12:24, 27\]](#), [\[Matthew 12:22-28\]](#), [\[Mark 3:22\]](#), [\[Luke 11:14-20\]](#)

**L-104** But You promised that in the last days that You'd pour Your Spirit again. The prophet said, "In the evening time it shall be Light." And here we are. [\[Zechariah 14:7\]](#)

When this illegitimate world is tumbling under sin like a drunk man stagger home at night, soon she'll be blowed in the midst; there'll not even be volcanic dust, hardly, left of it. And we see the time ticking away.

O God, take every doubt away from us. Move us into that cycle just now. Come, Holy Spirit. Hold out Your great wings, brood over this little audience of people just now, and let Yourself saturate into their hearts, and let them know that You're in Divine Presence, that it's You; "I'm the Lord Who heals all thy diseases." And may Your Presence do something to their heart that'll cause them to go from here, this morning, believing with all that's in them. And may every sick and afflicted person be healed. [\[Psalms 103:1-3\]](#)

**L-105** For as Your servant, I stand and condemn every devil, condemn the sickness, condemn Satan. You have lost, and you're nothing but a bluff. And we call your hand on it this morning, in the Name of Jesus Christ. And as His servant, preaching His Word and telling the people the truth, that to get right and to line up with God's Word, I condemn you, Satan. In the Name of Jesus Christ, depart from every one of these people who's come from far and near to be healed. You get from this audience and from this people. I adjure thee by the living God. And the Bible said, "The effectual, fervent prayer of a righteous man shall avail much." And many righteous men have their hands laid on the sick, this morning here. Oh, Satan, you would like to get them to think it was me, then you'd take the glory from them. But it's their faith in God too; they believe God, and you'll have to move by their faith. So take your journey away from here, and go into outer darkness where you belong. I condemn you, in the Name of Jesus Christ, by the authority of God's Bible, my commission by an Angel. Now go, in the Name of Jesus Christ, and let them be free. Amen. [\[James 5:16\]](#)

**L-106** Do you believe, all your hearts, that you're healed? Raise your hand, say, "I now accept Jesus Christ as my Healer. All shadows has vanished from me. I now accept Him in the fulness of His power in the blessedness of His Presence. I accept Him."

*My faith looks up to Thee,  
Thou Lamb of Calvary,  
Saviour Divine;  
Now hear me while I pray,  
Take all my sins away,  
Nor let me ever stray  
From Thee aside.*

Now, let's raise our hands real sweetly to Him now.

*While life's dark maze I tread,  
And griefs around me spread,  
Be Thou my Guide, (O God.)  
Bid darkness turn to day,  
Wipe sorrow's fears away,  
Nor let me ever stray  
From Thee aside.*

[Brother Branham begins humming "My Faith Looks Up To Thee"--Ed.]

*... rich grace...*

### **59-0329e - Branham Tabernacle, Jeffersonville, IN (Paragraphs: 27 - 51)**

**L-28** If she's sick, I couldn't heal her, no more than I could heal you. But if--if Jesus is here, He couldn't heal her, because He's already done it when He died at Calvary. But He can do something to prove that He's still the same Jesus, and she'd believe it, she'd be healed. And the same time she'd be healed, you'd be healed too, if you'd believe it. Is that right? Now, may the Lord grant it; I'm waiting for the anointing of the Holy Spirit, of course.

And now, in the Name of Jesus Christ, I take every spirit in here under my control, for the glory of God.

**L-29** Now, lady, I just want you to look at me just a moment. I want you to believe with all your heart. And I have no more idea what you're here for, who you are, than nothing. But God knows all about you. But if God will tell me what you're here for, then you'll believe that Jesus Christ, God's Son, is here to do and act the way He did when He was here on earth? Will the audience believe with one accord?

**L-30** Now, here we are; the scene is set. We've both got our hands up; we're strangers to one another. The Holy Spirit wrote the Bible, said these things would happen in this day, that Jesus would raise from the dead and these things would go on, His ministry would continue, and in this last days it would be just exactly the way He promised it to be. Now, is it right?

The lady, as she's nervous, of course. She's rubbing her hands because she's feeling strange at this time. It's not because she is standing at me; I'm her brother, wouldn't make her feel that way. But she's--she's conscious that something's going on. And you see that picture there with that Light over it, sister? That's what makes you feel that way. That's that Angel of the Lord. It's right over you now. And you're here for me to pray for you, for a back trouble that you're suffering with. That's right. Raise up your hand.

**L-31** Now, do you believe? See, makes known the secret of the heart. Just like He said, "You have five husbands."

You say now... Now, the newcomers, you might say, "Brother Branham guessed that."

Let's see if It guessed. I believe It said you had back trouble. Was that right? That was the truth? And

you--you've had a operation too, and you've just come from the hospital. And that you might know that I be God's servant; your husband's setting back there. And he's got trouble too. If I can tell you what your husband's trouble is, will you believe? He's got trouble with his side and with his back. Is that right? Raise up your hand. I'll tell you something else. I see a young man. Your son's setting right back there too. Right. And your son has some sort of spells. That's right. Mrs. Stovall is your name. That's your name, Mrs. Stovall. Go home; Jesus Christ has answered your prayers. You can have what you asked for, in Jesus' Name.

**L-32** Now, just believe. All you people that's colored people, believe with all your heart now. Do you realize that Jesus Christ, God's Son's raised from the dead? That's His Spirit that makes you feel that way.

Now, here's a white woman. I don't know her, don't have no idea who she is, what she is, or--or what you're here for. If that's right, raise up your hand. Now, do you believe? If God will, can reveal her heart, just like He did the woman at the well, like He did the colored woman, how many of you white people would believe it if He did? Here, me and this woman, both with our hands up, this is our first meeting...

I say one thing; the lady's not from around here. You've come from the east, coming west when you come here. That's right. You come from Ohio, and the city was Dayton. That's right. And what you're here for, is because you have weakness. And you have a nervous condition, 'cause you can't sleep. You take some kind of a drug for that. They call you Dixie (That's right.) Mason. That's right. Go back; you're going to sleep now from tonight on. Jesus Christ makes you well. Go in the Name of the Lord.

**L-33** If thou canst believe... Now, you out there in the audience, while the anointing of the Holy Spirit is here, you believe, you without the prayer cards.

What about the old man that stood here awhile ago, that couldn't be--couldn't get in the line, he had the wrong number, where was he at? You, stand up on your feet. Do you believe Jesus Christ to be the Son of God? You believe me to be His prophet? All right. You got trouble with your lungs. That's right. It's left you now; go home and be well. Jesus Christ makes you well. Have faith and believe. God is God.

**L-34** How do you do, sir? Do you believe the Lord Jesus Christ? Now, there was a man came to Jesus one time, and he went and got saved, and went and told another friend, and brought him. And this friend... Told him that he was a believer. And he was astonished at his hearing, and he said, "When did You ever know me?"

He said, "Before Philip called you, when you were under the tree, I saw you." That was thirty miles around the mountain. On foot, it taken them a day to come back to the prayer line, and when he come in the prayer line. [\[John 1:35-51\]](#)

**L-35** Do you believe that Jesus can tell me what your trouble is? Would you believe with all your heart? Will the audience believe with all their heart? It's not himself he's here for. It's for somebody else; and that's a woman, and she's shadowed with death; that's your sister. It's not exactly your... It's your half sister. And she's not here. She's in a hospital in Tennessee. So are you from there. And you're... The woman's had an operation, but it didn't do any good. And you're standing in her stead. God grant your request. Go, and may God heal that woman and make her well, upon the basis of the faith of this man. Lord God, we condemn that devil that's taking the life of that woman. And may this person, who's a relative to him, live because he has come and stood in her stead. Jesus, You stood at Calvary in our stead, and You healed us. And we believe You. May it be so. Amen. Go, believing now, brother. Take no thought for nothing else.

**L-36** How do you do? We are strangers to one another. This is our first time meeting. (Now, just be just as reverent, and listen close, and pray.) If we don't know one another, and we are strangers to each other, maybe our first time we've ever met. Is that right? If this is the first time we've ever met, raise up

your hand. If God will reveal to me what your trouble is, then you'll believe me to be His servant? I'll tell you now. We've never met before, but you're a Kentuckian. That's right. You come from a place called Somerset, Kentucky. That's exactly right. I'm from Burkesville, Kentucky. And you're suffering with a trouble that's--it's in the--the stomach bowels, the lower part. It's tumors. That's right. All right, Jewel, you go back, God grant your healing to you.

Do you believe on the Son of God, the resurrected Jesus? If thou canst receive... You might wonder why the lady is rejoicing. You would too, if you'd been in a dying condition.

**L-37** I don't know you. But I'm not... If I'm not mistaken, I believe you were baptized this morning, because I see you've done something good. But to know you, I don't know you. You just walked into the pool, and that was the example. But do you believe Jesus can reveal to me your troubles? Does the audience believe that with all their heart? I see a woman appear between me and you. You're standing here for a woman, and the woman's much older than you. Why, it's your mother. She's not here. She's from Georgia. And she's real nervous. What it is is a change of life, menopause. And you're standing for your mother. That is true. Well, she's going to get over it and be well. You go believing now; it'll all be over. Tell her to have a good courage.

God bless you, young man. Have faith. Believe with all your heart. If thou canst believe... Pray.

**L-38** I suppose that you and I are strangers. God knows you and He knows me. But could God reveal to me your trouble? And if He would, would you believe Him?

How many people in here would believe and say, "God, I'll believe if You'll tell that man"?

Just a moment. The lady setting right behind these girls here, looking at me, she's suffering with varicose veins. And she's setting there praying for somebody else. And her spirit has touched the High Priest, and she's in contact with God. You're praying for a friend of yours that has mental trouble. And they're living in a--a city, a little city; it's Corydon, Indiana. That's right. If you can believe, you can have what you asked for. Amen.

**L-39** You've had a heart attack; close to the end of the road. Let me tell you one of your troubles though: smoking cigarettes. Wait a minute, that spirit jumped then. He don't want to do that. That's what's causing your trouble. Here, it's this young man setting right over here; he wants to get rid of cigarettes too. If he'll believe with all of his heart, cigarette habit will leave. If thou canst believe... You believe it? If you'll believe it, and act upon it, you can have your deliverance; so can you.

You're not from here. You're from away from here too. You go back to Owensboro now, praising the Lord. Have faith in God.

I know you, but I don't know what's wrong with you. If the Lord will reveal to me what your trouble is, will you believe Him? Then your stomach trouble will get all right. All right. Go home and rejoice, believe with all your heart.

I don't believe I know you. Are we strangers to one another? Do you believe that what I... If I'd tell you the truth, you'd know it was the truth or not. All right, your heart trouble will leave you. Go home; be well. [\[Mark 11:22\]](#)

**L-40** I don't know you. But God knows you. You believe if I'd tell you what your trouble was, and where it was at, you'd get well? In your back. Go home now; it's going to leave you and you're going to be well. You think God could heal that tumor and make it well without a operation? You do? Raise up your hands if you believe it. Go home and receive it, in the Name of the Lord Jesus. Believe.

Strange, when I said that, you had the same thing: tumor. You felt a funny feeling when I said that, 'cause both spirits jumped, the same time. Go, Jesus Christ make you well. Believe.

You're a young man to have arthritis, but do you believe Jesus will make you well? If you do, walk on out, believing, and be made whole.

**L-41** How many believes with all your heart? What if I didn't say a word to you, but told you God healed

you when you come around the corner there and you had that funny feeling, would you believe me? Go on home; you're well. Jesus Christ makes you well.

You're a young woman but suffering with nervousness. Do you believe that God will heal that nervousness and take it from you? You've been trying to find a place to start from. This is it right here. Go now, rejoicing, happy. It's over for you. Believe with all your heart.

You have a nervous condition which has caused a stomach trouble. You were healed when you raised up back there, sir. That's the reason I was waiting for you to come through. Go on, eat your supper, be well.

**L-42** A lady's trouble, nervous, upset. That's right. It's going to leave you now. Go home and be well, in the Name of the Lord Jesus. Just have faith.

You have a female disorder (That's right.) causes a drainage. It's a stopped up ovary. Believe, Jesus Christ will make you well. Go home and believe with all your heart.

Now, you have a serious condition; it's in your heart, blockage. You believe that Jesus Christ make you well? If you believe it, go in the Name of the Lord, and be well. Have faith in God.

All right, brother, you believe that Jesus Christ makes you well too? Just walk down the line, praising the Lord.

**L-43** How many out there now that believes on the Lord Jesus? He knows every...

Mrs. Nash, I know you, but I can't help that Light holding over you. I know you, but you're praying for somebody else. It's a little kid, little child, doesn't live here. It lives down in Tennessee. Also you're praying for your doctor friend that's got a heart trouble. And his wife has just had a slight stroke. That's right. Believe, and you can be well.

A little lady setting on the end of the seat there with her finger over her mouth, what do you think, young lady? You've had a nervous breakdown. You're scared of having another. That's right. If that's right, raise up your hand, as you wipe your tears from your eyes. Don't fear; you won't have it.

The lady sitting next to you there, you got asthma, bronchial troubles. Stop smoking, it'll leave you.

**L-44** Have faith in God. Believe with all your heart. If thou canst believe, all things are possible. [\[Matthew 19:26\]](#), [\[Mark 10:27\]](#), [\[Mark 11:22\]](#)

Here's a lady setting right behind this lady here; I'm sure you're... The lady, just a moment, her name is Mrs. Evans. She's from Kentucky, Louisville. That's right. I don't know you. You know that's true. You got heart trouble, got trouble with your ears. That's right. If that's right, raise up your hand. Go back to Louisville; Jesus Christ makes you well.

I challenge your faith, in the Name of Jesus Christ, to believe it. Anybody in here, believe with all your heart. Way back in the back, standing way back, you believe. You don't have to be no certain place. Over on this side, believe! How many back there needs healing? Raise your hands, and say, "I believe, Lord." Have faith.

**L-45** Setting right back in this direction here, I see a man that's praying sincerely. And the vision stands there. He's a preacher. He's standing by a pulpit, and he's preaching for an increase--praying for an increase in his ministry. I never seen him before in my life. But that's what you're praying for, brother. You shall have it now. Believe on the Lord Jesus.

There is a man setting back behind him there, that's got something wrong with his arm: knots on his arm. He's also... If you'll believe it, sir, you can have your healing. Amen.

Just out here at the end of this row here, second one in, a little lady with her head down, right back towards the back, setting there praying, got gallbladder trouble. That's it, lady, you put up your hand. And I know that you was the one was praying. You received your healing just then.

**L-46** How about it, do you believe Jesus raised from the dead? Is He here now? Do you believe Him? Then if you'll believe me, if I've told you the Bible truth, and God's turned around and vindicated I've

told you the truth, that means that perfectly, that the Lord Jesus is here. Is that right?

Then you do this; do this; don't doubt; you put your hands over on somebody setting next to you. I'll pray from right here, and the whole group of you'd be healed right now if you'll believe it. Will you believe it? Lay your hands over on one another then. All that believes you're going to be healed now, say, "Amen." Now, you... I'm going to say this prayer. You pray it; you pray it after me.

**L-47** O Lord, [Congregation says, "O Lord,"--Ed.] Creator of Heavens and earth ["Creator of Heavens and earth,"], Author of Everlasting Life ["Author of Everlasting Life,"], Giver of every good gift ["Giver of every good gift,"], I'm in need, Lord ["I'm in need, Lord,"], of Your healing power ["of Your healing power."]. And I pray ["And I pray"] that You'll give me faith ["that You'll give me faith"] to accept it ["to accept it."]. That's Your promise ["That's Your promise."]. I believe ["I believe"] that You're the same Jesus ["that You're the same Jesus"] that walked the shores of Galilee ["that walked the shores of Galilee,"], suffered under Pontius Pilate ["suffered under Pontius Pilate,"], died ["died,"], rose ["rose,"], ascended on high ["ascended on high,"], give gifts back to men ["give gifts back to men"], through the Holy Ghost ["through the Holy Ghost."]. I believe ["I believe"] the Holy Ghost is here ["the Holy Ghost is here"] carrying on ["carrying on"] the same work ["the same work"] that You did ["that You did"] when You were here ["when You were here."]. I embrace that promise. ["I embrace that promise."]. I accept my healing ["I accept my healing."]. I promise to live for You ["I promise to live for You"], and obey Your Commandment ["and obey Your Commandment,"], walk in the Light ["walk in the Light."]. And now I believe ["And now I believe,"], because I have made this confession ["because I have made this confession,"], that I am healed ["that I am healed"] by Your stripes ["by Your stripes."]. [\[Isaiah 53:5\]](#)

**L-48** Set real quiet. Now, just think, that's your confession; God's coming into you right now. Breathe in the Holy Spirit by faith. "I believe that my condition is being healed. I believe that all my sickness is taken away." You're right now in the Presence of God. Can't you feel that Spirit? Open your hearts, your--your faith. The Holy Spirit's healing the people right now; a little girl just setting here, another one to my right. The whole platform seems to be illuminated with the power of the risen Christ. He's over the audience. He's in the people. Now, that was your prayer.

Now, I'm going to pray and ask the devil of doubt to get away from you.

**L-49** O Lord God, Creator of heavens and earth, hear my prayer, Lord; quickly, while the Holy Ghost is here, before the people perish.

I condemn the devil. Jesus Christ took the victory away from you; He won it at Calvary; He triumphed over death, the devil, hell, and the grave, and rose again on the third day, and is alive forevermore. Come out of here, Satan; you are a defeated being. Leave this people, and let them be healed, in the Name of the Lord Jesus Christ.

**L-50** All that accept your healing, stand to your feet right now. In the Name of Jesus Christ, rise up. Amen. Raise your hands to Him and praise Him. Only people that I see that's not up, is a man setting here in a wheelchair, Gan Heelie. I know what his case is; he's a polio case.

Looked like a wheelchair back there. Let's see. There's a case, a lady with one limb. Is that right? Do you believe me to be God's prophet? I'm a stranger to you. I cannot heal you. But do you believe God can tell me what your trouble is? If it would do, would it help you? You're a diabetic. That's true. Now, believe it, and go home and be well, you in the wheelchair. That's all you have to do, is believe on the Lord Jesus Christ and be healed.

Raise your hands now, and--and say, "Thank You, Lord, for healing me. Thank You, Lord, for healing me. I praise You, Lord, for healing me. God is good. God is great. God is precious. God is real. God is here. The Holy Ghost is here. The power of God is here. And I now believe with all that's in me, that Jesus Christ, God's Son, makes me well. Amen."

**L-51** If there be any here who is condemned of sin, and knows that your sins are not under the Blood,

and right now in the Presence of God Who knows your thoughts, and the Holy Spirit's telling me this, would you like to accept Him as your personal Saviour, want to be remembered in prayer? Raise your hand, all that's in here. God bless you, and you, and you, and you, and you. That's right. Back there, you, and over here. Sure. Back here, God bless you, son. God bless you over there. God bless you. That's right.

See, the Holy Spirit's never wrong. When the Holy Spirit says... I was fixing to turn the service for Brother Neville, for the healing's over, but Something said, "They need healing of the soul." If you want to receive Jesus as your personal Saviour, bow your head just a moment. Let's offer prayer.
